The Dragon and the Raven, Or, The Days of King Alfred George Alfred Henty,1904 The Dragon and the Raven G. A. Henty,2012-03-01 Set during the ninth century reign of King Alfred the Great The Dragon and the Raven unfurls the tale of young Edmund a brave Saxon boy who enlists himself in the cause of pushing back the hordes of marauding invaders who threatened the nascent country s stability and survival during the era Impeccably researched and extremely fast paced this book will please a broad swath of historical fiction fans **The Dragon and the Raven** G. A. Henty,2014-02-18 MY DEAR LADS Living in the present days of peace and tranquillity it is difficult to picture the life of our ancestors in the days of King Alfred when the whole country was for years overrun by hordes of pagan barbarians who slaughtered plundered and destroyed at will You may gain perhaps a fair conception of the state of things if you imagine that at the time of the great mutiny the English population of India approached that of the natives and that the mutiny was everywhere triumphant The wholesale massacres and outrages which would in such a case have been inflicted upon the conquered whites could be no worse than those suffered by the Saxons at the hands of the Danes From this terrible state of subjection and suffering the Saxons were rescued by the prudence the patience the valour and wisdom of King Alfred In all subsequent ages England has produced no single man who united in himself so many great qualities as did this first of great Englishmen He was learned wise brave prudent and pious devoted to his people clement to his conquered enemies He was as great in peace as in war and yet few English boys know more than a faint outline of the events of Alfred s reign events which have exercised an influence upon the whole future of the English people School histories pass briefly over them and the incident of the burned cake is that which is of all the actions of a great and glorious reign the most prominent in boys minds In this story I have tried to supply the deficiency Fortunately in the Saxon Chronicles and in the life of King Alfred written by his friend and counsellor Asser we have a trustworthy account of the events and battles which first laid Wessex prostrate beneath the foot of the Danes and finally freed England for many years from the invaders These histories I have faithfully followed The account of the siege of Paris is taken from a very full and detailed history of that event by the Abbe D Abbon who was a witness of the scenes he described Yours sincerely G A HENTY The Dragon and the Raven George Alfred Henty,2017-05-25 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your

The Dragon and the Raven George Alfred Henty, 2020-05-02 A low hut built of turf roughly thatched with rushes and standing on the highest spot of some slightly raised ground It was surrounded by a tangled growth of bushes and low trees through which a narrow and winding path gave admission to the narrow space on which the hut stood The ground sloped rapidly Twenty yards from the house the trees ceased and a rank vegetation of reeds and rushes took the place of the bushes and the ground became soft and swampy A little further pools of stagnant water appeared among the rushes and the path abruptly stopped at the edge of a stagnant swamp though the passage could be followed by the eye for some distance among the tall rushes The hut in fact stood on a hummock in the midst of a wide swamp where the water sometimes deepened into lakes connected by sluggish streams On the open spaces of water herons stalked near the margin and great flocks of wild fowl dotted the surface Other signs of life there were none although a sharp eye might have detected light threads of smoke curling up here and there from spots where the ground rose somewhat above the general level These slight elevations however were not visible to the eye for the herbage here grew shorter than on the lower and wetter ground and the land apparently stretched away for a vast distance in a dead flat a rush covered swamp broken only here and there by patches of bushes and low trees The little hut was situated in the very heart of the fen country now drained and cultivated but in the year 870 untouched by the hand of man the haunt of wild fowl and human fugitives At the door of the hut stood a lad some fourteen years old His only garment was a short sleeveless tunic girded in at the waist his arms and legs were bare his head was uncovered and his hair fell in masses on his shoulders In his hand he held a short spear and leaning against the wall of the hut close at hand was a bow and quiver of arrows The lad looked at the sun which was sinking towards the horizon

The Dragon and the Raven; Or, the Days of King Alfred G. A. Henty, 2018-11-16 In a time of chaos and Viking onslaught Alfred the untested Saxon king must fight to save his ravished land The tale unfurls through the eyes of a young thane Edmond who becomes Alfred's friend and mightiest warrior When Danes overrun the land and the Saxons capitulate this young knight trains and leads a devoted corps of pike men to recapture the kingdom George Alfred Henty 8 December 1832 16 November 1902 was a prolific English novelist and war correspondent He is best known for his historical adventure stories that were popular in the late 19th century His works include *The Dragon* 1886 *The Raven* 1886 *For the Temple* 1888 *Under Drake's Flag* 1883 and *In Freedom's Cause* 1885 Biography G. A. Henty was born in Trumpington near Cambridge He was a sickly child who had to spend long periods in bed During his frequent illnesses he became an avid reader and developed a wide range of interests which he carried into adulthood He attended Westminster School London and later Gonville and Caius College Cambridge where he was a keen sportsman He left the university early without completing his degree to volunteer for the Army Hospital Commissariat when the Crimean War began He was sent to the Crimea and while there he witnessed the appalling conditions under which the British soldier had to fight His letters home were filled with

vivid descriptions of what he saw His father was impressed by his letters and sent them to The Morning Advertiser newspaper which printed them This initial writing success was a factor in Henty's later decision to accept the offer to become a special correspondent the early name for journalists now better known as war correspondents Shortly before resigning from the army as a captain in 1859 he married Elizabeth Finucane The couple had four children Elizabeth died in 1865 after a long illness and shortly after her death Henty began writing articles for the Standard newspaper In 1866 the newspaper sent him as their special correspondent to report on the Austro Italian War where he met Giuseppe Garibaldi He went on to cover the 1868 British punitive expedition to Abyssinia the Franco Prussian War the Ashanti War the Carlist Rebellion in Spain and the Turco Serbian War He also witnessed the opening of the Suez Canal and travelled to Palestine Russia and India
