The Open Society And Its Enemies:

The Open Society and Its Enemies Karl Popper, 2012-11-12 Popper is one of the twentieth century's towering and influential philosophical and intellectual figures widely read today. This marks the first time *The Open Society and Its Enemies* has been published in a single paperback volume; hardback version was published for the Popper Centenary in 2002. Features a preface by Vaclav Havel and a personal recollection on the story behind the book's publication by Ernst Gombrich. *The Open Society* is one of the twentieth century's most important books both in its impact on European intellectual and political life and in its sales. *The Open Society and Its Enemies* Karl R. Popper, 2020-09-15 A landmark defense of democracy that has been hailed as one of the most important books of the twentieth century. One of the most important books of the twentieth century, *The Open Society and Its Enemies* is an uncompromising defense of liberal democracy and a powerful attack on the intellectual origins of totalitarianism. An immediate sensation when it was first published, Karl Popper's monumental achievement has attained legendary status on both the Left and Right. Tracing the roots of an authoritarian tradition represented by Plato, Marx, and Hegel, Popper argues that the spirit of free critical inquiry that governs scientific investigation should also apply to politics. In a new foreword, George Soros, who was a student of Popper, describes the revelation of first reading the book and how it helped inspire his philanthropic Open Society Foundations.

The Open Society and Its Enemies Karl Raimund Popper, 2011 If in this book harsh words are spoken about some of the greatest among the intellectual leaders of mankind, my motive is not I hope to belittle them. It springs rather from my conviction that if our civilization is to survive we must break with the habit of deference to great men. Karl Popper from the Preface. Written in political exile during the Second World War and first published in two volumes in 1945, Karl Popper's *The Open Society and Its Enemies* is one of the most influential books of all time. Hailed by Bertrand Russell as a vigorous and profound defence of democracy, its now legendary attack on the philosophies of Plato, Hegel, and Marx exposed the dangers inherent in centrally planned political systems and through underground editions became an inspiration to lovers of freedom living under communism in Eastern Europe. Popper's highly accessible style, his erudite and lucid explanations of the thoughts of great philosophers, and the recent resurgence of totalitarian regimes around the world are just three of the reasons for the enduring popularity of *The Open Society and Its Enemies* and why it demands to be read today and in years to come. *The Open Society and its Enemies* Karl Popper, 2012-12-06 Written in political exile in New Zealand during the Second World War and published in two volumes in 1945, *The Open Society and its Enemies* was hailed by Bertrand Russell as a vigorous and profound defence of democracy. This legendary attack on the philosophies of Plato, Hegel, and Marx prophesied the collapse of communism in Eastern Europe and exposed the fatal flaws of socially engineered political systems. It remains highly readable, erudite, and lucid and as essential reading today as on publication in 1945. It is available here in a special centenary single volume edition. ***The Open Society and Its Enemies: The spell of Plato*** Karl Raimund

Popper, 1971 Popper was born in 1902 to a Viennese family of Jewish origin He taught in Austria until 1937 when he emigrated to New Zealand in anticipation of the Nazi annexation of Austria the following year and he settled in England in 1949 Before the annexation Popper had written mainly about the philosophy of science but from 1938 until the end of the Second World War he focused his energies on political philosophy seeking to diagnose the intellectual origins of German and Soviet totalitarianism The Open Society and Its Enemies was the result In the book Popper condemned Plato Marx and Hegel as holists and historicists a holist according to Popper believes that individuals are formed entirely by their social groups historicists believe that social groups evolve according to internal principles that it is the intellectual s task to uncover Popper by contrast held that social affairs are unpredictable and argued vehemently against social engineering He also sought to shift the focus of political philosophy away from questions about who ought to rule toward questions about how to minimize the damage done by the powerful The book was an immediate sensation and though it has long been criticized for its portrayals of Plato Marx and Hegel it has remained a landmark on the left and right alike for its defense of freedom and the spirit of critical inquiry

