Some Kind Of Magic:

Some Kind of Magic Sonya Moore, 2023-11-11 This is a love story but maybe not the kind you expect It started with an epiphany and a desire to live life more fully One fateful day in 2017 a thirty something American woman up until that point a responsible hard working tax paying citizen decided to leave her home and career and set off to explore the other side of the world That choice led to a three year journey laced with serendipity and unexpected twists of fate that would show her more than she ever could have imagined Joyful and uninhibited this soul nourishing tale of love and adventure intertwined with discovery explores the mystery of life and human nature across cultures and continents from the cloud fringed mountains of Myanmar to the pristine beaches of southern France Sometimes hilarious occasionally shocking always honest this deliciously told travel memoir entertains and captivates while examining synchronicity choice and destiny the roots of happiness and multiple facets of love against a vivid backdrop of some of the world s most beautiful and little known places

Witchcraft, Demonology and Magic Marina Montesano, 2020-05-20 Witchcraft and magic are topics of enduring interest for many reasons The main one lies in their extraordinary interdisciplinarity anthropologists folklorists historians and more have contributed to build a body of work of extreme variety and consistence Of course this also means that the subjects themselves are not easy to assess In a very general way we can define witchcraft as a supernatural means to cause harm death or misfortune while magic also belongs to the field of supernatural or at least esoteric knowledge but can be used to less dangerous effects e g divination and astrology In Western civilization however the witch hunt has set a very peculiar perspective in which diabolical witchcraft the invention of the Sabbat the persecution of many thousands of mostly female and sometimes male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft This Special Issue of Religions dedicated to Witchcraft Demonology and Magic features nine articles that deal with four different regions of Europe England Germany Hungary and Italy between Late Medieval and Modern times in different contexts and social milieus Far from pretending to offer a complete picture they focus on some topics that are central to the research in those fields and fit well in the current cumulative concept of Western witchcraft that rules out all mono causality theories investigating a plurality of causes
