**Social Psychological Perspectives on Stigma** John B. Pryor, Arjan E. R. Bos, 2016-04-08 The year 2013 marks the 50th anniversary of the publication Erving Goffman's landmark work *Stigma: Notes on the Management of Spoiled Identity*. Through this edited volume we commemorate the continuing contribution of Goffman's work on stigma to social psychology. As Goffman originally used the term stigma implies some sort of negative deviance or in his words an undesired differentness from what we had anticipated. Since Goffman's pioneering treatise there have been thousands of articles published on different aspects of stigma. The accelerating volume of articles is testimony to the growing importance of stigma research with almost three out of four of the stigma related publications in the research literature appearing in the last 10 years. In this volume a collection of up and coming and seasoned stigma researchers provide both theoretical insights and new empirical findings. The volume should be of interest to both established researchers and advanced students seeking to learn more about the depth and breadth of stigma research. This book was originally published as a special issue of *Basic and Applied Social Psychology*.

**36 Questions That Changed My Mind About You** Vicki Grant, 2017-10-17 Inspired by the real psychology study popularized by the New York Times and its Modern Love column, this contemporary YA is perfect for fans of Eleanor and Park. Two random strangers. Two secrets. Thirty six questions to make them fall in love. Hildy and Paul each have their own reasons for joining the university psychology study that asks the simple question: Can love be engineered? The study consists of 36 questions ranging from "What is your most terrible memory?" to "When did you last sing to yourself?" By the time Hildy and Paul have made it to the end of the questionnaire, they've laughed and cried and lied and thrown things and run away and come back and driven each other almost crazy. They've also each discovered the painful secret the other was trying so hard to hide. But have they fallen in love? Told in the language of modern romance, texting, Q & A, IM, and punctuated by Paul's sketches, this clever high concept YA is full of humor and heart. As soon as you've finished reading, you'll be searching for your own stranger to ask the 36 questions. Maybe you'll even fall in love. Rights have sold in 19 territories.

**On the Wings of Hope** D.G. Waugh, 2011-10-31 This book contains three stimulating stories of human struggles. Her sister's last letter indicated that there was enough information to have Paul and his gang arrested. She cringes while watching Johnny act nervous and edgy when he is around his father. What does that child know, she asks herself. Is her new friend Mrs. Worth justified in believing that Paul and his cohort Stubby are planning to get rid of both of them? The second book, *Dont Wake a Sleeping Lion*, has Esther struggling with trying to find a way to escape from her kidnappers. She and her co-worker were on the trail of a series of missing persons. How do they handle the death of one of their members as he is found beaten until he is almost not recognized? The third book is called *Beth Young*. Beth struggles over her father's anger at God for taking his wife. She weeps as she watches him raise his
