Some Form Of Peace:

On Some Forms of Extemporaneous Conveyances for Sick and Wounded in Peace and War Joshua Henry PORTER, 1878 Some Kind of Peace Camilla Grebe, Åsa Träff, 2013-04-16 Tells the story of a young recently widowed psychologist who is afraid of the dark and whose past comes to haunt her as she tries to solve crimes beginning with the brutal murder of one of her patients *Politics of Civil Wars* Amalendu Misra, 2013-05-13 Civil war is one of the critical issues of our time Although intrastate in nature it has a disproportionate and overwhelming effect on the overall peace and stability of contemporary international society Organized around the themes of contested nationalism violence external intervention post conflict reconstruction reconciliation and governance Amalendu Misra investigates why civil wars have become so widespread and how can they be contained Particularly noteworthy is its focus on the cycle of conflict ranging as it does on the causes conduct and end of civil wars as well as on subsequent efforts to return post conflict society to normal politics Theoretically robust and empirically solid this book clearly charts the course of contemporary civil wars using case studies from a variety of zones of conflict including Africa Asia and Latin America to produce the most comprehensive guide to understanding civil wars in an interconnected and interdependent world International Relations, Meaning and Mimesis Necati Polat, 2012-05-31 International Relations Meaning and Mimesis is an innovative assessment of the uses of theory in making sense of international politics opening up new pathways to thinking about the basics of the study area Insights drawn from an interdisciplinary corpus of critical scholarship are synthesized and brought to bear on key concepts such as sovereignty the state peace law justice ethics and supranationality The mainstream characteristically dismisses the narrativity that accompanies these concepts as derivative tending to treat meaning attributable to them as static The work shows how problematic this disdain of mimesis exchange reproduction imitation is and how this mindset effectively incapacitates conventional theorizing in both predicting phenomena and providing a normative vision Integrating the study of international politics into debates in the wider academia over meaning and mimesis this ambitious work is fluent and accessible at the same time with exceptional lucidity in presenting difficult philosophical notions A series of radical positions advanced in the book on theory and methodology not only address and call to account the mainstream imagination on international politics but also outline the implications of this critique for a host of specific issue areas including peace research normative theories international law and European studies *The Jaffee Center Report on the Middle East Peace Process* United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1990 *Peace Processes* John D. Brewer, 2010-03-08 Peace processes are mostly very fragile This engagingly written book takes a bold new approach to the topic by beginning from the premise that sociology can identify those factors that help to stabilize them The book draws a distinction between the political and social dimensions of peace processes arguing that each is dependent on the other Consideration of the social peace process neglected in conventional treatments of the subject is made

central to this volume While complementing current approaches that emphasize institutional reform in politics law and economics it pays due attention to sociological factors such as gender civil society religion the deconstruction of violent masculinities restorative justice emotions hope forgiveness truth recovery social memory and public victimhood These important themes are fully illustrated with examples and in depth case studies from across the globe The book locates itself within the growing debate about the positive impact of global civil society on peace and identifies the new forms of peace work engendered by globalization It will be essential reading for students and scholars of peace studies in politics international relations and sociology departments

PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume V Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot, 2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security International Security Peace Development and Environment Security Threats Challenges Vulnerability and Risks Sustainable Food and Water Security World Economic Order This 11 volume set contains several chapters each of size 5000 30000 words with perspectives issues on Peace studies Public Policy and Global security These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

The Advocate of Peace, 1901

Facebook Friendship Groups as a Space for Peace: A Case Study of Relations between Libyan and American Citizens Lisa Gibson, 2025-01-07 Facebook Friendship Groups as a Space for Peace provides new ways of thinking about the concept of friendship in international relations by drawing upon Aristotle's ancient insights on sociability and reconceptualizing them for modern international relations This book explores how citizens can be engaged in public diplomacy through everyday interactions in Facebook friendship groups which allows them to promote understanding and reframe identity narratives This book provides rich in demand empirical insights from citizens in the global south about the ways that social media friendship groups can be used to facilitate positive relations between citizens from countries that have a history of conflict It also provides important insights for state leaders on the kinds of citizen initiatives that are seen as most useful in promoting positive images among foreign peoples However it challenges much of the notion that citizen initiatives will improve foreign public views of a state's foreign policy especially when those foreign policy priorities negatively affect citizens directly like former President Donald Trump's travel ban Negative foreign policy initiatives cause distrust and once that is broken it is difficult to rebuild absent changing the foreign policy This book shows that conflict is deeply contextual and as such public diplomacy initiatives must also be designed in such a way to address the unique challenges that exist between countries Social media friendship groups can be a place to start to promote understanding

dispel stereotypes and reframe enemy narratives which are essential to long term positive relations **Making Peace**

