## **The Other Hundred Years War Japan's Bid For Supremacy 1941-2041:**

**The Other Hundred Years War** Russell Braddon, 1983      **Reassessing the Japanese Prisoner of War Experience** R P W Havers, R. P. W. Havers, 2003-03-27 This book explores the history of the Changi Prisoner of War camp at Singapore between the surrender in 1942 and the eventual liberation by British forces in September 1945. It discusses the forms of POW resistance to the Japanese.      **Japanese Capitalism Since 1945** Tessa Morris-Suzuki, Seiyama Takuro, 2016-07-22 This book introduces students of the Japanese economy to a broad range of critical contemporary Marxian analyses by Japanese economists. Each of the five essays on economic policy, agriculture, big business, labour relations and foreign trade and investment is written by a specialist in the field. The introduction places the essays in the wider context of contrasting theories of Japanese economic development. While such writings constitute an important part of the economic literature in Japan, virtually none of the great body of Marxian writing on Japanese capitalism has heretofore been available in English.      ***Japan's Economic Challenge*** Michael Keresztesi, Gary R. Cocozzoli, 2018-10-26 This book first published in 1988 assembles a key pool of references in English to help study the Japanese economic challenge of the 1980s. Collectively these writings chronicle the historical social and cultural background of Japan's spectacular industrial take-off. They describe, analyse and interpret the diverse manifestations of Japan's economic growth.      ***The Battle Within*** Christina Twomey, 2018-02-01      **Fighting Monsters** Richard Wallace Braithwaite, 2016 Only six escapees survived the Sandakan death marches of 1945 in North Borneo, the worst atrocity ever inflicted on Australian soldiers. 1787 Australian and 641 British POWs perished. Previous descriptions of the numerous violent acts have yielded little understanding of a situation where the real struggle was to keep one's humanity when so many were losing theirs, whether Allied POWs, local residents of Borneo, Japanese slave labourers or Japanese soldiers. Understanding this extraordinary story is aided by reference to a wide range of sources in different countries and disciplines and by examining the perspectives of all players in this terrible game of survival. An unusual and extreme POW story, the Sandakan tragedy had four stages: active resistance in 1942, 3 stubborn endurance in 1943, 4 the collapse of civilized existence in 1945 and finally the postwar decades of torment for the six damaged survivors, the gradual assimilation of the story, the healing of the damage and the commemoration of the tragedy by the families and communities involved. Richard Wallace Braithwaite's father was one of the six survivors of the Sandakan death marches of 1945. He died in 1986 still wanting the story to be properly told. This led to a project that has lasted for much of the last forty years of the author's life, culminating in this book. With a scientific background, Richard worked for many years with CSIRO and universities in the biological and social sciences and in historical research. His extensive and diverse research history and lifelong personal immersion in the story has given him a unique perspective in exploring the complexities of the Sandakan tragedy.      **Routledge Library Editions: Business and Economics in Asia** Various, 2021-07-14 This set examines a vast range of topics covering all experiences of business and economics from across

