Mestizo Nations Juan E. De Castro, 2022-08-30 Nationality in Latin America has long been entwined with questions of racial identity Just as American born colonial elites grounded their struggle for independence from Spain and Portugal in the history of Amerindian resistance constructions of nationality were based on the notion of the fusion of populations heterogeneous in culture race and language But this rhetorical celebration of difference was framed by a real life pressure to assimilate into cultures always defined by Iberian American elites In *Mestizo Nations* Juan De Castro explores the construction of nationality in Latin American and Chicano literature and thought during the nineteenth and twentieth centuries Focusing on the discourse of mestizaje which proposes the creation of a homogenous culture out of American Indian black and Iberian elements he examines a selection of texts that represent the entire history and regional landscape of Latin American culture in its Western indigenous and neo African traditions from Independence to the present Through them he delineates some of the ambiguities and contradictions that have beset this discourse Among texts considered are the Indianist novel *Iracema* by the nineteenth century Brazilian author Jos de Alencar the *Tradiciones peruanas* Peruvian Ricardo Palma s fictionalizations of national difference and historical and sociological essays by the Peruvian Marxist Jos Carlos Mari tegui and the Brazilian intellectual Gilberto Freyre And because questions raised by this discourse are equally relevant to postmodern concerns with national and transnational heterogeneity De Castro also analyzes such recent examples as the Cuban dance band Los Van Van s use of Afrocentric lyrics Richard Rodriguez s interpretations of North American reality and points of contact and divergence between Jos Mar a Arguedas s novel *The Fox from Up Above and the Fox from Down Below* and writings of Gloria Anzald a and Julia Kristeva By updating the concept of mestizaje as a critical tool for analyzing literary text and cultural trends incorporating not only race culture and nationality but also gender language and politics De Castro shows the implications of this Latin American discursive tradition for current critical debates in cultural and area studies *Mestizo Nations* contains important insights for all Latin Americanists as a tool for understanding racial relations and cultural hybridization creating not only an important commentary on Latin America but also a critique of American life in the age of multiculturalism

of cover The Power of Race in Cuba Danielle Pilar Cleland,2017 In *The Power of Race in Cuba* Danielle Pilar Cleland analyzes racial ideologies that negate the existence of racism and their effect on racial progress and activism through the lens of Cuba Since 1959 Fidel Castro and the Cuban government have married socialism and the ideal of racial harmony to create a formidable ideology that is an integral part of Cubans sense of identity and their perceptions of race and racism in their country While the combination of socialism and a colorblind racial ideology is particular to Cuba strategies that paint a picture of equality of opportunity and deflect the importance of race are not particular to the island s ideology and can be found throughout the world and in the Americas in particular By promoting an anti discrimination ethos diminishing class differences at the onset of the revolution and declaring the end of racism Castro was able to unite belief in the revolution to belief in the erasure of racism The ideology is bolstered by rhetoric that discourages racial affirmation The second part of the book examines public opinion on race in Cuba particularly among black Cubans It examines how black Cubans have indeed embraced the dominant nationalist ideology that eschews racial affirmation but also continue to create spaces for black consciousness that challenge this ideology *The Power of Race in Cuba* gives a nuanced portrait of black identity in Cuba and through survey data interviews with formal organizers hip hop artists draws from the many black spaces both formal and informal to highlight what black consciousness looks like in Cuba

New York and the International Sound of Latin Music, 1940-1990 Benjamin Lapidus,2020-12-28 New York City has long been a generative nexus for the transnational Latin music scene Currently there is no other place in the Americas where such large numbers of people from throughout the Caribbean come together to make music In this book Benjamin Lapidus seeks to recognize all of those musicians under one mighty musical sound especially those who have historically gone unnoticed Based on archival research oral histories interviews and musicological analysis Lapidus examines how interethnic collaboration among musicians composers dancers instrument builders and music teachers in New York City set a standard for the study creation performance and innovation of Latin music Musicians specializing in Spanish Caribbean music in New York cultivated a sound that was grounded in tradition including classical jazz and Spanish Caribbean folkloric music For the first time Lapidus studies this sound in detail and in its context He offers a fresh understanding of how musicians made and formally transmitted Spanish Caribbean popular music in New York City from 1940 to 1990 Without diminishing the historical facts of segregation and racism the musicians experienced Lapidus treats music as a unifying force By giving recognition to those musicians who helped bridge the gap between cultural and musical backgrounds he recognizes the impact of entire ethnic groups who helped change music in New York The study of these individual musicians through interviews and musical transcriptions helps to characterize the specific and identifiable New York City Latin music aesthetic that has come to be emulated internationally