The Open Society and its Enemies Karl Popper, 2005-07-26 Written in political exile during the Second World War and first published in 1945 Karl Popper s The Open Society and Its Enemies is one of the most influential books of the twentieth century Hailed by Bertrand Russell as a vigorous and profound defence of democracy its now legendary attack on the philosophies of Plato Hegel and Marx exposed the dangers inherent in centrally planned political systems Popper s highly accessible style his erudite and lucid explanations of the thought of great philosophers and the recent resurgence of totalitarian regimes around the world are just three of the reasons for the enduring popularity of The Open Society and Its Enemies and for why it demands to be read both today and in years to come This is the second of two volumes of The Open Society and Its Enemies

The Open Society and Its Enemies Karl R. Popper, 2020-09-15 One of the most important books of the twentieth century Karl Popper s The Open Society and Its Enemies is an uncompromising defense of liberal democracy and a powerful attack on the intellectual origins of totalitarianism Popper was born in 1902 to a Viennese family of Jewish origin He taught in Austria until 1937 when he emigrated to New Zealand in anticipation of the Nazi annexation of Austria the following year and he settled in England in 1949 Before the annexation Popper had written mainly about the philosophy of science but from 1938 until the end of the Second World War he focused his energies on political philosophy seeking to diagnose the intellectual origins of German and Soviet totalitarianism The Open Society and Its Enemies was the result An immediate sensation when it was first published in two volumes in 1945 Popper s monumental achievement has attained legendary status on both the Left and Right and is credited with inspiring anticommunist dissidents during the Cold War Arguing that the spirit of free critical inquiry that governs scientific investigation should also apply to politics Popper traces the roots of an opposite authoritarian tendency to a tradition represented by Plato Marx and Hegel In a substantial new introduction written for this edition acclaimed political philosopher Alan Ryan puts Popper s landmark work

in biographical intellectual and historical context Also included is a personal essay by eminent art historian E H Gombrich in which he recounts the story of the book s eventual publication despite numerous rejections and wartime deprivations

The Open Society and Its Enemies: The spell of Plato Karl Raimund Popper,2003 Written in political exile during the Second World War and first published in 1945 Karl Popper s The Open Society and Its Enemies is one of the most influential books of the twentieth century Hailed by Bertrand Russell as a vigorous and profound defence of democracy its now legendary attack on the philosophies of Plato Hegel and Marx exposed the dangers inherent in centrally planned political systems Popper s highly accessible style his erudite and lucid explanations of the thought of great philosophers and the recent resurgence of totalitarian regimes around the world are just three of the reasons for the enduring popularity of The Open Society and Its Enemies and for why it demands to be read both today and in years to come This is the first of two volumes of The Open Society and Its Enemies

The Open Society and Its Enemies Karl Popper,2012-11-12 If in this book harsh words are spoken about some of the greatest among the intellectual leaders of mankind my motive is not I hope to belittle them It springs rather from my conviction that if our civilization is to survive we must break with the habit of deference to great men Karl Popper from the Preface Written in political exile during the Second World War and first published in two volumes in 1945 Karl Popper s The Open Society and Its Enemies is one of the most influential books of all time Hailed by Bertrand Russell as a vigorous and profound defence of democracy its now legendary attack on the philosophies of Plato Hegel and Marx exposed the dangers inherent in centrally planned political systems and through underground editions become an inspiration to lovers of freedom living under communism in Eastern Europe Popper s highly accessible style his erudite and lucid explanations of the thoughts of great philosophers and the recent resurgence of totalitarian regimes around the world are just three of the reasons for the enduring popularity of The Open Society and Its Enemies and why it demands to be read today and in years to come

