Approaches to Teaching the Works of Primo Levi Nicholas Patruno, Roberta Ricci, 2014-11-01 Primo Levi Holocaust survivor and renowned memoirist is one of the most widely read writers of post World War II Italy His works are characterized by the lean dispassionate eloquence with which he approaches his experience of incarceration in Auschwitz His memoirs as well as his poetry and fiction and his many interviews are often taught in several fields including Jewish studies and Holocaust studies comparative literature and Italian language and literature and can enrich the study of history psychology and philosophy The first part of this volume provides instructors with an overview of the available editions anthologies and translations of Levi's work and identifies other useful classroom aids such as films music and online resources In the second part contributors describe different approaches to teaching Levi's work Some in presenting *Survival in Auschwitz* *The Reawakening* and *The Drowned and the Saved* look at the place of style in Holocaust testimony and the reliability of memory in autobiography Others focus on questions of translation complicated by the untranslatable in the language and experiences of the concentration camps or on how Levi incorporates his background as a chemist into his writing most clearly in *The Periodic Table*

The Cambridge Companion to Primo Levi Robert S. C. Gordon, 2007-07-30 Primo Levi 1919-87 was the author of a rich body of work including memoirs and reflections on Auschwitz poetry science fiction historical fiction and essays In particular his lucid and direct accounts of his time at Auschwitz begun immediately after liberation in 1945 and sustained until weeks before his suicide in 1987 has made him one of the most admired of all Holocaust writer survivors and one of the best guides we have for the interrogation of that horrific event But there is also more to Levi than the voice of the witness He has increasingly come to be recognised as one of the major literary voices of the twentieth century This Companion brings together leading specialists on Levi and scholars in the fields of Holocaust studies Italian literature and language and literature and science to offer a stimulating introduction to all

aspects of the work of this extraordinary writer **Biographies and Autobiographies in Modern Italy: a Festschrift for John Woodhouse** Martin McLaughlin, 2017-12-02 Critical interest in biography and autobiography has never been higher. However, while life writing flourishes in the UK, in Italy it is a less prominent genre. The twelve essays collected here are written against this backdrop and address issues in biographical and autobiographical writing in Italy from the later nineteenth century to the present, with a particular emphasis on the interplay between individual lives and life writing and the wider social and political history of Italy. The majority of essays focus on well-known writers: D. Annunzio, Svevo, Bontempelli, Montale, Levi, Calvino, Eco, and Fallaci, and their varying anxieties about autobiographical writing in their work. This picture is rounded out by a series of studies of similar themes in lesser-known figures: the critic Enrico Nencioni, the Welsh-Italian painter Llewellyn Lloyd, and Italian writers and journalists covering the Spanish Civil War. The contributors, all specialists in their fields, are Antonella Braidà, Charles Burdett, Jane Everson, John Gatt, Rutter, Robert Gordon, Gwyn Griffiths, Peter Hainsworth, Martin McLaughlin, Gianni Oliva, Giuliana Pieri, and Jon Usher. The volume is dedicated to John Woodhouse on his seventieth birthday and concludes with a bibliography of his writings.

The Rise of the Memoir Alex Zwerdling, 2017 The Rise of the Memoir traces the growth and extraordinarily wide appeal of the memoir. Its territory is private rather than public: life, shame, guilt, and embarrassment, not the achievements celebrated in the public record. What accounts for the sharp need writers like Rousseau, Woolf, Orwell, Nabokov, Primo Levi, and Maxine Hong Kingston felt to write, and to publish such works when they might more easily have chosen to remain silent? Alex Zwerdling explores why each of these writers felt compelled to write them as that story can be reconstructed from personal materials available in archival collections: what internal conflicts they encountered while trying, and how each of them resisted the private and public pressures to stop themselves rather than pursuing this confessional route against their own doubts without a reasonable expectation that such works would be welcome in print and eventually find an empathetic audience. Reconstructing this process in which a dubious project eventually becomes a compelling product, a memoir that will last, illuminates both what was at stake and why this serially invented open form has reshaped the expectations of readers who welcomed a vital alternative to the official story.

Life after Tragedy Michael W. Brierley, Georgia A. Byrne, 2018-01-01 Much has been written on the centenary of the First World War, however, no book has yet explored the tragedy of the conflict from a theological perspective. This book fills that gap. Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy, seven central essays, all by authors associated with the cathedral where Studdert Kennedy first preached to troops, examine aspects of faith that featured in the war, such as the notion of home, poetry, theological doctrine, preaching, social reform, humanitarianism, and remembrance. Each essay applies its reflections to the life of faith today. The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular, and they provide wider theological insight into how, in the contemporary world, life and tragedy, God and suffering

can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy s grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth

Re-Figuring Hayden White Frank Ankersmit,Ewa Domańska,Hans Kellner,2009-06-24 Produced in honor of White s eightieth birthday Re Figuring Hayden White testifies to the lasting importance of White s innovative work which firmly reintegrates historical studies with literature and the humanities The book is a major reconsideration of the historian s contributions and influence by an international group of leading scholars from a variety of disciplines Individual essays address the key concepts of White s intellectual career including tropes narrative figuralism and the historical sublime while exploring the place of White s work in the philosophy of history postmodernism and ethics They also discuss his role as historian and teacher and apply his ideas to specific historical events

Parting Ways Judith Butler,2013-11-01 Judith Butler follows Edward Said s late suggestion that through a consideration of Palestinian dispossession in relation to Jewish diasporic traditions a new ethos can be forged for a one state solution Butler engages Jewish philosophical positions to articulate a critique of political Zionism and its practices of illegitimate state violence nationalism and state sponsored racism At the same time she moves beyond communitarian frameworks including Jewish ones that fail to arrive at a radical democratic notion of political cohabitation Butler engages thinkers such as Edward Said Emmanuel Levinas Hannah Arendt Primo Levi Martin Buber Walter Benjamin and Mahmoud Darwish as she articulates a new political ethic In her view it is as important to dispute Israel s claim to represent the Jewish people as it is to show that a narrowly Jewish framework cannot suffice as a basis for an ultimate critique of Zionism She promotes an ethical position in which the obligations of cohabitation do not derive from cultural sameness but from the unchosen character of social plurality Recovering the arguments of Jewish thinkers who offered criticisms of Zionism or whose work could be used for such a purpose Butler disputes the specific charge of anti Semitic self hatred often leveled against Jewish critiques of Israel Her political ethic relies on a vision of cohabitation that thinks anew about binationalism and exposes the limits of a communitarian framework to overcome the colonial legacy of Zionism Her own engagements with Edward Said and Mahmoud Darwish form an important point of departure and conclusion for her engagement with some key forms of thought derived in part from Jewish resources but always in relation to the non Jew Butler considers the rights of the dispossessed the necessity of plural cohabitation and the dangers of arbitrary state violence showing how they can be extended to a critique of Zionism even when that is not their explicit aim She revisits and affirms Edward Said s late proposals for a one state solution within the ethos of binationalism Butler s startling suggestion Jewish ethics not only demand a critique of Zionism but must transcend its exclusive Jewishness in order to realize the ethical and political ideals of living together in radical democracy
