livelihoods and sustainability The chapters in this book were originally published as a special issue of the journal Business History

**Equivocal City** Patrick Coleman, 2018-10-30 The study of Montreal as a specific location in French and English writings has long been subordinated to the demands of linguistically divided and politically contentious narratives about national development In this cross linguistic study Patrick Coleman models an inclusive and post national literary history of the city itself Tracing a sequence of moments in the emergence of the Montreal novel from World War II to the turbulent 1960s *Equivocal City* offers close readings of fourteen key works of fiction focusing on the inner dynamic of their construction as well as the unexpected convergences and contrasts in the narrative structures they adopt and the aesthetic perspective they seek to achieve Critically sophisticated but accessibly written this book gives a sympathetic account of how writers in both languages struggled to give integrated artistic expression to their experience of a city that was still linguistically compartmentalized and culturally insecure By analyzing the interplay between story and narrative form the book explores what French and English novelists could and could not imagine about the Montreal they sought to portray From the responsible realism of Hugh MacLennan and Gabrielle Roy to the fractious phantasmagorias of Jacques Ferron and Leonard Cohen *Equivocal City* traces the evolution of the Montreal novel with the aim of retrieving a shareable literary past

Racial Attitudes in English-Canadian Fiction, 1905-1980 Terrence Craig, 2010-10-30 *Racial Attitudes in English Canadian Fiction* is a critical overview of the appearances and consequences of racism in English Canadian fiction published between 1905 and 1980 Based on an analysis of traditional expressions in literature of group solidarity and resentment the study screens English Canadian novels for fictional representations of such feelings Beginning with the English Canadian reaction to the mass influx of immigrants into Western Canada after World War One it examines the fiction of novelists such as Ralph Connor and Nellie McClung The author then suggests that the cumulative effect of a number of individual voices such as Grove and Salverson constituted a counter reaction which has been made more positive by Laurence Lydenko Richler and Clarke The debate between these two sides carried on in fictional and non fictional writing is seen to be in part resolved in synthesis after World War Two as attitudes are forced by wartime alliances and intellectual pressures into a qualified liberalism The author shows how single novels by Graham Bodsworth and Callaghan demonstrated a new concern for the exposure and eradication of racial discrimination an attitude taken further by the works of Wiebe and Klein The book concentrates on single texts that best portray deliberately or not racist ideology or anti racist arguments and attempts to explain the arousal in Canada of such ideas

**Mordecai Richler's Imperfect Search for Moral Values** Shana Rosenblatt

Mauer, 2022-08-15 From his debut as a novelist Mordecai Richler challenged provoked enraged entertained and surprised readers Criticizing him for his portrayals of Canada and accusing him of being anti Jewish many found his mix of progressive sympathies and illiberal satire confounding but hard to ignore His novels were too engaging their subjects crackled with contemporary relevance and their humour was irresistible Mordecai Richler's *Imperfect Search for Moral Values* is an

investigation into Richler's novels and the conflicting reactions they provoked. Taking into consideration the most prevalent and volatile responses to his novels, Shana Mauer examines the texts themselves and assesses how they stand up to these reactions. She asks whether the backlash was justified and whether these novels savaged Canada, maligned the Jewish community, disparaged women, mocked gays, and generally despaired of modern life and contemporary culture. As the first study of Richler's entire corpus, this book considers these issues in the context of a long career, one as consistent as it was varied, in which an ideological discourse often but not always evolved. Turning away from impressions, assumptions, and generalizations many informed by Richler's non-fiction and on-record comments, Mauer focuses instead on the substance of the novels themselves, finding there a restless search for lasting moral value. Mordecai Richler's *Imperfect Search for Moral Values* explores the construction of literary texts that have made Richler one of the most intriguing and successful modern writers, as well as an essential voice in Canadian and Jewish literature in the second half of the twentieth century.
