Coal in Victorian Britain, Part II, Volume 6 John Benson, James Jaffe, Keith Gildart, 2024-10-28 Coal is a topic that has been remains and will continue to be of significant interest to those concerned with the causes course and consequences of industrialization and de industrialization This six volume reset collection provides scholars with a wide variety of sources relating to the Victorian coal industry *THE COAL INDUSTRY of the EIGHTEEN CENTURY* Thomas Southcliffe Ashton, Joseph Sykes, **The Coal Industry of the Eighteenth Century**

Thomas Southcliffe Ashton, Joseph Sykes, 1929 [The Miners of Windber](#) Mildred Beik, 1996-08-30 In 1897 the Berwind White Coal Mining Company founded Windber as a company town for its miners in the bituminous coal country of Pennsylvania The Miners of Windber chronicles the coming of unionization to Windber from the 1890s when thousands of new immigrants flooded Pennsylvania in search of work through the New Deal era of the 1930s when the miners rights to organize join the United Mine Workers of America and bargain collectively were recognized after years of bitter struggle Mildred Allen Beik a Windber native whose father entered the coal mines at age eleven in 1914 explores the struggle of miners and their families against the company whose repressive policies encroached on every part of their lives That Windber s population represented twenty five different nationalities including Slovaks Hungarians Poles Italians and Carpatho Russians was a potential obstacle to the solidarity of miners Beik however shows how the immigrants overcame ethnic fragmentation by banding together as a class to unionize the mines Work family church fraternal societies and civic institutions all proved critical as men and women alike adapted to new working conditions and to a new culture Circumstance

if not principle forced miners to embrace cultural pluralism in their fight for greater democracy reforms of capitalism and an inclusive working class definition of what it meant to be an American. Beik draws on a wide variety of sources including oral histories gathered from thirty five of the oldest living immigrants in Windber, foreign language newspapers, fraternal society collections, church manuscripts, public documents, union records and census materials. The struggles of Windber's diverse working class undeniably mirror the efforts of working people everywhere to democratize the undemocratic America they knew. Their history suggests some of the possibilities and limitations, strengths and weaknesses of worker protest in the early twentieth century.

Somerset (Slow Travel) Norm Longley, 2025-04-29 Part of Bradt's distinctive award winning series of Slow travel guides to UK regions, the new thoroughly updated second edition of Bradt's Somerset Slow Travel celebrates this charming popular English county. Expert travel writer and local resident Norm Longley blends visitor information, history, culture and anecdote with coverage of wildlife, birdwatching, walking, cycling and other outdoor activities, making this guide perfect for visitors and locals alike. Accommodation and restaurants, plus local food and cider, feature prominently. Longley himself often spends weekends roaming the Somerset countryside in search of exciting and/or novel things to do, or at the very least hunting down good food and drink. Somerset is consistently seductive: windswept marshes and wild moorland, enchanting uplands and iron flat lowlands, limestone gorges and a forty mile long stretch of coast with rocky coves, fossil filled cliffs and a tiny island. And of course there's Bath, a UNESCO World Heritage city with beautifully preserved Roman baths, graceful Georgian architecture and enticing gastronomic possibilities. Bradt's Somerset Slow Travel explores all this and more, from the world famous Glastonbury Festival to the American Museum and Gardens carnivals, to quirky local customs, the longest heritage railway in Britain to England's first designated Area of Outstanding Natural Beauty. The Somerset Levels feature, as do the Quantock and Blackdown Hills, the coast and east and south Somerset. There's a seasoning of legend and myth too, from King

Arthur at Avalon and Camelot to the country's third largest complex of standing stones at Stanton Drew. Divided into seven easy to explore geographical regions from Bath and north Somerset through Wells and the Mendips to Exmoor National Park and International Dark Sky Reserve this is an indispensable companion for everyone from culture devotees to outdoor adventurers, birders to beach lovers, transport enthusiasts to event goers, families to foodies. As well as being extensively updated throughout this new edition features an expanded selection of walking itineraries, details of Crewkerne and Chard, deeper coverage of local produce including cheese and wider treatment of wildlife, arts, culture, history and wet weather activities. The result provides an entertaining armchair read alongside a practical guide to exploring this rewarding county.

Black Diamonds: A Child's Joy and Loss Phyllis Jane Dunn Barnes, 2007-09. One generation saw the flood, another the fire, and now our generation is facing the same judgment as the generations of Noah and Lot for the same type of sins as their sins were fire, hail, earthquakes, darkness and death. In this short period of time one shall see the rise of BABYLON THE GREAT, the destruction of the Antichrist and False Prophet, the binding of Satan in hell 1000 years after the battle of Armageddon, the nests in outer space fetched back and the judgment of the living as the Lord Jesus Christ sits on the throne of His Glory in Jerusalem, judging. Multiply and replenish the earth for the new time of peace on the earth has come, the curse being lifted too.

Catalog of Books and Reports in the Bureau of Mines Technical Library, Pittsburgh, Pa United States. Bureau of Mines. Technical Library, Pittsburgh, 1968. **Revitalization Plan**, 1989. The Miners of Windber Mildred A. Beik, 1996. Mildred Allen Beik, a Windber native whose father entered the coal mines at age eleven in 1914, explores the struggle of miners and their families against the company whose repressive policies encroached on every part of their lives. That Windber's population represented twenty-five different nationalities including Slovaks, Hungarians, Poles, Italians and Carpatho-Russians was a potential obstacle to the solidarity of miners. Beik, however, shows how the immigrants overcame ethnic fragmentation by banding together as a class to unionize the mines. Work, family, church, fraternal societies and civic institutions all proved critical as men and women alike adapted to new working conditions and to a new culture.
