Letters from a War Hero Robert C. Linnell,2005-03 I have to laugh at the bunk they spread all over the newspapers Every time somebody hears a rumor or gets an idea he flashes it out on the front page in huge black print The papers are full of speculation as to what will happen where and when It sounds to me as though the home front thought the surrender of Italy practically ended the war We received the news over the radio while underway for the invasion We took it with little excitement We had been expecting it any day and also knew that the fighting would still be plenty tough I guess the people at home thought that would mean a victory much through Italy I would say that it was nearer another Dunkirk The Germans still have lots of fight left in them and the war still has lots of months left in it an excerpt of a letter from Ensign R C Linnell to his parents October 3 1943 This endearing collection of letters written before during and after some of the most intense invasions of World War II provides insight into a bygone era Letters from a War Hero is a priceless account of American history entwined with a beautiful love story

American World War II Orphans Network ,2005-03 **Casualty of War** Luisa Lang Owen,2002-11-19 Not all casualties of war die on the battlefield In the wake of World War II Yugoslavia purged its territory of the ethnic Germans who had formed a part of its human mosaic Tarred with their ethnic origins and the conscription of their fighting age men into the Waffen SS the Volksdeutsche as these settlers were called were rounded up at the war s end and herded into concentration camps Those who were not murdered or did not die from the harsh conditions were expelled from the village homes their families had known and loved for three hundred years Nine years old when she entered the concentration camp in 1945 author Luisa Lang Owen survived the persecution of the Danube Swabians eventually finding herself in America where she made a new life for herself a life that nonetheless held within it the memories and lessons of the atrocities she had experienced in her homeland Like thousands of other Germans in the Danube Valley at the end of the war Luisa and her family were chased from their home lodged in a sheep stall and resettled in camps with other Germans from her village Shorn of their possessions given little food or fuel pressed into hard labor beaten by guards and separated from their families many despaired and many died Luisa barely survived as others succumbed to malnutrition disease and exposure Her haunting memoir provides a window into the ethnic cleansing that preceded the recent exterminations in Bosnia and Kosovo by fifty years an episode of horrors that has not appeared as even a footnote in descriptions of the more recent atrocities practiced in that region Her testament as a casualty of war bears historic witness and gives insight into the personal experiences of ethnic cleansing It stands as witness to a massive crime that has been conveniently forgotten a corrective to a

bit of neglect that did away with its victims as a people and a personal depiction of what ethnic cleansing is really about The problem was not just that they did not want us to have or to be Luisa Lang Owen writes they wanted us not to have been
