*Texts and Textuality* Philip G. Cohen, 2018-12-20 These essays deal with the

scholarly study of the genesis transmission and editorial reconstitution of texts by exploring the connections between textual instability and textual theory interpretation and pedagogy What makes this collection unique is that each essay brings a different theoretical orientation New Historicism Poststructuralism or Feminism to bear upon a different text such as Whitman s Leaves of Grass Faulkner s The Sound and the Fury or hypertext fiction to explore the dialectical relationship between texts and textuality The essays bring some of the textual theories that compete with each other today into contact with a broad range of primarily literary textual histories That texts are intrinsically unstable frequently consisting of a series of determinate historical versions has consequences for all students of literature because different versions of a literary work frequently help shape different readings independently of the interpretations brought to bear upon them Textual instability of the works is relevant to our understanding of how the meanings of texts are generated The contributors build on the numerous challenges to the Anglo American editorial tradition mounted during the past decade by scholars as diverse as Jerome McGann D F McKenzie Peter Shillingsburg D C Greetham Hershel Parker and Hans Walter Gabler The volume contributes to the paradigm shift in textual scholarship inaugurated by these scholars Index      **LIFE** ,1968-03-15 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use
