Europe in the High Middle Ages 1150-1309 John H. Mundy, 1991 Europe in the High Middle Ages, 1150-1309 Europe in the High Middle Ages, 1150-1309 Norman John Greville Pounds, 1973 John Hine Mundy, 1975 High Middle Ages, 1150-1309 John Hine Mundy, 1998 Middle Ages John H. Mundy, 2000 A General History of Europe: Europe in the high middle Ages, 1150-1309, by J.H.Mundy Denys Hay, 1961 The Myth of the Medieval Jewish Moneylender Julie L. Mell, 2017-10-14 This book challenges a common historical narrative which portrays medieval Jews as moneylenders who filled an essential economic role in Europe It traces how and why this narrative was constructed as a philosemitic narrative in the nineteenth and twentieth centuries in response to the rise of political antisemitism This book also documents why it is a myth for medieval Europe and illuminates how changes in Jewish history change our understanding of European history Each chapter offers a novel interpretation of central topics such as the usury debate commercial contracts and moral literature on money and value to demonstrate how the revision of Jewish history leads to The Legend of Guy of Warwick Velma Bourgeois Richmond, 2021-11-18 First new insights in European history published in 1996 This lavishly illustrated study is a comprehensive literary and social history which offers a record of changing genres manuscript book production and cultural political and religious emphases by examining one of the most long lived popular legends in England Guy of Warwick became part of history when he was named in chronicles and heraldic rolls The power of the Earls of Warwick especially Richard de Beauchamp inspired the spread of the legend but Guy s highest fame came in the Renaissance as one of the Nine Worthies Widely praised in texts and allusions Guy s feats were sung in ballads and celebrated on the stage in England and France The first Anglo Norman romance of Gui de Warewic a Saxon hero of the tenth century was written in the early 13th century the latest retellings of the legend are contemporary Examples of Guy s legend can be found in two English translations that survived the Middle Ages a new French prose romance a didactic tale in the Gesta Romanorum and late medieval versions in Celtic German and Catalan as well as English Guy remained a favorite Edwardian children's story and was featured in the Warwick Pageant an historical extravaganza of 1906 The patriotism of World War II sparked a resurgence of interest that produced several new versions mostly folkloric Sacred Trust Robert B. Ekelund, Robert D. Tollison, Gary M. Anderson, Robert F. Hébert, Audrey B. Davidson, 1996-10-31 Without meaning to be irreverent it is fair to say that in the Middle Ages at the height of its political and economic power the Roman Catholic Church functioned in part as a powerful and sophisticated corporation The Church dealt in a product many consumers felt they had to have the salvation of their immortal souls The Pope served as its CEO the College of Cardinals as its board of directors bishoprics and monasteries as its franchises And while the Church certainly had moral and social goals this early antecedent to ATT and General Motors had economic motives and methods as well seeking to maximize profits by eliminating competitors and extending its markets In Sacred Trust The Medieval Church as an Economic Firm five highly

respected economists advance the controversial argument that the story of the Roman Catholic Church in the Middle Ages is in large part a story of supply and demand Without denying the centrality or sincerity of religious motives the authors employ the tools of modern economics to analyze how the Church's objectives went well beyond the realm of the spiritual They explore the myriad sources of the Church's wealth including tithes and land rents donations and bequests judicial services and monastic agricultural production And they present an in depth look at the ways in which Church principles on marriage usury and crusade were revised as necessary to meet and in many ways to create the needs of a vast body of consumers Along the way the book raises and answers many intriguing questions. The authors explore the reasons behind the great crusades against the Moslems probing beyond motives of pure idealism to highlight the Church's concern with revenues from tourism and the sale of relics threatened by Moslem encroachment in the holy lands They examine the Church's involvement in the marriage market revealing how the clergy filled their coffers by extracting fees for blessing or dissolving marital unions for hearing marital disputes and even for granting permission for blood relatives to wed And they shed light on the concept of purgatory showing how this product innovation developed by the Church in the twelfth century a form of deferred payment opened the floodgates for a fresh market in post mortem at one ment through payments on behalf of the deceased Finally the authors show how the cumulative costs that the faithful were asked to bear eventually priced the Roman Catholic church out of the market paving the way for Protestant reformers like Martin Luther A ground breaking look at the growth and decline of the medieval Church Sacred Trust demonstrates how economic reasoning can be used to cast light on the behavior of any complex historical institution It offers rare insight into one of the great historical powers of Western civilization in a analysis that will intrigue anyone interested in life in the Middle Ages in church history or in the influence of economic motives on historical events Council and Hierarchy Constantin Fasolt, 2002-05-09 A systematic interpretation of Durant's remarkable project to transfer supreme legislative authority from the papacy to general councils Medieval Purity and Piety Michael Frassetto, 1998 These new essays examine one of the major developments of the central Middle Ages the emergence of a celibate clergy Drawing on the work of historians and scholars of literature and religious studies this essay collection traces the developing concern in the church militant with matters of purity and religious reform

Marcus, 2023-04-14 These studies explore the history of the Jewish minority of Ashkenaz northern France and the German Empire during the High Middle Ages Although the Jews in medieval Europe are usually thought to have been isolated from the Christian majority they actually were part of a Jewish Christian symbiosis A number of studies in the collection focus on Jewish Christian cultural and social interactions the foundations of the community ascribed to Charlemagne and especially on the fashioning of a martyrological collective identity in 1096 Even when Jews resisted Christian pressures they often did so by internalizing Christian motifs and turning them on their heads to argue for the truth of Judaism alone This may be seen especially in the formation of Jews as martyrs a trope that places Jews as collective Christ figures whose suffering brings about vicarious atonement The remainder of the studies delve into the lives and writings of a group of Jewish ascetic pietists Hasidei Ashkenaz which shaped the religious culture of most European Jews before modernity In Sefer Hasidim Book of the Pietists attributed to Rabbi Judah the Pietist of Regensburg d 1217 one finds a mirror of everyday Jewish Christian interactions even while the author advances a radical view of Jewish religious pietism A Legacy of Preaching, Volume One---Apostles to the Revivalists Zondervan, 2018-11-13 A Legacy of Preaching Volume One Apostles to the Revivalists explores the history and development of preaching through a biographical and theological examination of its most important preachers Instead of teaching the history of preaching from the perspective of movements and eras each contributor tells the story of a particular preacher in history allowing the preachers from the past to come alive and instruct us through their lives theologies and methods of preaching Each chapter introduces readers to a key figure in the history of preaching followed by an analysis of the theological views that shaped their preaching their methodology of sermon preparation and delivery and an appraisal of the significant contributions they have made to the history of preaching This diverse collection of familiar and lesser known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years By looking at how the gospel has been communicated over time and across different cultures pastors scholars and homiletics students can enrich their own understanding and practice of preaching for application today Volume One covers the period from the apostles to the revivalists and profiles thirty preachers including Paul by Eric Rowe Peter by David R Beck Melito of Sardis by Paul A Hartog Origen of Alexandria by Stephen O Presley Ephrem the Syrian by Jonathan J Armstrong Basil of Caesarea by Jonathan Morgan John Chrysostom by Paul A Hartog Augustine of Hippo by Edward L Smither Gregory the Great by W Brian Shelton Bernard of Clairvaux by Elizabeth Hoare Francis of Assisi by Timothy D Holder Saint Bonaventure by G R Evans Meister Eckhart by Daniel Farca Johannes Tauler by Byard Bennett John Huss by Mark A Howell Girolamo Savonarola by W Brian