Asia Dealing with early banking systems in China the industrialisation of Korea and Taiwan the evolution of Japanese business practices economic development protectionist policies industrial investment trade tourism and a host of other topics the books collected here form a vital reference resource across a wide subject area [Japan - Restless Competitor](#) Dr Malcolm Trevor, Malcolm Trevor, 2013-12-16 In this important new and controversial study about the nature and focus of the Japanese economic agenda the author argues forcefully that the official mind set of leading bureaucrats top politicians and big business makes it virtually impossible for the western industrialized world to do business on an equal footing Put simply it is a question of western free market economics facing Japanese economic nationalism which is by its very nature both an expansive and a protectionist ideology International observers continue to ask is Japan changing or more forcefully is Japan capable of change Notions of reform and restructuring are today part of the Japanese lexicon but appear to hold little substance Trevor argues that any western notion of Japan changing fundamentally i.e. adopting western or Anglo Saxon philosophies is facile completely unrealistic This book is for everyone who wonders what motivates Japan's politico economic system and whether it is changing **Area Bibliography of Japan** Ria Koopmans-de Bruijn, 1998 Provides a general overview of literature relating to Japan and covers a broad range of subject matter from art feminism and linguistics to corporate culture history and medicine Includes books published since 1980 that are related to the geographical area of Japan and to Japanese culture within that area **Beyond Computopia** Morris-Suzuki, 2013-10-28 First published in 1988 The author's purpose in writing this book is neither to offer any specific lessons from Japan's experience nor to add to the warnings of the Japanese menace to western technological hegemony The aim and perspective of this book is to use the study of Japan as a means of outlining a theory of information society which will be radically different from the ideas put forward by most Japanese theorists of the subject **The Southwest Pacific Campaign, 1941-1945** Eugene L. Rasor, 1996-09-24 Providing comprehensive coverage of the literature on the Southwest Pacific Campaign of World War II this book includes both a historiographical narrative and an annotated bibliography of over 1500 entries Part I the historiographical narrative includes a general survey and review of the works listed in Part II the annotated bibliography The historiographical survey features critical analysis and an evaluation of the literature makes an effort to place each work in context and also points to gaps in the literature The bibliography section includes descriptive and evaluative annotations Works cited in Part I are cross referenced to Part II The book reviews evaluates and integrates a comprehensive collection of popular and scholarly literature on the Southwest Pacific Campaign Coverage includes operations in all dimensions land sea air underwater and combinations of these The work covers personnel and their experiences and includes memoirs diaries autobiographies biographies and oral histories It also covers intelligence matters diplomacy logistics and supply and cultural aspects such as journalism fiction film and art Available archival research and library facilities and materials are also described There is an introductory historical essay a chronology and comprehensive indexes **Australia's War 1939-45** Joan

Beaumont,2020-09-10 The Second World War was a dominant experience in Australian history For the first time the country faced the threat of invasion The economy and society were mobilised to an unprecedented degree with 550 000 men and women or one in twelve of a population of over 7 million serving in the armed forces overseas Social patterns and family life were disrupted Politically the war gave a new legitimacy to the Australian Labor Party which had been confined to the wilderness of the Opposition at the Federal level for most of the inter war years The powers of the Federal government increased and a new momentum for social reform was generated at the popular and governmental level In the international sphere the war fundamentally shook Australian confidence in the power on which it had relied for generations Great Britain It generated a sense of independence in Australian foreign policy and initiated a new if halting and problematic realignment towards the United States In this accessible book Joan Beaumont Kate Darian Smith David Lee David Lowe Marnie Haig Muir Roy Hay and David Walker consider the range of Australia s experience of this conflict In a single volume they draw together the many aspects of the war and distil the current state of historical scholarship Australia s War 1939 45 will be invaluable to tertiary students and of enormous interest to the reader concerned with the social political and military history of Australia A companion volume on the First World War is also available Battle of Okinawa George Feifer,2001-08-01 A landmark text on the greatest land battle of the Pacific War Japan Malcolm Trevor,2001 This controversial study examines Japan s economic nationalism which forms the basis of central government policy i e the system in which business and politics are inseparable and which impacts on Japan s relations with the world Imperialist Japan Michael Montgomery,1987 **A Bibliography of the Malayan Campaign and the Japanese Period in West Malaysia, Singapore, and Borneo, 1941-1945** Justin J. Corfield,2001 If there was an honour roll of bibliographies of the Malayan campaign and the Japanese occupation of Malaya Singapore and Borneo this work would come close to the top of the list With over 4 000 entries it is a formidable collection and there is no doubt that Justin Corfield s efforts will be valuable to scholars working on this important aspect of military as well as Malayan and Singapore history Corfield has compiled a virtual treasure trove of hitherto seemingly untouched material in the form of original diaries and other unpublished personal accounts including material not only in English and Dutch but also in Malay and Chinese Three indices greatly facilitate the looking up of entries **Japan Quarterly** ,1984 *Massacre at Parit Sulong* Gilbert Mant,1995 The tragic firsthand story of the Japanese massacre of 145 wounded Australian and Indian troops in Malaysia as told by one of the two survivors **Japanese Management in America and Britain** Donald Duncan Gordon,1988 Discusses the social political and economic factors which have influenced American authors in their search for role models in Japanese management practice **The Japan Foundation Newsletter** ,1981