rez Sandino's Nation is essential to understanding transformations to both Nicaragua and the role of the writer in Latin America The Cigar Roller Pablo Medina,2007-12-01 The celebrated Cuban American poet and novelist offers a fine portrait of a hedonist and a cad set in the Cuban expatriate community in Florida The New York Times Pablo Medina's The Cigar Roller recounts the life of Cuban master cigar roller Amadeo Terra A proud and capricious man tobacco has been the center of his life the source of his passion Though he committed many sins in his time he was always forgiven due to his considerable talents with the leaves An imperious patriarch of enormous appetites Amadeo now lies in a Florida hospital after suffering a stroke And only now does he finally look back at his previously unexamined life One day his nurse feeds him mango from a baby food jar a change from the tasteless mush he frequently rejects and the taste brings memories of his life in Havana flooding back to him He recalls his turbulent passionate relationship with his wife Julia his numerous romantic transgressions the three sons he's kept at a distance the political strife that forced his family to relocate from Cuba to Florida and finally the tragedy that he's kept locked away all these years The Cigar Roller is an evocative snapshot of an era gone up in smoke and a portrait of a once robust man who at the end of his imperfect life clamors for a quotient of dignity and grace as he comes to terms with his regrets Detroit Free Press Cosas que pasan Fernando Romero Fajardo,1902 **Fuga Ilegal Peligrosa** Jose Ulloa,2011-02 FUGA ILEGAL PELIGROSA Tan real como la vida misma Una narracion sencilla y amena donde se relatan los momentos dificiles y angustiosos a los que se enfrentan los inmigrantes cubanos venciendo muchas dificultades en una travesia peligrosa a traves del Estrecho de la Florida en busca de un mundo mejor donde en muchas ocasiones encuentran la muerte Estos relatos han sido contados por muchos en las esquinas en los juegos de domino en los bares etc pero muy pocos se han dedicado a escribirlos Es en sintesis un llamado a la reflexion y una alerta ante el peligro **Our Caribbean** Thomas Glave,2008 The first anthology of lesbian and gay writing from the Caribbean The Cholo Tree Daniel Chacón,2017-05-31 Do you know what a stereotype you are Jessica asks her son You're the existential Chicano Fourteen year old Victor has just been released from the hospital his chest is wrapped in bandages and his arm is in a sling He has barely survived being shot and his mother accuses him of being a cholo something he denies She's not the only adult that thinks he's a gangbanger His sociology teacher once sent him to a teach in on gang violence Victor's philosophy is that everyone is racist They see a brown kid they see a banger Even other kids think he's in a gang maybe because of the clothes he wears The truth is he loves death metal that is reading books drawing the cartoonist Lalo Alcaraz and the Showtime series Weeds He likes school and cooking He knows what a double negative is But he can't convince his mom that he's not in a gang And in spite of a genius girlfriend and an art teacher who mentors and encourages him to apply to art schools Victor can't seem to overcome society's expectations for him In this compelling novel renowned Chicano writer Daniel Chacón once again explores art death ethnicity and racism Are Chicanos meant for meth houses instead of art schools Are talented Chicanos never destined to study in Paris Cuba Ted A. Henken,2007-10-03 This fascinating work provides an

enlightening guided tour of the island of Cuba's historical political economic and sociocultural development from the pre-Columbian period to the present. Cuba: A Global Studies Handbook offers a revealing look at a nation that in its ongoing pursuit of freedom has been a colonial pawn, a neocolonial paradise for corrupt politicians and dictators, an alluring vacation destination, a defiant Communist holdout, and embarrassing thorn in the side of the powerful United States. Drawing heavily on his own research and experiences on the island, the author follows Cuba's political economic and sociocultural development from the pre-Columbian period to the present, with an emphasis on the revolutionary period. The book's reference section includes alphabetically organized entries on important people, places, and historical events, as well as shorter sections on Cuban Spanish national traditions and holidays, cuisines, and important organizations. Also featured is a chart tracing the development of Cuban popular music and a listener's guide to some of the best available recordings.

