Shamanic Secrets for Spiritual Mastery Robert Shapiro,2006-07-01 Spiritual mastery encompasses many different means to assimilate and be assimilated by the wisdom feelings flow warmth function and application of all beings in your world that you will actually contact in some way A lot of spiritual mastery has been covered in different bits and pieces throughout all the books we ve done My approach to spiritual mastery though will be as grounded as possible in things that people on Earth can use but it won t include the broad spectrum of spiritual mastery like levitation and invisibility I ll only teach what I think you can actually use Very few people need levitation You might find it amusing but the problem is eventually you fall asleep float up into space and suffocate What good it that I m trying to teach you things that you can actually use and benefit from When I talk about my life those are the lessons in spiritual mastery aspects of my life and the life of any physical person And I will discuss how I do it how I ve been taught and perhaps even suggestions for how you might do it My life is basically going to represent your needs and it gets the secrets that have been held back out in a storylike fashion so that it is more interesting Speaks of Many Truths through Robert Shapiro The nature of spiritual mastery is not to be completely in control but is necessarily to not have any control The whole point of spiritual mastery is to be in concordance not in control Whatever develops as you go along moment to moment in your life you are able to act or react to it on the basis of the natural foundational love that exists between all life forms

Spiritual mastery is the underpinnings of multiple ways of being and multiple ways of understanding appreciating and interacting in harmony with your world Isis through Robert Shapiro *Haunted Island, Maine* , **Your Devil Self Vs. Mooney,2011-04-05 Initially I had intended to write this book in the summer of 2006 At that time my involvement in the Life Extension Movement was growing my enthusiasm was palpable trusted friends and colleagues urged me to undertake the project noting that it would give momentum to a nascent movement that was a mere blip on the political radar screen and bring needed attention to an issue that many thought might never be discussed seriously in a society that considers death an

unpleasant but inevitable reality Even though I agreed with this analysis I managed to avoid any serious attempt to start a far reaching debate on the political social and economic consequences of radically extending one s life into the future After all I thought the technology in this field is still at a nascent stage antiaging research receives few government grants controversy abounds in the scientific community as to the mere possibility of indefinite life extension most elected officials are clueless about it and even a majority of the President s Council on Bioethics is hostile to the idea But that being said I never was one to back down from a good fight I had read much of the scientific work undertaken by a multitude of scientists determined to understand how and why human beings slowly age and how we can reverse our demise and extend our lives indefinitely I disagreed with the naysayers who pompously declare that prolonging life will ruin the environment cause overpopulation promote wars over scarce resources as well as those narrow minded quasi pundits who embraced a number of bogus charges and half truths intended to impede further research into the causes of the terminal disease of aging I had more than enough evidence to confront the critics but for some unknown reason I lost the internal primal spark necessary to fight back I thought should I enter a battle that few know about and even fewer care Instead of hearing a clarion call to act I became mired in skepticism doubt and a growing resignation toward terminal apathy **It's Not Supposed to Be This Way Bible Study Guide plus Streaming Video**
