The One King:

The One King Lear Brian Vickers, 2016-04-04 In the 1980s influential scholars argued that Shakespeare revised King Lear in light of theatrical performance resulting in two texts by the bard's own hand. The two-text theory hardened into orthodoxy. Here Sir Brian Vickers makes the case that Shakespeare did not cut his original text. At stake is the way his greatest play is read and performed.

One King, One Faith Nancy Lyman Roelker, 2023-12-22 This book the culmination of a lifelong career in French history tackles head on the central question of the French Religious Wars. Why did France prove so consistently hostile and resistant to Protestantism? Distinguished scholar Nancy Lyman Roelker claims that what ultimately motivated the passion and violence of the civil wars was religion. She demonstrates that not only the body politic but also the body social was defined by Gallican Catholicism. Roelker underscores the role the Parlement played in shaping and safeguarding the social as well as the political order. Her study is based on extensive research in the correspondence, memoirs and tracts of mainstream Catholic magistrates as well as dissenters. It creates an overview of the mentalities of the Parlement, analyzes religious attitudes toward major events of the period and examines the Parlement's role in the triumph of Henri IV. Along the way it sheds light on the inner workings of the Parlement and other political institutions, on social structures and on collective ideas. And above all this distinguished work brilliantly illuminates the role of religion in society and the state. It will be the definitive work on the subject for many years to come.

An Ox of One's Own T. M. Sharlach, 2017-09-11 Shulgi simti is an important example of a woman involved in sponsoring religious activities though having a family life. *An Ox of One's Own* will be of interest to Assyriologists particularly those interested in Early Mesopotamia and scholars working on women in religion. *An Ox of One's Own* centers on the archive of a woman who died about 2050 B.C., one of King Shulgi's many wives. Her birth name is unknown but when she married she became Shulgi simti. Suitable for Shulgi. Attested for only about 15 years she existed among a court filled with other wives who probably outranked her. A religious foundation was run on her behalf whereby courtiers male and female donated livestock for sacrifices to an unusual mix of goddesses and gods. Previous scholarship has declared this a rare example of a queen conducting women's religion perhaps unusual because they say she came from abroad. The conclusions of this book are quite different. *An Ox of One's Own* lays out the evidence that another woman was queen at this time in Nippur while Shulgi simti lived in Ur and was a third ranking concubine at best with few economic resources. Shulgi simti's religious exercises concentrated on a quartet of north Babylonian goddesses.
