The Spirit and the Song Steven Félix-Jäger, Chris E. W. Green, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God s Spiritedness Can the experience of music speak to human spiritedness the world s transcendentality or a person s own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music s placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music

Reading the Song of Songs with St. Thomas Aquinas Serge-Thomas Bonino, 2022-08-24 St Thomas Aquinas never commented on the Song of Songs The purpose of this book is to demonstrate however that he meditated on it and absorbed it so that the words of the Song are for him a familiar repertoire and a theological source His work contains numerous citations of the Song not counting his borrowings of vocabulary and images from it In total there are 312 citations of the Song in Aquinas s corpus along with citations of the Song that are found in citations that Aquinas makes of other authors as for example in the Catena aurea Understanding the purpose and placement of these citations significantly enriches our understanding of Aquinas as a theologian biblical exegete and spiritual master The book contains an Appendix listing and contextualizing each citation The study of the citations of the Song especially illuminates Aquinas s spiritual doctrine By citing the Song Aquinas emphasizes the spiritual life s path of dynamic ascent through an ever increasing participation in the mystery of the nuptial union of Christ and the Church through love The Song also highlights the eschatological tension or yearning present in the spiritual life which is ordered to the fullness of beatific vision Although Aquinas s theology is highly intellectual by citing the Song he brings out the affective character of the spiritual life and conveys the centrality of love in the soul s journey toward Christ He also draws together contemplation and preaching through his use of the Song

Yaw Boadu-Ayeboah, 2006-10-26 *Planting Letters and Weaving Lines* Jonathan Homrighausen, 2022-11-17 The illuminations of The Saint John's Bible have delighted many with their imaginative takes on Scripture. But many struggle to appreciate the calligraphy more deeply than merely noting its beauty. Does calligraphy mean something? How is it beautiful? This book, written by a biblical scholar who has spent years working with this Bible, shows how calligraphic art powerfully interplays visual form, textual content, and creative process. Homrighausen proposes five lenses for this art form: gardens, weaving, pilgrimage, touching, and enfleshing words. Each of these lenses springs from the poetry of the Song of Songs, its illuminations in The Saint John's Bible, and medieval ways of understanding the scribe's craft. While these metaphors for calligraphic art draw from this particular illuminated Bible, this book is aimed at all lovers of calligraphy, art, and sacred text.

Nekola, Tom Wagner, 2016-05-23 Congregational music can be an act of praise, a vehicle for theology, an action of embodied community, as well as a means to a divine encounter. This multidisciplinary anthology approaches congregational music as media in the widest sense, as a multivalent communication action with technological, commercial, political, ideological, and theological implications, where processes of mediated communication produce shared worlds and beliefs. Bringing together a range of voices promoting dialogue across a range of disciplines, each author approaches the topic of congregational music from his or her own perspective, facilitating cross-disciplinary connections while also showcasing a diversity of outlooks on the roles that music and media play in Christian experience. The authors break important new ground in understanding the ways that music, media, and religious belief and praxis become lived theology in our media age, revealing the rich and diverse ways that people are living, experiencing, and negotiating faith and community through music.