Work T. Addison, T. Brück, 2008-11-20 This book provides an insight into some of the main issues that arise in post conflict economic and social reconstruction and offers examples of what works and what does not It will be of interest to all working on economic and social reconstruction in post conflict countries as well as those working on peace and development

Government of Peace Professor Ranabir Samaddar, 2015-04-28 *Government of Peace* addresses a major question in world politics today how does post colonial democracy produce a form of governance that copes with conflicts insurgencies revolts and acute dissents The contributors view social governance as a crucial component in answering this question and their narratives of governance aim to show how certain appropriate governing modes make social conflicts more manageable or at least also occasions for development The idea of a government of peace sits at the core of the interlinked issues of social governance peace building and security By exploring this idea and analysing the Indian experience of insurgencies and internal conflicts the contributors collectively show how rules of social governance can and have evolved International

Handbook of Peace and Reconciliation Kathleen Malley-Morrison, Andrea Mercurio, Gabriel Twose, 2013-01-28 How do ordinary people from different regions around the world define peace and reconciliation What factors do they think are necessary for promoting reconciliation between countries Do they believe that individuals have a right to protest against war and in favor of peace Do they believe that apologies can improve the chances of reconciliation What do they think are the best ways for achieving peace Does reasoning regarding the achievability of world peace vary by region International Handbook of Peace and Reconciliation a companion volume to the International Handbook on War Torture and Terrorism examines and analyzes how people around the world think about justice governmental apologies the right to protest the peace process the justifiability of armed conflict the possibility of world peace and reconciliation To address these questions researchers from the Group on International Perspectives on Governmental Aggression and Peace GIPGAP administered the Personal and Institutional Rights to Aggression and Peace Survey PAIRTAPS to volunteers from over 40 countries representing the major regions of the world The volume is organized such that the responses to the survey are summarized and analyzed by both by country and by theme Integrative chapters provide an up to date overview of historical and current events relevant to peace and reconciliation and a grounded theory analysis of definitions of peace and reconciliation and of the role of apology in reconciliation In addition to describing the major themes emerging from the responses in each region the volume reports on some exploratory analyses addressing the extent to which we found differences in patterns of responding based on characteristics such as gender military experience and involvement in anti war protest activity International Handbook on Peace and Reconciliation allows ordinary citizens from around the world to voice their views on peace and related issues and examines the context of these views Thus it offers researchers in political science peace psychology social psychology social justice and anthropology a comprehensive resource for a changing global landscape

The Congregationalist, 1919 **Military Intervention, Stabilisation and Peace** Christian Dennys, 2014-05-30 This book examines international military interventions that have supported stability in four communities in Afghanistan and Nepal in an attempt to analyse their success and improve this in future This is the first in depth village level assessment of how local populations conceive of stability and stabilisation and provides a theory and model for how stability can be created in communities during and after conflict The data was collected during field research from 2010-12 In Afghanistan the conflicts examined include the invasion of the Soviet Union in 1979 the civil war from 1992 and the rise and fall of the Taliban In Nepal the research examined the origins of the Maoist movement and the start of the People's War in 1996 to its completion in 2006 and the subsequent Madhesi Andolan in 2007 The book argues that international particularly Western notions of stability and stabilisation processes have failed to grasp the importance of local political legitimacy formation which is a vital aspect of contemporary statebuilding of a non Westphalian nature The interventions across defence diplomatic and defence lines have also at times undermined one another and in some cases contributed to instability The work argues that the theories that structure interventions to address threats to international stability in fragile states are insufficient to explain or achieve the goal of stability This book will be of interest to students of stabilisation operations statebuilding peacebuilding counterinsurgency war and conflict studies and security studies in general Christian Dennys is lecturer at Cranfield University UK Defence Academy and has a PhD in International Relations

Edward Said on the Prospects of Peace in Palestine and Israel J. LeBlanc, 2013-11-12 John Randolph LeBlanc examines the political oeuvre of critic and activist Edward Said and finds that Said preferred reconciliation to segregation in Palestine Israel LeBlanc argues that Said's criticism speaks to the importance of negotiating the troubling proximate and unsettling presence of our most perplexing others