The Open Society and its Enemies in East Asia Gregory G. C. Moore,2014-04-16 The ideas contained in Karl Popper s The Open Society and Its Enemies one of the most important tracts in political philosophy in the twentieth century are relevant to anyone seeking to understand the recent history of the East Asian economies Even though Popper wrote his tract to provide an explanation for both the rise and objectionable nature of totalitarian regimes in Europe in the twentieth century many of the arguments that he advanced in this European context also explain the social political and economic relationships that are seen in modern South Eastern Asian economies The narrative of this book is driven by a research agenda that is inter disciplinary in nature since to make the link between the Popperian framework and East Asian socio economic relationships the contributing authors needed to draw upon research fields as far apart as political philosophy and East Asian studies With one or two exceptions however nearly all of the contributing authors have a background in economics and this background is reflected in the way that they have sought to tackle the research question This book is in short an inter disciplinary exercise undertaken from an economics

perspective and hence it may best be described as an exercise in political economy rather than pure analytical economics The novelty of juxtaposing Popperian ideas with a discussion of social political and economic development in South East Asia makes this narrative of interest to both political philosophers and specialists in South East Asian economies The key insight drawn from the analysis is that although Karl Popper's *The Open Society and Its Enemies* was a product of a European time and place it is also relevant to anyone seeking to understand the recent history of the East Asian economies *The Open Society and Its Complexities* Gerald Gaus, 2021-08-06 The Open Society is a society of free individuals cooperating while pursuing diverse ways of living The Open Society and Its Complexities marshals formal models and empirical evidence to show that our open society is grounded on the moral foundations of human cooperation originating in our distant evolutionary past but has built upon these foundation a complex society that requires us to rethink both the nature of moral justification and the meaning of democratic self governance **The Open Society and Its Animals** Janneke Vink, 2020-07-10 This book is an interdisciplinary study centred on the political and legal position of animals in liberal democracies With due concern for both animals and the sustainability of liberal democracies The Open Society and Its Animals seeks to redefine animals political legal position in the most successful political model of our time Advancements in modern science point out that many animals are sentient and that like humans they have certain elementary interests The revised perception of animals as beings with elementary interests raises questions concerning the liberal democratic institutional framework does a liberal democracy have a responsibility towards the animals on its territory and if so what kind Do animals need legal animal rights and lawyers to represent them in court and should they also be represented in parliament And how much change of this kind could a liberal democracy really endure Vink addresses these and other pressing questions relating to the political and legal position of animals in this persuasive and authoritative work compelling us to reconsider the relationship between the open society and the animals in it **The Open Society and Its Enemies** Karl Raimund Popper, 1952 *The Open Society And Its Enemies Vol I* Kr Popper, 2023-07-18 *Popper's Open Society After Fifty Years* Ian Jarvie, Sandra Pralong, 2005-08-12 Popper's *Open Society After Fifty Years* presents a coherent survey of the reception and influence of Karl Popper's masterpiece *The Open Society and its Enemies* over the fifty years since its publication in 1945 as well as applying some of its principles to the context of modern Eastern Europe This unique volume contains papers by many of Popper's contemporaries and friends including such luminaries as Ernst Gombrich in his paper *The Open Society and its Enemies Remembering its Publication Fifty Years Ago* **The Open Society and Its Enemies** Karl Popper, 2015-07-11 The Open Society and its Enemies is a major 20th century text a book that often feels familiar even to many who have not read it Seen as a call for the open society and for democratic institutions it was considered particularly relevant in the Cold War era With the collapse of the Soviet Union Popper's world view seems to have emerged as triumphant but the book is still well worth revisiting the struggles between the interests of the state and those of the individual and a pull towards the closed society

continue even in advanced democratic states while historicism vigorously denounced by Popper continues to find widespread support The Open Society and Its Enemies Sir Karl Raimund Popper,1971 The Open Society and Its Enemies: The high tide of prophecy: Hegel, Marx, and the aftermath Karl Raimund Popper,1963 **The Open Society And Its Enemies Vol II** Kr Popper,2023-07-18 In this classic work of political philosophy Popper continues his critique of historicism and defends the principles of an open society He examines the intellectual roots of totalitarianism and offers a powerful defense of liberal democracy This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Open Society and Its Friends* Rocco Pezzimenti,1997

The Open Society And Its Enemies Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Open Society And Its Enemies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Open Society And Its Enemies has opened up a world of possibilities. Downloading The Open Society And Its Enemies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Open Society And Its Enemies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Open Society And Its Enemies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Open Society And Its Enemies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Open Society And Its Enemies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Open Society And Its Enemies has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Open Society And Its Enemies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
