illustrated with roughly 150 paintings drawings and maps that shed their own light on the province s history British Columbia as we know it geographically and politically today did not exist until 1858 The boundaries of the present day province were defined in a piecemeal and haphazard manner and are still disputed by the First Nations who have never accepted the 1927 agreement between the federal and the provincial governments that defined the extent of their territories within the province Historians can never entirely escape superimposing the tidy political map of contemporary British Columbia over an untidy geography and an equally untidy history Human conflict and human diversity mark British Columbia s past Based on current scholarship this volume provides a detailed account of the multitude of experiences within British Columbia British Columbia Land of Promises continues the tradition of sound scholarship and easy readability of the previous volumes in Oxford s Illustrated History of Canada series Previous volumes were praised for being richly illustrated readable detailed and opinionated London Free Press and attractive as individual volumes to those who want an introduction to a particular region and as part of a series to those who are looking for a new general history of Canada Quill and Quire

**Party Movements in the United States and Canada** Mildred A. Schwartz,2006 Party movements can be described as political organizations that both participate in the electoral process and have social movement qualities They appear frequently in both Canada and the United States Many of these movements face huge organizational problems and yet they display remarkable resilience signaling both continuing political dissatisfactions as well as possibilities for changing political outcomes This book demonstrates how organizational theory can be useful for understanding party movements and also expands on the idea of continuity contributing new ways of thinking about how organizations change and survive in the face of recurring dilemmas This look inside party movements at the organizational

problems they face and the strategies employed to deal with them represents a new way of accounting for their history that contrasts with perspectives focusing solely on external conditions *The Winged Foot*, 1920 *The Social Credit Movement in Alberta* John A. Irving, 1959-12-15 On the night of August 22 1935 as Canadians listened to their radios they heard with amazement and incredulity that the first Social Credit government in the world had been elected that day in the province of Alberta Before the tabulation of votes was completed telephone calls from New York and London headlines in newspapers spot news in broadcasts had confirmed the slogan of Social Crediters The Eyes of the World are on Alberta The morning after the election a number of people lined up at the city hall in Calgary to collect the first installment of the Social Credit dividend of 25 monthly which they confidently believed would be immediately forthcoming from their new government This quotation from Professor Irving's book indicates how the apparent suddenness of the Social Credit rise to power and the magnitude of the victory aroused world wide comment Why had the doctrines of Social Credit promoted unsuccessfully in the British Commonwealth and the United States for nearly twenty years achieved political acceptance in Alberta Why had the people of Alberta elected to public office persons so little experienced in the economic and political world as William Aberhart and his Social Credit colleagues Professor Irving answers these questions and analyses systematically and comprehensively the rise of the movement as a phenomenon of mass psychology His study based mainly on interviews supplemented with references to private papers newspapers and government sources provides a truly fascinating record

**Stephen Harper** Lloyd Mackey, 2006-11 Can Harper's carefully crafted conservatism carry the day in the 21st century's third federal election **CAMUS** Peter Robbins, 2021-06-14 CAMUS Absurd North America By Peter Robbins CAMUS Absurd North America is intended as a humorous comparison of US and Canadian political language and culture more entertaining than enlightening Some of its topical references will inevitably lose topicality because of the unstoppable flow of political and other events Two aspects of it may be of special interest aboriginal affairs in Canada mostly and Social Credit government in BC a curiosity for most Canadians too One take away might be a philosophical in both senses of that word reaction to politics Thin Power Andy Marshall, 2016-07-18 Thin Power is the unauthorized biography of former mayor of Calgary Rod Sykes featuring the achievements and bitter controversies of his eight year term ending in 1977 Publicly revealed for the first time are details of Sykes unorthodox upbringing in Victoria B C his rise to the mayoralty and his doomed attempt at provincial politics as leader of the Alberta Social Credit Party in the early 1980s It offers an entertaining look into a fascinating era of growth and change in the history of Calgary and Alberta and takes the reader up close to the successes and failures of one of the nation's most divisive politicians Sykes' friendship with prominent former leaders including Prime Minister Pierre Trudeau and Alberta Premier Ernest Manning are explored in detail His fractious relationship with Alberta Premier Peter Lougheed and his strange connection to British royalty are also examined The gall and the guts of this stick thin politician in a grey suit will amaze modern readers just as it did those who watched as he single handedly transformed

Fideler, 2017-12-14 In a bygone era when twentieth century Proper Bostonians mixed Beacon Hill formalities with countryside pleasures Margaret Pearmain Welch 1893 1984 defied the mores of her social set and got away with it She was the epitome of everything expected and much that was scandalous Known as a debutante dancer world traveler and hostess she was also an indefatigable activist writer lecturer lobbyist fundraiser and opinion shaper grande dame as well as proverbial little old lady in combat boots footwear more appropriate to confrontation than tennis shoes A descendant of seventeenth century dissenter Anne Hutchinson and just as independent she embraced Quaker ideals of religious tolerance conscientious objection and civil liberties as well as worship without the benefit of clergy Margaret was the quintessential socialite who established Waltz Evenings in her Louisburg Square drawing room and also the beauty whose marriages and divorces caused ostracism At the same time she worked tirelessly on women's suffrage reproductive rights world peace environmental protection monetary reform land conservation and more As the indomitable matriarch of an extended family and chronicler of its history her efforts at self-fashioning produced a unique persona blending insistence on proprieties with a keen awareness of twentieth century social cultural political and economic shifts      **Toward Defining the Prairies** Robert Wardhaugh, 2001-04-30 New ways of thinking about literature and history have radically changed how we think about or even define a region like the Prairie West In fact the very concept of defining has come into question by new theoretical approaches and it may now seem a hopeless endeavour But the process of defining can be just as important as the actual production of a definition *Toward Defining the Prairies* highlights recent approaches to thinking about the Prairie West Bounded by pieces from well known historian Gerald Friesen and Governor General's Award winning writer Robert Kroetsch these 13 essays are as diverse as the region itself In their examination of different aspects of Prairie history literature climate society culture and identity they help to provide a new understanding of this place and of the complexities of its definition      *The Social Credit Phenomenon in Alberta* Alvin Finkel, 1989-01-01 In this account of the Social Credit transformation Alvin Finkel challenges earlier works which focus purely on Social Credit monetary fixations and religiosity
