The Double Image Concept Of The Poet In Slavic Literatures:

The Double Image Victor Erlich, 1964 **The Double Image. Concepts of the Poet in Slavic Literatures** Victor Erlich, 1964 The Lyric Poetry of A.K. Tolstoi Sheelagh Duffin Graham, 2023-07-10 The Poetry of Anna Akhmatova Alexandra Harrington, 2006-05-01 This book outlines a fresh and coherent framework for the apprehension of Akhmatova's oeuvre in its totality seeing her as a poet who moves beyond modernism in her later period The appeal to postmodernism which is in itself innovatory with regard to Akhmatova studies also allows exploration of a second problematic issue how to account for the shift in self presentation in the later verse and the different concept of poetic self which it advances This new account of Akhmatova's path to maturity challenges the conventional view of the early Akhmatova as poet in the classical Russian tradition and of the later Akhmatova as paradigmatically modernist *The Reading of Russian Literature in China* M. Gamsa, 2010-05-24 This book traces the profound influence that Russian literature which was tied inseparably to the political victory of the Russian revolution had on China during a period that saw the collapse of imperial rule and the rise of the Communist Party *Language, Literature and Meaning* John Odmark, 1979-01-01 The essays in this two volume anthology provide the reader with an overview of current Czech Polish and Hungarian research in language literature and meaning as well as some new perspectives on the major theoretical contributions of Roman Ingarden Georg Lukács and Jan Mukarovsky For the most part the emphasis is on Poetics and Literary Theory however in some of the essays the focus shifts to such related disciplines as Aesthetics Linguistics and Semiotics The heterogeneity of this collection reflects the broad spectrum of interests and approaches to problems of theory being pursued at present in Poland Hungary and Czechoslovakia Much of the work being done in these countries remains relatively unknown outside of Eastern Europe This anthology is an attempt to rectify this situation and make better known the nature and extent of research which promises new insights into a whole range of phenomena in language literature and culture **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *The Poetics of Prophecy* Yosefa Raz, 2023-12-21 Since the mid 1700s poets and scholars have been deeply entangled in the project of reinventing prophecy Moving between literary and biblical studies this book reveals how Romantic poetry is linked to modern biblical scholarship's development On the one hand scholars intellectuals and artists discovered models of strong prophecy in biblical texts shoring up aesthetic and nationalist ideals while on the other poets drew upon a counter tradition of destabilizing indeterminate weak prophetic power Yosefa Raz considers British and German Romanticism alongside their margins incorporating Hebrew literature written at the turn of the twentieth century in the Russia Empire Ultimately she explains the weakness of modern poet prophets not only as a crisis of secularism but also strikingly as part of the instability

of the biblical text itself This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details *Alexander Blok* Avril Pyman, 2014-05-16 Alexander Blok Selected Poems showcases the artistic nature of Blok through his poems The book first presents verses from the collection Ante Lucem and poems of the 1905 revolution Verses lifted from the two collections are presented The poems cover various topics and were accomplished in different time frames Although portions of the poems are only presented they have managed to illustrate the creative mind of Blok The text also highlights the works of Blok in English French German Italian and Russian An index of first lines and titles are also presented The book is a fine reference for students of poetry and researchers interested in the works and contributions of Blok in poetry
