## **Sometimes A Shining Moment:**

Sometimes a Shining Moment Eliot Wigginton, 1985 Recounts the triumphant story of the Foxfire program one of the most successful educational publishing experiments of our time      Inside/outside Marilyn Cochran-Smith, Susan Landy Lytle, 1993-06-15 Provides a thoughtful conceptual frame work for reading and understanding teacher research exploring its history potential and relationship to university based research In the second half the voices of teacher researchers contrast engage and combine as contributors explore the meaning and significance of their approaches and findings These authors enter into the national conversation about school reform teacher professionalism multicultural curriculum and pedagogy and language and literacy education      **Teaching the Personal and the Political** William Ayers, 2004-04-17 These essays follow a veteran teacher educator and school reform activist as he tries to understand an enterprise he calls mysterious and immeasurable By focusing on the authentic experiences of teaching and learning that he has lived over the past 15 years Bill Ayers reconsiders argues reflects and searches for ways to break through the routine and the ordinary to see teaching as the important and extraordinary work it is Covering a range of issues standards equity testing professionalism this book shows us teaching as an achingly personal calling and ultimately as a social and a political act With these essays Bill Ayers invites teachers into a wonderful conversation about the meaning of teaching as craft as art as vocation He reminds us that an active kind of hope is at the core of teaching seeing things both as they are and as they could be      **Path of the Prophets** Barry L. Schwartz, 2018-03-01 Devoted to the legacy of the biblical prophets identifies the prophetic moment in the lives of 18 biblical characters offers up an intimate view of their inner thoughts illuminates their ethical legacies and challenges each of us to walk the path of the prophets today      Now and Then , 1988      Inquiry and Reflection Diane DuBose Brunner, 1994-03-31 Inquiry and Reflection shows how stories of schooling can elucidate difficult and unexamined problems facing teachers While professional texts tend to raise issues of power and its distribution and questions of culture and ideology often the manner of presentation is abstract and pre service teachers have difficulty making connections Yet literary film and video materials illuminate problems and suggest ideas to which teachers can actively respond This book offers teacher educators a variety of resources for articulating a critical pedagogy and suggests an alternative to the technical job training approach to teacher education by providing a unique educational curricula that illuminates issues of power ideology and culture      *The Foxfire Approach* Hilton Smith, J. Cynthia McDermott, 2016-07-08 This collection of essays by Foxfire practitioners represents the wide range of adaptations by educators of the pedagogical orientation of the Foxfire Magazine and Foxfire Programs for Teachers Former students in the magazine class at Rabun County High School share the continuing impact of that experience on their lives including a former student who is pioneering the magazine project with her sixth grade class An early childhood teacher make a passionate articulate case for instruction guided by the Foxfire Core Practices And a former school administrator shares his experiences as guidance to current school administrators in enabling then supporting

teachers to implement instruction guided by Foxfire's Core Practices Participants in Foxfire's Program for Teachers from early childhood teachers to college professors describe their adaptations of the Foxfire Approach for instruction at all grade levels all subjects and all demographics including how they coped with the challenges they faced One practitioner describes how she used the Core Practices to design instruction in rural China We have an engaging essay focused on our summer courses for teachers based on extensive observations and interview of participants attending those courses Several essays explore the pedagogical roots of the Foxfire Approach as well as its value in providing instruction today which engages the students in the content and results in durable learning Readers can read straight through the book beginning with a short historical introductory essay or skip around to topics of interest to assemble an informed assessment of the potential of the Foxfire Approach

**Hope in the Dark** Rebecca Solnit, 2016-05-14 A landmark book Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes Vice A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me* her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them and the unimaginable changes soon to come In it she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable Drawing on her decades of activism and a wide reading of environmental cultural and political history Solnit argues that radicals have a long neglected history of transformative victories that the positive consequences of our acts are not always immediately seen directly knowable or even measurable and that pessimism and despair rest on an unwarranted confidence about what is going to happen next Now with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book One of the best books of the 21st century *The Guardian* No writer has better understood the mix of fear and possibility peril and exuberance that's marked this new millennium Bill McKibben *New York Times* bestselling author of *Falter* An elegant reminder that activist victories are easily forgotten and that they often come in extremely unexpected roundabout ways *The New Yorker*

