Words on Words John B. Bremner,1980 Surveying the expanding conflict in Europe during one of his famous fireside chats in 1940 President Franklin Roosevelt ominously warned that we know of other methods new methods of attack The Trojan horse The fifth column that betrays a nation unprepared for treachery Spies saboteurs and traitors are the actors in this new strategy Having identified a new type of war a shadow war being perpetrated by Hitler s Germany FDR decided to fight fire with fire authorizing the formation of the Office of Strategic Services OSS to organize and oversee covert operations Based on an extensive analysis of OSS records including the vast trove of records released by the CIA in the 1980s and 90s as well as a new set of interviews with OSS veterans conducted by the author and a team of American scholars from 1995 to 1997 The Shadow War Against Hitler is the full story of America s far flung secret intelligence apparatus during World War II In addition to its responsibilities generating processing and interpreting intelligence information the OSS orchestrated all manner of dark operations including extending feelers to anti Hitler elements infiltrating spies and sabotage agents behind enemy lines and implementing propaganda programs Planned and directed from Washington the anti Hitler campaign was largely conducted in Europe especially through the OSS s foreign outposts in Bern and London A fascinating cast of characters made the OSS run William J Donovan one of the most decorated individuals in the American military who became the driving force behind the OSS s genesis Allen Dulles the future CIA chief who ran the Bern office which he called the big window onto the fascist world a veritable pantheon of Ivy League academics who were recruited to work for the intelligence services and not least Roosevelt himself A major contribution of the book is the story of how FDR employed Hitler s former propaganda chief Ernst Putzi Hanfstengl as a private spy More than a record of dramatic incidents and daring personalities this book adds significantly to our understanding of how the United States fought World War II It demonstrates that the extent and limitations of secret intelligence information shaped not only the conduct of the war but also the face of the world that emerged from the shadows [Poetry Aloud Here!](#) Sylvia M. Vardell,2006-02-20 From choosing a poem and developing presentations that will keep the audience captivated to using promotional displays and materials Poetry Aloud Here takes the reader through all the steps of introducing poetry for children

Another Jar of Tiny Stars Deborah Wooten,2010-07-01 A Jar of Tiny Stars is one of the most popular poetry books from WordSong This new edition is now expanded and includes the work of the latest five winners of the National Council of Teachers of English Award for Poetry for Children By turns silly and wise playful and thought provoking the poems in this collection were chosen by young readers as their favorites among those written by NCTE Award winners New to this collection are works from Eloise Greenfield Nikki Grimes Mary Ann Hoberman Lee Bennett Hopkins and X J Kennedy Rounding out the collection are poems by Arnold Adoff John Ciardi Barbara Esbensen Aileen Fisher Karla Kuskin Myra Cohn Livingston David McCord Eve Merriam Lilian Moore

and Valerie Worth **Poetry People** Sylvia M. Vardell, 2007-06-30 Dr Sylvia Vardell's new children's poetry reference book provides a comprehensive introduction to more than 60 contemporary young people's poets. Focusing primarily on those who are still actively writing today, the author includes poets appropriate for young children through young adults. Each entry features brief biographical information, highlights selected poetry books, authored showcases awards won, notes, related Web sites, and provides suggestions for making connections, programming ideas, related books, and activities. The book is ideal for librarians who serve children and young adults as well as for teachers and others who work with children and young adults. Beginning with Arnold Adoff, the list of poets is both impressive and informative. A sample: Francisco Alarcon, Aileen Fisher, Douglas Florian, Nikki Giovanni, Kristine O'Connell, George Jane Yolen, Eloise Greenfield, John Ciardi, and many more. Using Poetry Across the Curriculum Barbara Chatton, 2010-01-13 This comprehensive listing and discussion of poetic works supports the standards of all areas of the curriculum, helping librarians and teachers working with kindergarten through middle school students. This second edition of *Using Poetry Across the Curriculum: Learning to Love Language* offers a comprehensive list of poetry anthologies, poetic picture books, and poetic prose works in a wide variety of subject areas. While it maintains the original edition's focus on ideas and resource lists for integration of poetry into all areas of the curriculum, it is thoroughly revised to cover current issues in education and the wealth of new poetry books available. The book is organized by subject areas commonly taught in elementary and middle schools and within these by the national standards in each area. Numerous examples of poetry and poetic prose that can be used to help students understand and appreciate aspects of the standard are listed. A sampling of units that arise from groups of works, writing and performance ideas, and links across the curriculum is also included. While many teaching ideas and topics provide references to the standards they meet, this title is unique in starting with those standards and making links across them. Kindergarten Curriculum Issues, Play Sue Ann Bates, 1978 *The selected letters of John Ciardi* John Ciardi, 1991 Ciardi Himself: Fifteen Essays on Reading, Writing, and Teaching Poetry (c) John Ciardi, 1989 Essays reveal the author's thoughts on the painstaking craftsmanship involved in the art of writing poetry. *John Ciardi: a Biography* (p) Edward M. Cifelli, 1997 In this study of Ciardi's life, Edward Cifelli has captured all the deep concern, passion, and thoughtfulness that marked Ciardi's long career in American letters. With care and penetrating detail, Cifelli evokes Ciardi's early childhood in Boston, his Italian heritage, his service as a gunner on a B-29 during World War II, and his years teaching at Harvard and Rutgers. Illuminated here are Ciardi's widely read contributions as an editor of *Saturday Review* and *World* magazines, as well as his tireless effort to bring an awareness and love of language and poetry to America through radio, television, the lecture circuit, and his twenty-six years on the staff of the famous Bread Loaf Writers Conference, a gathering he directed for seventeen years.
