

THE DISCOVERY OF DURA-EUROPOS

Clark Hopkins

edited by Bernard Goldman

The Discovery Of Dura Europos

Clark Hopkins

The Discovery Of Dura Europos:

The Discovery of Dura-Europos Clark Hopkins, 1979 From the third century A D until the 1920s the ancient city of Dura which the Greeks called Europos lay covered by the sands of time Today hardly a book that touches on the ancient Eastern Mediterranean or on the development of art and religion in the West is without reference to the spectacular discoveries made at this site on the western bank of the Euphrates River The Parthian Temple the painted Christian Chapel and the standing Jewish Synagogue with its four walls covered with paintings from the Old Testament are vital sources for the understanding of pagan religions Judaism in the early centuries of the Christian Era and early Christianity The chance discovery of Dura by British troops in 1920 and its subsequent study of French and American archaeologists resulted in one of the most famous archaeological recoveries of the twentieth century Scholarly publication of the finds at Dura has been copious but here the exciting story of the actual campaigns is revealed As Dura s riches are gradually uncovered through these chapters a deeper understanding of their meaning emerges *The Discovery of Dura-Europos* Clark Hopkins,

Dura-Europos Jennifer Baird, 2018-06-14 Dura Europos is one of Syria s most important archaeological sites Situated on the edge of the Euphrates river it was the subject of extensive excavations in the 1920s and 30s by teams from Yale University and the Acad mie des Inscriptions et Belles Lettres Controlled variously by Seleucid Parthian and Roman powers the site was one of impressive religious and linguistic diversity it was home to at least nineteen sanctuaries amongst them a Synagogue and a Christian building and many languages including Greek Latin Persian Palmyrene and Hebrew which were excavated on inscriptions parchments and graffiti Based on the author s work excavating at the site with the Mission Franco Syrienne d Europos Doura and extensive archival research this book provides an overview of the site and its history and traces the story of its investigation from archaeological discovery to contemporary destruction *Religion, Society and Culture at Dura-Europos* Ted Kaizer, 2016-11-17 This volume advances our understanding of the religion society and culture of Dura Europos the small town on the Euphrates known since the 1930s as the Pompeii of the Syrian desert Several features make the site potentially our best source for day to day life in a small town situated on the periphery of the Roman world inscriptions and graffiti in ten ancient languages sculptures and frescoes combining elements of Classical and Oriental art the most important papyrological dossier of any military unit in the Roman world documents relating to the local economy over a dozen pagan sanctuaries plus a famously painted synagogue and the earliest Christian house church all set in a gridiron city plan and surrounded by well preserved fortifications Dura s unique findings facilitate the study of life in a provincial small town to a degree that archaeology and history do not usually allow **Mithraic Studies** John R. Hinnells, 1975 **The Excavations at Dura-Europos** Yale University, 1929 **The Hellenistic Settlements in Syria, the Red Sea Basin, and North Africa** Getzel M. Cohen, 2006-10-03 This authoritative and sweeping compendium the second volume in Getzel Cohen s organized survey of the Greek settlements founded or refounded in the Hellenistic period provides

historical narratives detailed references citations and commentaries on all the settlements in Syria The Red Sea Basin and North Africa from 331 to 31 BCE Organized geographically the volume pulls together discoveries and debates from dozens of widely scattered archaeological and epigraphic projects Cohen s magisterial breadth of focus enables him to provide more than a compilation of information the volume also contributes to ongoing questions and will point the way toward new avenues of inquiry The Excavations at Dura-Europos: 6th season, October 1932-March 1933 Yale University,1936

The Hellenistic Settlements in Europe, the Islands, and Asia Minor Getzel M. Cohen,1995 This is an important book which should become the standard reference work on Hellenistic colonies in Greece and Asia Minor Richard A Billows Columbia University Professor Cohen provides us with a comprehensive survey of over a half century of archaeological activity and an indispensable reference tool for those interested in Hellenistic political history and the urban history of antiquity The scholarship is superior in every respect Stanley Burstein California State University Los Angeles

Resurrecting the Past Sarah Griswold,2025-09-15 In Resurrecting the Past Sarah Griswold shows how the Levant became a crucial front in a post 1918 fight over the French past a contingent and contradictory but always hard charging struggle over a forgotten heritage mandate Many scholars clergy pundits politicians and investors perceived the moment Allied forces entered Jerusalem in December 1917 to be a once in a lifetime opportunity to expand French influence evoking the vision of a new colony in the territory a French Levant But what transpired for the French state in the Levant after World War I and why does that ill conceived venture still matter today Resurrecting the Past investigates how heritage politics led to a new form of empire a French mandate for Syria and Lebanon and with it a tide of regional and international critique Against such opposition the heritage mandate leaned heavily on spectacle and science generating a sprawling set of sites and objects Ottoman mansions crusader castles Umayyad mosques Roman arches buried synagogues and Sumerian ziggurats As Griswold traces how French heritage efforts cycled through multiple ideal pasts in the Levant from 1918 to 1946 she reveals how each one though grounded in realities also complicated those constructs and the work of French heritage makers Resurrecting the Past offers a parable of how efforts in heritage politics aimed to construct a union of ideologies and objects deemed the best past for France s uncertain future but struggled as much as they succeeded Eventually those same heritage politics ironically helped officials justify the end of the French Levant

Eventually, you will unquestionably discover a other experience and achievement by spending more cash. still when? do you take that you require to acquire those every needs later having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more on the globe, experience, some places, next history, amusement, and a lot more?

It is your very own times to discharge duty reviewing habit. among guides you could enjoy now is **The Discovery Of Dura Europos** below.
