The Orders Templarism:

Knights Templar Tactics and Drill Knights templar (Masonic order). Grand commandery, Freemasons. Michigan. Knights templars. Grand commandery, Knights Templar (Masonic order). Grand Commandery (Mich.), 1871 **Historical Sketch of the Order of Knights Templar** Theodore S. Gourdin, 1855 **The Order of the Solar Temple** Professor James R Lewis, 2013-05-28 In October 1994 fifty three members of the Order of the Solar Temple in Switzerland and Quebec were murdered or committed suicide This incident and two later group suicides in subsequent years played a pivotal role in inflaming the cult controversy in Europe influencing the public to support harsher actions against non traditional religions Despite the importance of the Order of the Solar Temple there are relatively few studies published in English This book brings together the best scholarship on the Solar Temple including newly commissioned pieces from leading scholars a selection of Solar Temple documents and important previously published articles newly edited for inclusion within this book This is the first book length study of the Order of the Solar Temple to be published in English **The Templar Code For Dummies** Christopher Hodapp, Alice Von Kannon, 2011-02-14 A captivating look into the society of the Knights Templar Brought to you by the author of Freemasons For Dummies The Templar Code is more than an intriguing cipher or a mysterious symbol it is the Code by which the Knights Templar lived and died the Code that bound them together in secrecy and the Code that inspired them to nearly superhuman feats of courage and endurance The Templar Code for Dummies reveals the meaning behind the cryptic codes and secret rituals of the medieval brotherhood of warrior monks known as the Knights Templar This intriguing guide will cover such topics as who the Knights Templar were how they rose so high and fell so far and most importantly why there is so much interest in them today The Templar Code For Dummies will explore myths and theories of Christian history that appear in the Da Vinci Code such as the quest for the Holy Grail the Catholic Church's relationship with women that are hotly debated now with special emphasis on the Templar connection It also explores the surprising part the Templars have played in some of the most important historic events of these past seven centuries including the French Revolution the birth of groups such as the Freemasons and even the American Civil War **The Real History Behind the Templars** Sharan Newman, 2007-09-04 The medieval historian who revealed The Real History Behind the Da Vinci Code uncloaks the Templars In the year 1119 these noblemen found their calling as protectors of the faithful on a dangerous pilgrimage to newly conquered Jerusalem Now historian Sharan Newman elucidates the mysteries and misconceptions of the Templars from their true first founding and role in the Crusades to more modern intrigues including Were they devout knights or secret heretics Did they leave behind a fantastic treasure hidden to this day How did they come to be associated with the Holy Grail Did they come to America before the time of Columbus Does the order still exist The Knights Templar on Trial Helen J Nicholson, 2011-08-26 The trial of the Templars in the British Isles 1308 1311 is a largely unexplored area of history Unlike the trial in France where the Templars were tortured into confessing to unspeakable

activities in the British Isles there were no burnings and only three confessions after torture. Several Templars went missing, most of whom later reappeared. Outsiders told stories of abominable Templar rituals, secret meetings and murders at the dead of night, but all these tales turned out to be mere rumour. This book is based on extensive research into the records of the trial of the Templars and other unpublished medieval documents recording their arrest, imprisonment and trial, and the surveys of their property. It traces the course of this, the first heresy trial in the British Isles, from the arrests in January 1308 to the dissolution of the Order and shows how, by judicious selection of material, the inquisitors made the scanty evidence against the Templars appear convincing. The book includes a list of all the Templars in the British Isles at the time of the arrests and a gazetteer of the Templars' major properties in the British Isles.

The Templars Jochen Burgtorf, Shlomo Lotan, Enric Mallorquí-Ruscalleda, 2021-04-21. As the oldest of the military religious orders and the one with an unexpected and dramatic downfall, the knighthood of the Templars continues to fascinate academics and students as well as the public at large. A collection of fifteen chapters, accompanied by a historical introduction, 'The Templars: The Rise, Fall and Legacy of a Military Religious Order', recounts and analyzes this community's rise and establishment in both the crusader states of the eastern Mediterranean and the countries of western Europe during the twelfth and thirteenth centuries, reflects on the proceedings launched against it and its subsequent fall, 1307-1314, and explores its medieval and post-medieval legacy, including an assessment of current research pertaining to the Templars and suggestions for future explorations. Showcasing a wide range of methodological approaches and primary source materials, this volume unites historical, art, historical, theological, archaeological and historiographical perspectives, and it features the work and voices of scholars from various academic generations who reside in eight different countries: Israel, France, Italy, Spain, the United Kingdom, Germany, Poland and the United States of America.

The Rule of the Templars Templars, 1997. This book presents for the first time an English translation of Henri de Curzon's 1886 edition of the French Rule, derived from the three extant medieval manuscripts. Both monastic rule and military manual, the Rule is a unique document and an important historical source. The Rule is divided into seven main sections: the Primitive Rule, Hierarchical Statutes, Penances, Conventual life, the Holding of Ordinary Chapters, Further Details on Penances and Reception into the Order. There are details of the clothing, armour and equipment to which each brother was entitled, instructions to the brothers as to their conduct while on campaign, and information on the daily life of the members of this most influential military order and on the monastic discipline which made it a formidable fighting force. The Rule evolved over almost one hundred and fifty years of the Order's history and is thus a dynamic piece of work showing how the Templars adapted to political change and formulated their disciplinary code. An Introduction gives the historical background to the Rule and summarises the various sections from back cover.
