Introduction to the Study of Old French Literature, *New Perspectives on the Sacred and the Secular in Old French and Old Provençal Poetry* Cyril Aslanov, 2019-01-14 This book delves into the question of the coexistence convergence and opposition between the sacred and the secular as reflected in Old French and Old Provençal poetry from the early to the late central Middle Ages that is from the end of the ninth century until the thirteenth century It breaks the boundaries between the intratextual dimension and the cultural and historical context wherefrom the texts emanated in order to reassess the role of sacredness in the civilizational landscape of France and Occitania during the golden age of Old French and Old Provençal poetry It will interest not only Romanists but also historians specialists of the history of religions and students and scholars of general and comparative literature

Host Bibliographic Record for Boundwith Item Barcode 30112114734418 and Others, 1908 *Bulletin* University of Wisconsin, 1908 **Constructions of Childhood and Youth in Old French Narrative** Phyllis Gaffney, 2016-05-23 What do we know of medieval childhood Were boundaries always clear between childhood and young adulthood Was medieval childhood gendered Scholars have been debating such questions over half a century Can evidence from imaginative literature test the conclusions of historians Phyllis Gaffney's innovative book reveals contrast and change in the portrayal of childhood and youth by looking at vernacular French narratives composed between 1100 and 1220 Covering over sixty poems from two major genres epic and romance she traces a significant evolution While early epics contain only a few stereotypical images of the child later verse narratives display a range of arguably timeless motifs as well as a growing awareness of the special characteristics of youth Whereas juvenile epic heroes contribute to the adult agenda by displaying precocious strength and wisdom romance children are on the receiving end requiring guidance and education Gaffney also profiles the intriguing phenomenon of enfances poems singing the youthful deeds of established heroes these prequels combine epic and romance features in distinctive ways Approaching the history of childhood and youth through the lens of literary genre this study shows how imaginative texts can both shape and reflect the historical development and cultural construction of emotional values

The Canso d'Antioca Carol Sweetenham, Linda

M. Paterson, 2017-09-08 The Canso d'Antiocha is a fascinating text which deserves more attention than it has received. It is a fragment of a much larger epic describing the events of the First Crusade related to the Old French Chanson d'Antiocha but with many unique features. As such it presents a double interest to scholars of both history and literature. It is a source text for the First Crusade with information not contained in any other source. It is also an early and seminal text for Occitan epic, few examples of which survive. And arguably it represents the first work of vernacular verse history in France, raising fundamental questions about the junction of epic and historiography. This is the first published edition of the text since Paul Meyer's version in 1884. It is based on the single extant manuscript of the Canso found in Roda in Northern Spain and now in Madrid, accompanied by a translation into English on facing pages. The text is supported by detailed notes and a glossary of proper names cross-referenced to all major First Crusade sources. The introduction discusses in detail the history of the text and manuscript, the value of the Canso as a historical document and its place both within the historical tradition of the Crusade and within Occitan literary tradition and 12th-century vernacular historiography. **Early Yiddish Epic** Jerold C.

Frakes, 2014-07-07 Unlike most other ancient European, Near Eastern and Mediterranean civilizations, Jewish culture surprisingly developed no early epic tradition while the Bible comprises a broad range of literary genres, epic is not among them. Not until the late medieval period. Beginning in the fourteenth century did an extensive and thriving epic tradition emerge in Yiddish. Among the few dozen extant early epics there are several masterpieces of which ten are translated into English in this volume. Divided between the religious and the secular, the book includes eight epics presented in their entirety, an illustrative excerpt from another epic and a brief heroic prose tale. These texts have been chosen as the best and the most interesting representatives of the genre in terms of cultural history and literary quality: the pious epicizing of biblical narrative, the swashbuckling medieval courtly epic, Arthurian romance, heroic vignettes, intellectual high art and popular camp.

Codex and Context: Reading Old French Verse Narrative in Manuscript, Volume II Keith Busby, 2022-06-08 **Codex and Context: Reading Old French Verse Narrative in Manuscript, Volume I** Keith Busby, 2022-07-04 **The Facts on File Companion to the French Novel** Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The Stranger* are staples of high school and college literature courses. This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization. **Traditions of Heroic and Epic Poetry: The traditions** Robert Auty, 1980 **Medieval French on the Move** Leah Tether, Patrick Moran, Anne Salamon, 2025-03-17 When Keith Busby published his field-shaping *Codex and Context* in 2002, the work was referred to as groundbreaking and monumental. It prompted scholars of medieval literature to return to manuscripts in their droves. However, Busby's *Codex and Context* would also enact another more gradual movement. His formulation of the term *medieval Francophonia* to describe the presence, power and effect of French outside France would filter steadily into academic enquiry. The term and concept are now widely recognised and applied in

global scholarship including in multiple major projects dedicated to the topic This volume brings together a series of cutting edge studies of medieval Francophonia covering in one place and for the first time the fullest scope of the concept s remit with contributions on history historiography language literature culture society and authority At the same time as offering a timely contribution to the field this volume pays tribute to Busby s life work not only to pioneer medieval Francophonia but also and moreover to encourage the study of the medieval through material philology Each of the studies here written by Busby s friends and colleagues thus roots its approach in a material context

Memory and Commemoration in Medieval Culture Elma Brenner, Meredith Cohen, Mary Franklin-Brown, 2016-04-22 In medieval society and culture memory occupied a unique position It was central to intellectual life and the medieval understanding of the human mind Commemoration of the dead was also a fundamental Christian activity Above all the past and the memory of it occupied a central position in medieval thinking from ideas concerning the family unit to those shaping political institutions Focusing on France but incorporating studies from further afield this collection of essays marks an important new contribution to the study of medieval memory and commemoration Arranged thematically each part highlights how memory cannot be studied in isolation but instead intersects with many other areas of medieval scholarship including art history historiography intellectual history and the study of religious culture Key themes in the study of memory are explored such as collective memory the links between memory and identity the fallibility of memory and the linking of memory to the future as an anticipation of what is to come