A Treatise on the Powers and Duties of Justices of the Peace in the State of Michigan Alexander Ralston Tiffany, 1894

The Peace Continuum Christian Davenport, Erik Melander, Patrick M. Regan, 2018 The idea of studying peace has gained considerable traction in the past few years after languishing in the shadows of conflict for decades but how should it be studied The Peace Continuum offers a parallax view of how we think about peace and the complexities that surround the concept i.e. the book explores the topic from different positions at the same time Toward this end we review existing literature and provide insights into how peace should be conceptualized particularly as something more interesting than the absence of conflict We provide an approach that can help scholars overcome what we see as the initial shock that comes with unpacking the zero in the war/peace model of conflict studies Additionally we provide a framework for understanding how peace and conflict have not been related to one another in the literature To reveal how the Peace Continuum could be applied we put forward three alternative ways that peace could be studied With this approach the book is less trying to control the emerging peace research agenda than it is trying to assist in encourage thinking about the topic that we all have some opinion on but that has yet to be measured and analyzed in a way comparable to political conflict and

violence Indeed we attempt to help facilitate a veritable explosion of approaches and efforts to study peace The Sage Handbook of Peace and Conflict Studies Maia Carter Hallward, Ji Eun Kim, Cécile Mouly, Timothy Seidel, Zubairu Wai, 2025-06-07 The Sage Handbook of Peace and Conflict Studies offers a comprehensive exploration of the complexities of violence conflict and peace from a global interdisciplinary perspective The handbook addresses the traditional Western centric approach while emphasizing the need to integrate Global South perspectives to create a more inclusive and transformative understanding of peace and conflict While important voices in peace and conflict studies have long stressed the need to not only address direct violence but also structural and cultural one certain strands of the field have upheld conservative knowledge production and reinforced unequal power structures This volume seeks to challenge these biases by foregrounding critical and decolonial approaches that emphasize gender race culture global history and political economy Its diverse chapters invite us to question mainstream assumptions and promote a broader more inclusive analysis of peace and conflict The handbook explores the evolution of the field highlighting the impact of historical events and the role of oppositional knowledge in political change It offers a critical overview of theoretical approaches emphasizing reflexivity inclusivity and the importance of local actors in peace and conflict dynamics Additionally it examines how cultural and disciplinary assumptions shape peacebuilding and conflict transformation and it critiques traditional global narratives on issues like governance climate change and human rights Finally the handbook presents real world case studies that integrate themes of decoloniality race gender and power inequalities across diverse global contexts By centering the Global South and integrating interdisciplinary perspectives this handbook provides valuable insights for scholars and practitioners committed to fostering a more equitable and just world Section 1 History Knowledge and Power in Peace and Conflict Studies Section 2 Theory and Analysis in Peace and Conflict Studies Section 3 Practices and Approaches in Peace and Conflict Studies Section 4 Global Issues Institutions and Change in Peace and Conflict Studies Section 5 Case Studies in Peace and Conflict Studies

On the Law of Peace Christine Bell, 2008-09-25 This book provides a comprehensive analysis of the use of peace agreements from a legal perspective The book describes and evaluates the development of contemporary peace agreement practice and the documents which emerge It sets out what is in essence an anatomy of peace agreement practice and locates this practice with reference to the role of law The last fifteen years have seen a proliferation of peace agreements These peace agreements have been produced as a result of complex peace processes involving multi party negotiations between the main protagonists of conflict often with the involvement of international actors They document attempts to end conflict and this book argues that they play an underestimated role in a political process that centrally revolves around law Understanding peace agreements is important to understanding contemporary peace processes Law plays two key roles with respect to peace agreements first to the extent that peace agreements themselves form legal documents law plays a role in the enforcement or implementation of the peace agreement second international law has a relationship to peace agreement

negotiation and content in an enabling or regulatory capacity The aim of the book is to evaluate the role which law plays both in enforcing peace agreements and through a normative framework which constrains the ways in which they operate This evaluation reveals a deeper link between the legal status of peace agreements and their normative regulation as mutually shaping in what is argued to be a developing *lex pacificatoria* or law of the peace makers This *lex pacificatoria* stands as an account of the way in which international law shapes and is shaped by peace agreements in ways which impact on contemporary debates about the force of international law

The Still Voice of Peace, Or, Tender Counsel to Freeman and Slaves, Professors & Profane: in Answer to Some Deep-rooted Objections and Prejudices Ephraim WOOD, 1818
