Clark,Jonathan R. Clark,Erin E. Clark,2024-09-17 Generative AI and the remote work revolution show us every day that we're in a new era The rules and norms have changed and so must leadership And yet coercive bureaucracy hierarchy and control old ways of thinking and working are still with us a deep seated and powerful legacy We are living through a profound transition from an old industrial era to a new one that is digital transparent and complex In this important new book by former dean of Harvard Business School Kim Clark written with his business school professor son Jonathan and management consultant daughter Erin the dynamic struggle between two competing paradigms of leadership is compellingly illustrated an old paradigm that involves control and power over people versus a new one that enables and inspires power through people With rich examples and stories the authors show how deeply ingrained the legacy model of leadership remains and how destructive it is causing waste and loss of human potential stifling innovation and ultimately resulting in what the authors call organizational darkness They go on to articulate a new positive model one that consciously seeks to do good and to make things better that cares for people helping them to thrive and that mobilizes people to solve tough problems These three elements they argue are the soul heart and mind of leadership and activating them requires careful attention to both the personal and the organizational dimensions of leadership The narrative is interwoven with probing analysis and reflection and the authors speak clearly and frankly about the moral aspects and impact of leadership They also provide a concrete frame and approach for scaling the new model and creating a vibrant leadership system **Leading Through** is a deep and essential account of the evolution of our leadership thinking and practice that is both timely and timeless      *Billboard* ,1999-04-10 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      **Billboard** ,1998-03-21 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      Words on Cassette, 1999 Bowker Editorial Staff,Staff Bowker R R,Bowker,1999-02      *Portland Transcript* ,1860      Billboard ,1972-12-16 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers
