Then in the early Spring of 187 they came back to England having persistently carried out their project at any rate in regard to time. Lord Gerald the younger son was at once sent up to Trinity. For the eldest son a seat was to be found in the House of Commons and the fact that a dissolution of Parliament was expected served to prevent any prolonged sojourn abroad. Lady Mary Palliser was at that time nineteen and her entrance into the world was to be her mother's great care and great delight. In March they spent a few days in London and then went down to Matching Priory. When she left town the Duchess was complaining of cold, sore throat and debility. A week after their arrival at Matching she was dead. Had the heavens fallen and mixed themselves with the earth, had the people of London risen in rebellion with French ideas of equality, had the Queen persistently declined to comply with the constitutional advice of her ministers, had a majority in the House of Commons lost its influence in the country, the utter prostration of the bereft husband could not have been more complete. It was not only that his heart was torn to pieces but that he did not know how to look out into the world. It was as though a man should be suddenly called upon to live without hands or even arms. He was helpless and knew himself to be helpless. Hitherto he had never specially acknowledged to himself that his wife was necessary to him as a component part of his life. Though he had loved her dearly and had in all things consulted her welfare and happiness, he had at times been inclined to think that in the exuberance of her spirits she had been a trouble rather than a support to him. But now it was as though all outside appliances were taken away from him. There was no one of whom he could ask a question. The Duke's Children: (Annotated) Trollope Trollope, 2021-09-03

The Duke's Children is a novel by Anthony Trollope first published in 1879 as a serial in *All the Year Round*. It is the sixth and final novel of the Palliser series. Lady Glencora, the wife of Plantagenet Palliser, the Duke of Omnium, dies unexpectedly, leaving the devastated Duke to deal with their grown-up children with whom he has had a somewhat distant relationship. As the government in which he is Prime Minister has also fallen, the Duke is left bereft of both his beloved wife and his political position. Before her death, Lady Glencora had given her private blessing to her daughter Mary's courtship by a poor gentleman, Frank Tregear, a friend of Mary's older brother, Lord Silverbridge. Mrs. Finn, Lady Glencora's dearest confidante, somewhat uneasily remains after the funeral as a companion and unofficial chaperone for Lady Mary at the Duke's request. Once she becomes aware of the seriousness of the relationship between Mary and Frank, Mrs. Finn insists that the Duke be informed. Managing the Duke's two sons also proves troublesome. At first, Lord Silverbridge follows the wishes of his father by entering Parliament and proposes to Lady Mabel Grex, whom he has known all his life and of whom the Duke approves. She turns Silverbridge down due to his immaturity, although with an indication of a more welcoming answer another time. In the meanwhile, however, Silverbridge becomes enamoured of American heiress Isabel Boncassen, who agrees to marry him but only if the Duke is willing to welcome her into the family. At first, the Duke disapproves, and he disapproves even more of his daughter's suitor. To add to his troubles, Gerald, his younger son, gets expelled from Cambridge after attending the Derby without permission. However, by the end of the book, the Duke grows closer to all three of his children; he allows the engagements of his oldest son and daughter, and he is invited once more to take a part in the government.
