Like the first edition, this new book is an up-to-date comprehensive guide to understanding the nonprofit sector. Identifying and examining the major nonprofit subsectors: health care, arts, social service, and religious organizations, for example, and detailing their particular concerns and impact enable O'Neill to explore their influence on business, government, and society. The new edition also features expanded sections on scope and impact, updated and enlarged statistical information, new insights on the development of the nonprofit sector, and a new section on theories of the nonprofit sector.
