Nilsen, 2016-11-04 The flies were the first thing that would have caught my attention The drooping sagging mass of flesh and the smell of urine and the bowels having let go were right up there in sensory overload but the buzzing blue and green shining flies all over the body signaled there was no going back for this dude From doing suicide on call for more than a decade I've seen my share of successful attempts There are no pretty stories to tell Even though I came upon the scene after the fact long after as a matter of fact even though the photos I eventually saw were black and whites in a sheriff's file I had seen enough of the real thing to be able no matter how hard I tried not to see the body gently swaying in the tepid breeze from a tree limb like some very bad rotten fruit Question was Did Bobby Banks climb a tree and let go or did he have a little help That's what I was being paid to find out Trout Dreams James Merritt, 2000 This book is a collection of profiles of many of the big names in the fly fishing world of our day **Just about Everything in the Adirondacks** William Chapman White, 1960 It is an excellent thing that these columns about the Adirondacks are here given permanence They constitute Bill White's love letter to the country where he lived his last years and found his greatest happiness They are his tribute and a worthy epitaph Alfred S Dashiell former Managing Editor Reader's Digest Big Moose Lake in the Adirondacks Jane A.
