The Song of the Cold Edith Sitwell, 1946 *Cold War Cities* Tze-ki Hon, 2021-08-26 This book is a dynamic study of the range of experiences of the Cold War in Europe East Asia and Southeast Asia in the 20th century Comprised of ten chapters from a diverse team of scholars from Europe East Asia and North America this edited volume furthers the study of the Cold War in two ways First it underscores the global scope of the Cold War Beginning from Europe and extending to East and Southeast Asia it focuses attention on the overlapping local national regional and international rivalries that ultimately divided the world into two opposing camps Second it shows that the Cold War had different impacts in different places Although not all continents are included this volume demonstrates that the bipolar system was not monolithic and uniform By comparing experiences in various cities this book critically examines the ways in which the bipolar system was circumvented or transformed particularly in places where the line between the Free World and the Communist World was unclear Cold War Cities will appeal to students and scholars of history and Cold War studies cultural geography and material cultures as well as East and Southeast Asian studies

Global Cold War Literature Andrew Hammond, 2011-12-21 In countries worldwide the Cold War dominated politics society and culture during the second half of the twentieth century Global Cold War Literatures offers a unique look at the multiple ways in which writers from Asia Africa Europe and North and South America addressed the military conflicts revolutions propaganda wars and ideological debates of the era While including essays on western European and North American literature the volume views First World writing not as central to the period but as part of an international discussion of Cold War realities in which the most interesting contributions often came from marginal or subordinate cultures To this end there is an emphasis on the literatures of the Second and Third Worlds including essays on Latin American poetry Soviet travel writing Chinese autobiography African theatre North Korean literature Cuban and eastern European fiction and Middle Eastern fiction and poetry With the post Cold War era still in a condition of emergence it is essential that we look back to the 1945-89 period to understand the political and cultural forces that shaped the modern world The volume's analysis of those forces and its focus on many of the hot spots Afghanistan Iran North Korea that define the contemporary war on terror make this an essential resource for those working in Postcolonial American and English Literatures as well as in History Comparative Literature European Studies and Cultural Studies Global Cold War Literatures is a suitable companion volume to Hammond's Cold War Literature Writing the Global Conflict also available from Routledge

The Cityscapes of Taipei, Hong Kong, and Singapore during the Cold War Tze-ki Hon, Ying-kit Chan, 2025-10-01 This volume presents a comparative analysis of three key cities Hong Kong Singapore and Taipei during the Cold War Strategically positioned within international trade networks these cities also served as critical nodes for both regional conflicts and cooperation The comparison primarily focuses on their urban landscapes drawing on the memories embedded in their collective memoryscapes the imagery presented in their filmscapes and the perceptions of their inhabitants as reflected in fiction and films that portrayed urban life and the

experiences of ordinary people The Cityscapes of Taipei Hong Kong and Singapore during the Cold War explores both the shared characteristics of these cities as frontiers in the bipolar global system divided between Communism and the Free World and their distinctive features as unique spaces shaped by their own meanings and opportunities Cold War Fighter Pilots Songbook Fortuna Call Sign:,2024-01-26 The compilation of the book contains not all the songs Fighter Pilots sung during the Cold War era but quite a lot The sources were exclusively my collection of unpublished Squadron Songbooks throughout the English speaking Fighter Pilots Community They reflect the sheer emotions the black humors of ill fated conflicts and the absence of women during their deployments At the time the compilation is published most of the songs are already banned from the Squadrons and O Clubs and within short time they will be forgotten as a Social Squadron Part of a special Breed of Aviators during the 60s through 90s Some songs contain words which were used only at the bar after some beer

The Complete Poetry of Percy Bysshe Shelley Donald H. Reiman, Neil Fraistat, 2003-05-07 The first American edition of Shelley's complete poetry since 1892 with more poems fragments and collations than any previous collective edition Winner of the Richard J Finneran Award of the Society for Textual Scholarship CHOICE Outstanding Academic Title of the Choice ACRL A milestone in literary scholarship the publication of the Johns Hopkins edition of The Complete Poetry of Percy Bysshe Shelley makes available for the first time critically edited clear texts of all poems and translations that Shelley published or circulated among friends as well as diplomatic texts of his significant incomplete poetic drafts and fragments Edited upon historical principles by Donald H Reiman and Neil Fraistat the multi volume edition will offer more poems and fragments than any previous collective edition arranged in the order of their first circulation These texts are followed by the most extensive collations hitherto available and detailed commentaries that describe their contextual origins and subsequent reception Rejected passages of released poems appear as supplements to those poems while other poetic drafts that Shelley rejected or left incomplete at his death will be grouped according to either their publication histories or the notebooks in which they survive Volume One includes Shelley's first four works containing poetry all prepared for publication before his expulsion from Oxford as well as The Devil's Walk circulated in August 1812 and a series of short poems that he sent to friends between 1809 and 1814 including a bawdy satire on his parents and Oh wretched mortal a poem never before published An appendix discusses poems lost or erroneously attributed to the young Shelley These early poems are important not only biographically but also aesthetically for they provide detailed evidence of how Shelley went about learning his craft as a poet and the differences between their tone and that of his mature short poetry index a radical change in his self image The poems in Volume I then demonstrate Shelley's capacity to write verse in a range of stylistic registers This early verse even in its most abandoned forays into Sensibility the Gothic political satire and vulgarity perhaps especially in these most apparently idiosyncratic gestures provides telling access to its own cultural moment as well as to Shelley's art and thought in general from the Editorial Overview
