**The Acts of the Holy Spirit: Our Personal Journey** Chris Morris,2018-11-12 Is God still in the miracle business Did miracles only occur for the early church Can God really do the impossible Is the Bible trustworthy and was Jesus telling the truth Can we physically experience or even see miracles Like most people when I was young I had faith in Jesus but scoffed at people who said they had witnessed miracles Then I witnessed one little miracle I was dumbfounded I then witnessed another and then another and before long I witnessed miracle after miracle incredible miracles that I had been told only the early church could experience I wrote this book for my children because I wanted them to have a record of the acts of the Holy Spirit we had witnessed on our journey through life Everything Jesus said proved to be true Our family is not special We are not saints We are not unusual We have our problems and shortcomings I suspect our family is not much different than yours except perhaps for one thing We pray for the Lord's help and believe His help is on the way Jesus said in Mark 11:23-24 For assuredly I say to you whoever says to this mountain Be removed and be cast into the sea and does not doubt in his heart but believes that those things he says will be done he will have whatever he says Therefore I say to you whatever things you ask when you pray believe that you receive them and you will have them

haunted man she never stopped loving      Stories of Vigilant Courage Adam Hildebrand,2008-08 If you find yourself at the bedside of a child with multiple handicaps and complex medical needs you need to read this book Whether you are a nurse doctor parent or family member health care professional or a personal ally of an individual who is disabled you will benefit from reading the stories in the book and the analysis of issues by the editor It sometimes happens that some people whether a professional or not will be tempted to think of such children as better off dead an extremely dangerous assumption Illness and suffering do not diminish the value of a person s life and no one has the right to decide whether or not a person should live or die This book gives firsthand accounts of the experiences of handicapped children and their families in health care settings Their experiences vary from doctor to doctor nurse to nurse and hospital to hospital The key difference is that some people held a strong belief that every person s life has intrinsic value and that their lives were sacred Yet others measured the value of a life according to external factors such as level of disability impairments and level of suffering whether presumed or real You can guess which people gave better care and which children lived longer and better accordingly In spite of the difficult challenges that handicapped children and their families face as described in these stories this book is a book of hope You will be inspired by the courageous tenacity of parents who literally stood at the bedside of their children often for months and protected and affirmed the well being of their child This is a book about people who made a difference a difference between life and death      **Enhancing Hubble's Vision** David J.
