Alison Hilber,2002 CELEBRATION That s the goal To find ourselves respecting rejoicing and praising our bodies in all their glory no matter what size shape age or ability we are blessed to be This requires lightness and depth inside and outside joy a longing to know and accept ourselves just as we are and a belief that all we have to do is remember that we are worthy of love and capable of giving it unconditionally to ourselves This book is offered as a guide to that journey This process is not about figuring out why we look the way we do There are no strategies here for dieting or for how to manage our emotions so we don t eat or insinuations that being fat is about not loving ourselves Emotional issues can sometimes lead to excess fat meaning above your natural weight and many of us use food as a drug But being shamed and feeling guilty only compounds those issues In most cases being fat is just another way to be This process is about changing the way we see not the way we look Once our self view changes the issues regarding our emotional relationship with food will naturally adjust to their healthiest place because self care will no longer require will power Self care only requires self love Scientists say that if 11 per cent of a society s members change their mind there will be a cultural shift Eleven per cent is very attainable But it must begin inside each one of us something I will be repeating throughout the book Your mind must chan your energy in the world must shift your inner light must shine Then and only then can you hope to have any influence on the larger reality But first things first This is a book about choices and the tools to help you make the ones best suited to you There is no reason that you can t love yourself no matter what you look like and make choices only as they suit your own

higher purpose It is from this center of self loving energy that you will manifest your true self in the Universe Finally it is important to understand that this book is not about big bodies being better than small bodies It is about small bodies not being better than big bodies It is about no bodies being better than any other bodies And though the emphasis may seem to be on size please be assured that no matter what issues you have about your appearance whether it be weight age facial hair baldness or bowed legs this book can help you see through different eyes and find your true inner vision Change How You See Not How You Look provides Power Tools at the end of every chapter little hints affirmations rituals ways of helping you deal with the culture the media belief systems relationships spirituality the body mind spirit split and healing There are tools to deconstruct what you believe about women in general and about yourself in particular and tools to help you rebuild remember and restore the integrity and inherent beauty of your body and your spirit so you can begin joyfully celebrating every part of your being *Who's Who in Lesbian and Gay Writing* Gabriele Griffin,2003-09-02 A lively and accessible guide to lesbian and gay literary culture Featuring authors of works with lesbian or gay content as well as known lesbian and gay writers it offers an invaluable guide to a rich and varied literary culture **My Lover is a Woman** Lesléa Newman,1996 Editor Leslea Newman has collected the work of both well known and emerging poets some of them published here for the first time to create an anthology of some of the finest writers of any gender or sexual orientation writing poetry today These poets have written daring confessions of love sorrow anger and joy Each poem is an elaborate confirmation of the resilience of the human spirit and the ability to transform experience including the struggle against the societal taboo of same sex love into brilliant poetry BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