[The Three Sisters](#) May Sinclair, 1914 Excerpt going Gwenda said because I want to If I stayed I wouldn't marry Steven Rowcliffe and Steven Rowcliffe wouldn't marry me But I thought I thought What did you think That there was something between you Papa said so If Papa said so you might have known there was nothing in it And isn't there Of course there isn't You can put that idea out of your head forever All the same I believe that's why you're going I'm going because I can't stand this place any longer You said I'd be sick of it in three months You're not sick of it You love it It's me you can't stand No Ally no She plunged for another argument and found it What I can't stand is living with Papa Ally agreed that this was rather more than plausible

XXXVIII The next person to be told was Rowcliffe It was known in the village through the telegrams that Gwenda was going away The postmistress told Mrs Gale who told Mrs Blenkiron These two persons and four or five others had known ever since

Sunday that the Vicar's daughter was going away and the Vicar did not know it yet And Mrs Blenkinsop told Rowcliffe on the Wednesday before Alice told him For it was Alice who told him and not Gwendolyn Gwendolyn was not at home when he called at the Vicarage at three o'clock But he heard from Alice that she would be back at four And it was Alice who told Mrs Gale that when the doctor called again he was to be shown into the study He had waited there thirteen minutes before Gwendolyn came to him He looked at her and was struck by a difference he found in her a difference that recalled some look in her face that he had seen before It was dead white and in its whiteness her blue eyes dark and dilated quivered with defiance and a sort of fear She looked older and at the same time younger as young as Alice and as helpless in her fear Then he remembered that she had looked like that the night she had passed him in the doorway of the house at Striving for Excellence ,1993

The Write for Your Life Project Janet A. Swenson,1998      **Doing Oral History** Donald A. Ritchie,2014-09-19 Doing Oral History is considered the premier guidebook to oral history used by professional oral historians public historians archivists and genealogists as a core text in college courses and throughout the public history community Over the past decades the development of digital audio and video recording technology has continued to alter the practice of oral history making it even easier to produce quality recordings and to disseminate them on the Internet This basic manual offers detailed advice on setting up an oral history project conducting interviews making video recordings preserving oral history collections in archives and libraries and teaching and presenting oral history Using the existing Q A format the third edition asks new questions and augments previous answers with new material particularly in these areas 1 Technology As before the book avoids recommending specific equipment but weighs the merits of the types of technology available for audio and video recording transcription preservation and dissemination Information about web sites is expanded and more discussion is provided about how other oral history projects have posted their interviews online 2 Teaching The new edition addresses the use of oral history in online teaching It also expands the discussion of Institutional Review Boards IRBs with the latest information about compliance issues 3 Presentation Once interviews have been conducted there are many opportunities for creative presentation There is much new material available on innovative forms of presentation developed over the last decade including interpretive dance and other public performances 4 Legal considerations The recent Boston College case in which the courts have ruled that Irish police should have access to sealed oral history transcripts has refocused attention on the problems of protecting donor restrictions The new edition offers case studies from the past decade 5 Theory and Memory As a beginner's manual Doing Oral History has not dealt extensively with theoretical issues on the grounds that these emerge best from practice But the third edition includes the latest thinking about memory and provides a sample of some of the theoretical issues surrounding oral sources It will include examples of increased studies into catastrophe and trauma and the special considerations these have generated for interviewers 6 Internationalism Perhaps the biggest development in the past decade has been the spreading of oral history around the world facilitated in part by the International Oral History

Association New oral history projects have developed in areas that have undergone social and political upheavals where the traditional archives reflect the old regimes particularly in Eastern Europe the Middle East Asia Africa and Latin America The third edition includes many more references to non U S projects that will still be relevant to an American audience These changes make the third edition of *Doing Oral History* an even more useful tool for beginners teachers archivists and all those oral history managers who have inherited older collections that must be converted to the latest technology
