Knight with its intricate plot of enchantment and betrayal is probably the most skilfully told story in the whole of the English Arthurian cycle. Originating from the north west midlands of England it is based on two separate and very ancient Celtic motifs of the Beheading and the Exchange of Winnings brought together by the anonymous 14th century author. Acclaimed poet Keith Harrison's new translation uses a modern alliterative pattern which subtly echoes the music of the original at the same time as it strives for fidelity. This is the most generously annotated edition available complete with a detailed introduction which situates the work in the context of Arthurian Romance as well as analysing its poetics and narrative structure.

A Catalogue of the Distinguished, Capital, and Truly Valuable Collection of Cabinet Paintings, Late the Property of the Countess of Holderness, Dec. ... ,1802 *Sexual Knowledge, Sexual Science* Roy Porter, Mikulas Teich, 1994-09 This volume is about those who have investigated sex from antiquity to the present day. *A Vain Talent? The Question of Female Artistry in the Life and Work of Anne Brontë* Taten Shirley, 2025-02-04 The main goal of this anthology is to aid Brontë scholars along with undergraduate and graduate students alike in their research of Anne Brontë specifically in regards to the question of her artistry in her own life and the theme of artistry in her novel *The Tenant of Wildfell Hall* and her poetry. While there have been numerous publications on the Brontë sisters there is the least amount of scholarship on Anne. Literary criticism of Anne is usually included within commentary on her sisters as a whole and Anne is always discussed the least in the works. There are few if any anthologies on Anne's writing especially not one that focuses on artistry specifically. This anthology seeks to reduce the disparity of scholarship on Anne compared to her sisters. The chapters all focus on artistry in some aspect of her life or her writing. The first chapter focuses on Anne's poetry and how it can be viewed as a therapeutic for her homesickness while at Thorp Green. Chapter two examines the ways in which Anne Brontë demonstrates that Agnes Grey's pedagogic craft is one steeped in virtue but punctuated by limited authority thus stressing the inherently artistic nature of education as aesthetic expression that ultimately remains subordinate to the power of individual autonomy. The third chapter examines Helen Huntingdon through the medieval lens of chivalric domestic violence. Chapter four discusses how Anne's artistry impacted the characters she wrote illustrating how Helen's career as an artist relies on the commercial prospects that painting permits to investigate the problems and disagreements that occur when a woman endeavors to construct a room of one's own outside the conventional societal circumstances. The fifth chapter explores how Brontë traces Helen Huntingdon's moral and emotional development through her art and how characters of both genders interact with that art and how the acts of production and interpretation serve as an important dimension of her social critique and refusal to conform to gendered expectations of her own art. Then the sixth chapter examines Victorian women's artistic skills and their modest craft of sketching imaginary kingdoms and painting realistic landscapes and self portraits in Anne Brontë's *The Tenant of Wildfell Hall* 1848 and in Charlotte Brontë's *Jane Eyre* 1847 as the equivalents of unprofessional female writings expected in the nineteenth century. The seventh chapter explores the use of art as a means of

escape from an unvirtuous marriage in *The Tenant of Wildfell Hall* Lastly the eighth chapter takes a closer look at why exactly Anne is the least known sister by contrasting the supernatural in Charlotte's *Jane Eyre* to the realism in Anne's *The Tenant of Wildfell Hall* **The Green Bag** ,1893 Includes index 1 v **The Critic** Jeannette Leonard Gilder,Joseph Benson Gilder,1898 **Catalogue of the Library Belonging to the Society of Brothers in Unity, Yale College, June, 1838** Society of Brothers in Unity (Yale College). Library,1838 *Critic and Literary World* Jeannette Leonard Gilder,Joseph Benson Gilder,1893 **Beginning Well** Judith M. Davidoff,1988 This book advances the argument that there exist in Middle English verse distinct narrative patterns that affected medieval contemporary audiences in symbolic ways The author focuses upon one particular narrative pattern that occurs in a large number of poems allowing us to discern even if we do not share unstated medieval assumptions about narrative structure
