Report 1896 19 **The Freedoms We Lost** Barbara Clark Smith, 2010-11-09 A brilliant and original examination of
American freedom as it existed before the Revolution from the Smithsonian s curator of social history The American
Revolution is widely understood by schoolchildren and citizens alike as having ushered in freedom as we know it a freedom

that places voting at the center of American democracy In a sharp break from this view historian Barbara Clark Smith charts the largely unknown territory of the unique freedoms enjoyed by colonial American subjects of the British king that is American freedom before the Revolution *The Freedoms We Lost* recovers a world of common people regularly serving on juries joining crowds that enforced or opposed the king's edicts and supplying community enforcement of laws in an era when there were no professional police *The Freedoms We Lost* challenges the unquestioned assumption that the American patriots simply introduced freedom where the king had once reigned Rather Smith shows that they relied on colonial era traditions of political participation to drive the Revolution forward and eventually betrayed these same traditions as leading patriots gravitated toward moneyed men and elites who would limit the role of common men in the new democracy By the end of the 1780s she shows Americans discovered that forms of participation once proper to subjects of Britain were inappropriate even impermissible to citizens of the United States In a narrative that counters nearly every textbook account of America's founding era *The Freedoms We Lost* challenges us to think about what it means to be free
