The Old Sage Of Atlantis:

The Old Sage of Atlantis Willigis, 1995 THE OLD SAGE OF ATLANTIS tells the story of the explorer Lichtenau who travels through the ruins of the ancient Inca and Mayan dynasties in search of clues to unravel the mysteries of the lost civilization

Doomed Empire: A Tale of Atlantis Richard Dawes, 2015-11-19 Prince Astraeus of Caiphul schemes to usurp the throne of his father King Darius Seduced by his step mother and an evil magician named Gucumatx his plan includes the sacrificial death of an innocent young woman Princess Asparis Astraeus plans change when he meets Asparis and falls in love The story follows his struggle to free himself from the influence of his step mother and Gucumatx face torture by his father's assassins and battle his way through to a vision of his ultimate destiny

GIZA LEGACY Rico Paganini, 2021-08-11 Will humans overcome their technical material worldview and find their way back to the freedom of the spiritual world This can only succeed if we can realign with the lost legacies of ancient times and can decipher that wisdom Scientists and spiritual explorers alike are striving to penetrate the hidden worlds of Giza The discoveries they have made are nothing short of breathtaking Some may suspect it while others already know Here both in and below the pyramids lies the key to a liberating truth for all those who seek it the GIZA LEGACY In this groundbreaking book Rico Paganini provides a fascinating overview of developments and discoveries involving the pyramids and the Sphinx Modern technology combined with spiritual sensing abilities enabled him to penetrate spheres that have been blocked until now In the course of two excursions to Egypt over a period of seven years a world shattering realization came to him The real secret of the pyramids has never yet even been recognized It has little to do with how they were built and their incomprehensible size and geometry but instead it has to do with their metaphysical significance and their function as a guidepost to the subterranean world beneath them In this book the author takes us along on some of his expeditions He meticulously documented all that he experienced in photographs and sketches The book features hundreds of photographs as well as maps and 3D graphics which give us an impression of the structures found both aboveground and belowground in Giza and of newly discovered chambers and even the legendary Hall of Records Giza Legacy paints a picture of a fascinating world in which the meaning of Giza is placed in a greater context that goes far beyond the borders of Egypt It is nothing less than a new or rediscovered human history traced far back to the lost continents of Atlantis and Lemuria The clues are there for all to see wherever the ancient megalithic structures remain And the clues extend far beyond the distant past into the cosmos and the far off constellations of Orion Sirius and the Pleiades Rico Paganini reveals the correlations that have until now been taboo In a fascinating and methodical manner he opens our eyes to the spiritual world behind the mundane material one showing us how through archeological discoveries we can gain access to an entirely new worldview However a shadow has been cast upon the historical remains of the three ancient cultures For years and with increasing tempo a far reaching wall is being built around the pyramids and Sphinx The impressively documents the dimensions and significance of this dramatic development For if they are here both inside and

beneath the structures the answers to great questions of humanity lying hidden then should scientific and spiritual researchers remain excluded from their discovery Who or what lies behind the ridiculously extensive Giza Wall Where do we come from Where are we going This book will affect those who ask themselves such questions It is not just an extremely thorough report on the world wonders in Egypt but a report about the spiritual hope of humankind **Driving Home** Jonathan Raban,2013-07-30 For more than thirty years Jonathan Raban has written with infectious fascination about people and places in transition or on the margins about journeys undertaken and destinations never quite reached and as an expat about what it means to feel rooted in America Spanning two decades *Driving Home* charts a course through the Pacific Northwest American history and current events as witnessed by a super sensitive all seeing eye Proving that an outsider is the keenest observer of the scene that natives take for granted this collection of Jonathan Raban s essays affirms his place as the most literate perceptive and humorous commentator on the places characters and obsessions that constitute the American scene Raban spots things we might otherwise miss he calls up the apt metaphors that transform things into phenomena He is one of our most gifted observers *Newsday* *I Found Atlantis* Henry B. Ambrose,2005-12 The book *I Found Atlantis* has solved the Mystery of Atlantis The research shows that Atlantis The Garden of Eden and Noah s Ark all occurred at the same time place and were the same people In 4 243 BC an Egyptian astronomer discovered that the star Sirius rose at sunrise This caused the earth to shift on its axis causing the North Pole to tilt toward the sun The glaciers melted and the water level rose in the Atlantic Ocean It reached its zenith 3 700 BC and submerged Atlantis Great Britain was once known as Atlantis See my website at [www ifoundatlantis com](http://www.ifoundatlantis.com) **Return to Atlantis** Vivienne Savage,Domino Taylor,2019-09-12 *Manu fights against the Gloom for Atlantis* As the general s son he carries the weight of a thousand expectations on his shoulders When a priest of the ocean goddess divines their princess survived the ambush that killed her parents no one but Manu is more qualified to retrieve her Two decades after she was found on a beach Kailani has dedicated her life to ocean conservation Her early childhood may be a mystery but discovering she s a lost princess sounds like a lunatic s fairy tale She d rather stay on the surface The attraction between them is instant and powerful but she was born to lead and he was bred for battle If either world is to survive the war ahead Kailani must fulfill her destiny and become the queen Atlantis needs before evil plunges the entire kingdom into everlasting darkness *Return to Atlantis* is an adult romance Profanity and adult situations included This is not a clean read *It's Not the Fall That Kills You...It's the Sudden Stop! Postcards from Over the Edge* , *Fundamentals of Gnostic Education* Samael Aun Weor,2025-02-01 The fundamental education is the science of the consciousness that allows us to discover our relationship with human beings nature and all things The Greek word gnosis means knowledge The higher meaning of gnosis is knowledge of facts acquired from personal experience Gnosis is genuine knowledge of the truth To understand truth one must experience it The greatest human beings in every field philosophy science art and religion did not imitate memorize or remain limited by popular ideas instead they

