### **Sometimes You See It Coming A Novel:**

**The Cultural Encyclopedia of Baseball, 2d ed.** Jonathan Fraser Light, 2016-03-25 More than any other sport baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major League's decision to integrate and the words and phrases of the game, for example pinch hitter and out in left field, have become common in our everyday language. From AARON HENRY onward, this book covers all of what might be called the cultural aspects of baseball as opposed to the number-rich statistical information so widely available elsewhere. Biographical sketches of all Hall of Fame players, owners, executives, and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners, and league presidents. Advertising agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs. *Baseball Books* Mike Shannon, 2024-10-14 It is widely and wrongly assumed that books are never so valuable as when they lie unopened before us, waiting to be read. Good books bear multiple readings and not merely because our memories fail us; the desire to repeat a good reading experience can be its own powerful motivation. And for bibliophiles, books can also be works of art, physical objects with an aesthetic value all their own. This guide for the book-loving baseball fan is written by one of the most knowledgeable collectors in the country, author and editor Mike Shannon. Beginning with a history of baseball books and collecting, it also identifies the most sought-after titles and explains how to find them, what to pay, and how to maintain their condition. *Struck from Behind* James C. Howell, 2012-11-29 *Struck from Behind* is a memoir but not the usual narrative of events. James Howell tells intriguing stories from childhood, romantic life, travel, friendships, tragedies, and wonders, and how God was there, although unnoticed or uninvited at the time. By sharing in retrospect how he now understands God's presence in seemingly mundane moments, we begin to sense something of God's way in the world and in our own lives. Howell has been a successful pastor and published theologian. In *Struck from Behind*, he opens up his own private life as a window into God's hidden activity. When he remembers, then we too remember God and begin to notice and become grateful. *Fyodor Dostoyevsky: The Complete Novels (The Giants of Literature - Book 2)* Fyodor Dostoyevsky, 2023-12-25 Fyodor Dostoyevsky's *The Complete Novels: The Giants of Literature Book 2* offers readers a comprehensive exploration of the masterful novels that cemented Dostoyevsky's status as a titan of literary realism. This collection showcases his intricate narrative style, characterized by psychological depth, moral complexity, and existential inquiry. Set against the tumultuous backdrop of 19th-century Russia, the novels tackle profound themes such as faith, free will, and the nature of suffering, while engaging with the philosophical currents of the time, including nihilism and existentialism.

Fyodor Dostoyevsky a writer whose life experiences marked by poverty imprisonment and a struggle with mental health profoundly shaped his worldview produced these works as both a response to his tumultuous society and an exploration of the human condition His encounters with radical ideologies and personal crises informed the philosophical dialogues that populate his narratives making him an indispensable figure in modern literature Dostoyevsky's unparalleled ability to delve into the human psyche allows readers to confront their own beliefs and doubts This complete collection is highly recommended for anyone seeking an immersive journey into the intricacies of the human soul Dostoyevsky's timeless explorations of morality and existence resonate powerfully today inviting readers to reflect deeply and question the nature of their realities Delve into the mind of one of literature's greatest voices and discover the relevancy and nuance of his expansive oeuvre
