The Doctrine Of Compunction In Medieval England Holy Tears Studies In Medieval Literature Vol 8:

The Doctrine of Compunction in Medieval England Sandra J. McEntire, 1990 Discussing the background of the doctrine of compunction this work examines the meaning of the term as drawn from the fathers its meaning in Old English its meaning in Middle English and its use in medieval literature especially in the work of Piers Plowman **The Spirit, the Affections, and the Christian Tradition** Dale M Coulter, Amos Yong, 2016-10-15 The essays in this volume explore the role of emotions and affections in the Christian tradition focusing also on the importance of pneumatology in Christianity **The Secret Within** Wolfgang Riehle, 2014-02-07 Spiritual seekers throughout history have sought illumination through solitary contemplation In the Christian tradition medieval England stands out for its remarkable array of hermits recluses and spiritual outsiders from Cuthbert Godric of Finchale and Christina of Markyate to Richard Rolle Julian of Norwich and Margery Kempe In *The Secret Within* Wolfgang Riehle offers the first comprehensive history of English medieval mysticism in decades one that will appeal to anyone fascinated by mysticism as a phenomenon of religious life In considering the origins and evolution of the English mystical tradition Riehle begins in the twelfth century with the revival of eremitical mysticism and the early growth of the Cistercian Order in the British Isles He then focuses in depth on the great mystics of the fourteenth and fifteenth centuries Richard Rolle the first great English mystic the author of *The Cloud of Unknowing* Walter Hilton Margery Kempe and Julian of Norwich Riehle carefully grounds his narrative in the broader spiritual landscape of the Middle Ages pointing out both prior influences dating back to Late Antiquity and corresponding developments in mysticism and theology on the Continent He discusses the problem of possible differences between male and female spirituality and the movement of popularizing mysticism in the late Middle Ages Filled with fresh insights *The Secret Within* will be welcomed especially by teachers and students of medieval literature as well as by those engaged in historical theological philosophical cultural even anthropological and comparative studies of mysticism **Lund Studies in English**, 1933 Pearl and Contemplative Writing Annika Sylén Lagerholm, 2005 **From Judgment to Passion** Rachel Fulton Brown, 2002-12-18 Devotion to the crucified Christ is one of the most familiar yet most disconcerting artifacts of medieval European civilization How and why did the images of the dying God man and his grieving mother achieve such prominence inspiring unparalleled religious creativity as well such imitative extremes as celibacy and self flagellation To answer this question Rachel Fulton ranges over developments in liturgical performance private prayer doctrine and art She considers the fear occasioned by the disappointed hopes of medieval Christians convinced that the apocalypse would come soon the revulsion of medieval Jews at being baptized in the name of God born from a woman the reform of the Church in light of a new European money economy the eroticism of the Marian exegesis of the Song of Songs and much more Devotion to the crucified Christ is one of the most familiar yet disconcerting artifacts of medieval European civilization How and why did the images of the dying God man and his grieving mother achieve such prominence inspiring unparalleled religious creativity and emotional artistry even as they

fostered such imitative extremes as celibacy crusade and self flagellation Magisterial in style and comprehensive in scope From Judgment to Passion is the first systematic attempt to explain the origins and initial development of European devotion to Christ in his suffering humanity and Mary in her compassionate grief Rachel Fulton examines liturgical performance doctrine private prayer scriptural exegesis and art in order to illuminate and explain the powerful desire shared by medieval women and men to identify with the crucified Christ and his mother The book begins with the Carolingian campaign to convert the newly conquered pagan Saxons in particular with the effort to explain for these new converts the mystery of the Eucharist the miraculous presence of Christ s body at the Mass Moving on to the early eleventh century when Christ s failure to return on the millennium of his Passion A D 1033 necessitated for believers a radical revision of Christian history Fulton examines the novel liturgies and devotions that arose amid this apocalyptic disappointment The book turns finally to the twelfth century when in the wake of the capture of Jerusalem in the First Crusade there occurred the full flowering of a new more emotional sensibility of faith epitomized by the eroticism of the Marian exegesis of the Song of Songs and by the artistic and architectural innovations we have come to think of as quintessentially high medieval In addition to its concern with explaining devotional change From Judgment to Passion presses a second crucial question How is it possible for modern historians to understand not only the social and cultural functions but also the experience of faith the impulsive engagement with the emotions sometimes ineffable of prayer and devotion The answer magnificently exemplified throughout this book s narrative lies in imaginative empathy the same incorporation of self into story that lay at the heart of the medieval effort to identify with Christ and Mary in their love and pain

The Sense of Sound Emma Dillon,2012-04-12 The Sense of Sound is a radical recontextualization of French song 1260 1330 Situating musical sound against sonorities of the city madness charivari and prayer it argues that the effect of verbal confusion popular in music abounds with audible associations and that there was meaning in what is often heard as nonsensical

Notes and Queries William John Thoms,2005

Cassian the Monk Columba Stewart,1998 This is a study of the life work and spiritual theology of John Cassian c 365 430 whose writings were the bridge between eastern monasticism and the developing Latin monasticism of Southern Gaul He exerted a major influence on the rule of Benedict and the theology of Gregory the Great