sought gnosis to know the facts for themselves and in finding the facts they changed the world for the better Unfortunately such people are rare The problems afflicting individuals and society today have a simple root cause we have not yet learned how to think Instead people today are taught to memorize and imitate Schools teachers and parents today emphasize what we should think rather than teaching how to think question and analyze so we can recognize the facts deal with them intelligently and experience the truth for ourselves What is the value of accumulating much knowledge within our minds if we continue to be confused What is the value of technical and industrial skills if we use them for the destruction of our fellows It is worthless to receive instruction to attend classes to study if in the process of our daily living we are miserably destroying one another Indeed the true objective of a fundamental education must be to create true men and women who because of their psychological integration are cognizant and intelligent When our consciousness is liberated from the conditioning and restrictions imposed upon it by imitation bad habits defects vices and mistaken beliefs then we can see and experience the truth for ourselves In this way we no longer need to believe anything or follow anyone but are free to express our fundamental nature and realize our full potential This book guides us towards that experience that gnosis We need the union of superior logic and tremendous love heart and mind balanced by conscious awareness of facts This psychological equilibrium empowers us to alter the painful conditions that we suffer within Therefore we need a gnostic education an education based on personal experience of the truth

Swimming with Bridgeport Girls Anthony Tambakis, 2017-07-11 If a Richard Russo protagonist went on a bender in Vegas the result would be something like Swimming with Bridgeport Girls an uproarious romp about a lovesick gambler and his against all odds quest to win back his ex wife Ray Parisi is in trouble Fired from his anchor job at ESPN after one too many public humiliations he is holed up in a motel and in desperate need of a break His ex wife is shacking up with another guy in his old house a Cambodian bookie wants to kill him and he is wanted by the New York State Police A few days before the Fourth of July he unexpectedly receives an inheritance from his long lost father and it seems like all of his problems might be solved Determined to get his life back together Ray hatches an imaginative but highly suspect plan to win back his wife dashing from Connecticut to Las Vegas to Memphis in an attempt to secure his future before the past runs him down The cast of characters he meets along the way is as loveable as it is absolutely insane Sure to please fans of sophisticated romantic comedies like Seating Arrangements and Silver Linings Playbook Swimming with Bridgeport Girls is a hilarious heart wrenching and unexpectedly powerful tale about one man's mission to against all odds finally get it right

Atlantis ,1991 Iris Exiled Dennis Quinn, 2002-02-04 Iris Exiled is a critical history of wonder from the Bible and Homer to modern times Dennis Quinn examines the subject in relation to various disciplines and modes of discourse philosophy theology poetry art myth history rhetoric psychology education and modern science Quinn shows that wonder originally seen as the principle of philosophy and poetry and as a passion essential to the highest order of education has been weakened by certain intellectual cultural and religious shifts during the past 600

years The history is synoptic in two senses of the word it is comprehensive but selective and illustrative not exhaustive Iris Exiled is presented from a single theoretical perspective that of the original understanding of wonder as developed and set forth by such authors as Plato Aristotle St Thomas Aquinas John Ruskin and Joseph Pieper as well as a host of other writers of all kinds and from all eras of western history *Beneficial Instructions Before Leaving Earth* Jawara D.