Matters of Inscription Christina A. León, 2024-08-13. *Matters of Inscription: Reading Figures of Latinidad* argues that Latinx inscriptions require us to read at the edge of materiality and semiosis, charting a nimble method for reading various forms of Latinx marks and even the word Latinx across art, performance, poetry, plays, and fiction. **Tropics of Desire** Jose Quiroga, 2000-11. While not on the scale of their European and North American counterparts, gays and lesbians have become increasingly open and visible in urban Latin America, with large public displays recently held in Buenos Aires, Mexico, Rio de Janeiro, and Sao Paulo. This increased visibility is forcing the general public to come to terms with what has until now been a silent part of their population. This book takes a personal look at the activities of Latin America's homosexual community and the varying perception of it by the populace as a whole. c. Book News Inc. Operation Pedro Pan Gronbeck-Tedesco, John A. Gronbeck-Tedesco, 2022-10. At the outset, the proposal seemed modest: transfer two hundred unaccompanied Cuban children to Miami to save them from communism. The time apart from their parents would be short, only until Fidel Castro fell from power by the result of U.S. force, Cuban counterrevolutionary tactics, or a combination of both. Families would be reunited in a matter of months. A plan was hatched, and it worked until it ballooned into something so unwieldy that within two years the modest proposal erupted into what at the time was the largest migration of unaccompanied minors to the United States. *Operation Pedro Pan* explores the undertaking sponsored by the Miami Catholic Diocese, federal and state offices, child welfare agencies, and anti-Castro Cubans to bring more than fourteen thousand unaccompanied children to the United States during the Cold War. Operation Pedro Pan was the colloquial name for the Unaccompanied Cuban Children's Program, which began under government largesse in February 1961. Children without immediate family support in the United States: some 8,300 minors received group and foster care through the Catholic Welfare Bureau and other religious, governmental, and nongovernmental organizations, as young people were dispersed throughout the country. Using personal interviews and newly unearthed information, Operation Pedro Pan provides a deeper understanding of how and why the program was devised. John A. Gronbeck-Tedesco demonstrates how the seemingly mundane conditions of everyday life can suddenly uproot civilians from

their routines of work church and school and thrust them into historical prominence The stories told by Pedro Pans are filled with horror and resilience and contribute to a refugee memory that still shapes Cuban American politics and identity today

Comparative Racial Politics in Latin America Kwame Dixon, Ollie A. Johnson III, 2018-09-04 Latin America has a rich and complex social history marked by slavery colonialism dictatorships rebellions social movements and revolutions *Comparative Racial Politics in Latin America* explores the dynamic interplay between racial politics and hegemonic power in the region It investigates the fluid intersection of social power and racial politics and their impact on the region s histories politics identities and cultures Organized thematically with in depth country case studies and a historical overview of Afro Latin politics the volume provides a range of perspectives on Black politics and cutting edge analyses of Afro descendant peoples in the region Regional coverage includes Argentina Brazil Colombia Cuba the Dominican Republic Ecuador Haiti and more Topics discussed include Afro Civil Society antidiscrimination criminal law legal sanctions racial identity racial inequality and labor markets recent Black electoral participation Black feminism thought and praxis comparative Afro women social movements the intersection of gender race and class immigration and migration and citizenship and the struggle for human rights Recognized experts in different disciplinary fields address the depth and complexity of these issues *Comparative Racial Politics in Latin America* contributes to and builds on the study of Black politics in Latin America
