Somerset Coast:

Quantocks and North Somerset Coast Dave Green, 2022-05-23 West Somerset is an area of great geological diversity straddling the Tees Exe Line between highland and lowland Britain The story of the last 400 million years of Earth history can be gleaned from its rocks the opening and closing of oceans the collision of continents and a journey across the Equator The area may also provide the key to settle the controversy about the origin of South West England whose ancient geology is so different from the rest of the country This unique and diverse geology is also the reason why it is one of the most beautiful and varied stretches of landscape in England With nearly 170 illustrations including maps charts diagrams and colour photographs this book describes and explains the evidence for the geological history of the area from the Palaeozoic through the Mesozoic to the Pleistocene and Holocene Regional guides which discuss the factors that led to the landscape we see today and offer places of interest to visit cover the Northern Brendon Hills and Minehead the Southern Brendon Hills

A Severn Barrage Great Britain: Parliament: House of Commons: Energy and Climate Change Committee, 2013-06-10 Hafren Power's proposal for an 18km fixed tidal barrage across the Severn estuary between Brean in England and Lavernock Point in Wales is likely to require a very high level of support over many years It is not believed at this stage that the barrage would be competitive with other low carbon technologies Hafren Power have failed to answer the serious environmental concerns about a potential barrage adequately The scale of mitigation measures and compensatory habitat required is unprecedented and questions remain about how a barrage such as the one proposed would comply with EU legislation Tidal energy is a vast resource which remains largely untapped However tidal and marine projects must demonstrate their economic environmental and technological credentials and their ability to gain stakeholder support The Government should consider whether a smaller tidal facility could develop expertise and provide evidence before a decision about scaling up is taken Although construction of the barrage would be privately financed Government support would be required for approximately thirty years through Contracts for Difference CfD or a similar mechanism The long lifecycle of a tidal barrage thought to operate for over 120 years could lower the overall levelised cost of energy but is far too distant a prospect to

overcome more immediate concerns The strike price required by Hafren Power is unknown but the ability of the project to compete with other low carbon forms of energy is questionable The likelihood of a high strike price over many years risks eating up an excessively large proportion of the funds available under the Levy Control Framework **The Original Farm Holiday Guide to Coast & Country Holidays** FHG Staff,Hunter Publishing,2005-02 Old elegant homes taking guests Daily or weekly rentals Maps **Somerset Coast from the Air** Jason Hawkes,2007-11-01 *Somerset's Military Heritage* Andrew Powell-Thomas,2018-04-15 This book will be of interest to all those who would like to know more about Somerset s remarkable military history **Somerset Coast Path** Damian Hall,2014-05-01 Exmoor s soaring pony dotted plateaus otherworldly rock formations plunging sea cliffs the bulbous Quantocks bird crowded lowlands of international importance gracefully fading Victorian seaside resorts remote bays and fossil packed beaches wind bothered sand dunes big views melodramatic moorlands landscapes soaked in the mythology of Kings Arthur and Alfred which directly inspired the Romantic poets intriguing and dark maritime history extravagantly snaking rivers lighthouses on legs One day soon the Somerset Coast Path from the heart of Bristol to Lynton Lynmouth will form part of the planned England Coast Path Much of it is already in place and it s an eventful dramatic walk Damian Hill s guide celebrates the landscape towns and villages along the way and introduces you to the history and wildlife that enrich this beautiful part of the country Ordnance Survey mapping for the entire route plus GPS references Detailed route descriptions to guide you safely along Background information on everything from archaeology and history to wild flowers and wildlife Practical advice on transport equipment accommodation and more Lavishly illustrated with colour photography throughout *The city trip guide for Taunton (United Kingdom)* ,2025-09-26 England 2008 Fodor's Travel Publications, Inc.,2007-11-06 Detailed and timely information on accommodations restaurants and local attractions highlight these updated travel guides which feature all new covers a two color interior design symbols to indicate budget options must see ratings multi day itineraries Smart Travel Tips helpful bulleted maps tips on transportation guidelines for shopping excursions and other valuable features Original
