Understanding Mafia Networks Roberto Musotto, 2022-07-15 The Sicilian Mafia is the most famous criminal organisation in the world While its own code of honour rustic chivalry and violence methods have been adopted by other illicit groups very little is known about how the Mafia Cosa Nostra is actually organised and embedded in its territory Who runs the day to day operations What does it take for a Mafioso to raise the ranks and become a boss How can the organisation protect itself and regroup after arrests This book explores for the first time the structure of this criminal organisation through the lens of spatial and social network analysis and answers these questions This is done by looking at the relationships of 176 members of the organisation that have been recently involved in building the Cupola the highest ruling and judicial body in the organisation Starting from the arrest warrant that uncovered this criminal restructuring a method and several alternatives are offered explained and commented on how to analyse and visualise criminal networks The book confirms the assumption that the Sicilian Mafia is a criminal organisation that is deeply rooted in its territory Mafiosi live work and interact only in the remit of their own neighbourhood Bosses are evasive even to their own

affiliates and mid level members are in charge of keeping the whole network operational This book is particularly useful to students researchers and law enforcement agencies that look at new ways to understand and disrupt the operations and structure of criminal organisations around the world      *The Dark Mafia* Antonio Nicaso, Marcel Danesi, 2023-03-31 This book explores how organized crime has adapted and evolved in sync with ever expanding technologies to update its popular image and to conduct its covert operations It shows how organized crime operates in dark virtual spaces and how it can now form a dynamic interactive system with legitimate online spaces solidifying its criminal exploits and resources and making them attractive to a new generation of computer users Focusing on Italian Mafias Russian and Georgian criminal groups and drug cartels and Asian crime syndicates such as Yakuza and Triads this book aims to describe and explain the reasons behind the continuity of online and offline crime taking into consideration whether or not internet culture has radically changed the way we perceive organized crime and if so how and thus how the shift in popular imagery that the internet has brought about affects its actual illegal activities We also consider how organized crime has shifted its locale from the physical to the virtual how cybercrime has allowed criminal organizations to adapt and reinvent themselves and how the police now use technology against organized crime To better understand the new generation of criminals it is becoming increasingly urgent to understand the latest technologies and how criminals utilize them The Dark Mafia is an engaging and accessible introduction to understanding virtual organized crime It will appeal to students and scholars of criminology sociology policing and all those interested in the digital age of organized crime      The Complete Idiot's Guide to the Mafia Jerry Capeci, 2005-01-04 Offers a comprehensive overview of the world's most notorious criminal organization tracing the history of the Mafia changes in the ranks and power following the conviction of key members and their diverse roles in cities across the United States

a trip to one of the tax havens where the mafia hides its money Breska decides to go against the tide and breach the code of silence trapped between the two government agencies who hope to gather enough evidence to gain a conviction against the mob by a popular jury It is the first time in Mafia culture that their consigliere wishes to breach the omert      **Unbelievable Magic and Miracle of My Life** Addie M. Henderson, 2013-05-01 My name is Addie and I am the daughter of Queen Elizabeth Henderson and my mother have ten 10 children that she raise under a very racial white conditions in Memphis Tennessee So I ran away from the South to the North as a young girl because I wanted my freedom and rights to make my own choices But when I return back to Memphis Tennessee I brought back with me a ferocity that is unmatched in my family See my story is a true story about my Negro family in the South Because I have grow past this slavery and racial white conditions that I was born under in Mississippi at my time of birth and now I have produce life myself as a Creator on earth and some of the white peoples have change in the South a lot by initial conditions      **Women of the Mafia** Felia Allum, 2024-07-15 Women of the Mafia dives into the Neapolitan criminal underworld of the Camorra as seen and lived by the women who inhabit it It tells their life stories and unpacks the gender dynamics by examining their participation as active agents in the organization as leaders managers foot soldiers and enablers Felia Allum shows that these women are true partners in crime The author offers an innovative interdisciplinary analysis that demystifies the notion that the Camorra is a sexist male centric organization She links her analysis of Camorra culture within the wider Neapolitan context to show how mothers and women act and are treated in the private sphere of the household and how the family helps explain the power women have found in the Neapolitan Camorra It is civil society and law enforcement agencies that continue to see the Camorra using traditional gender assumptions which render women irrelevant and lacking independent agency in the criminal underworld In Women of the Mafia Allum debunks these assumptions by revealing the power and influence of women in the Camorra      **FBI Law Enforcement Bulletin** , 1987      *FBI Law Enforcement Bulletin* United States. Federal Bureau of Investigation, 1935      *Mafia Wars in the History* IntroBooks, 2018-02-21 The term mafia has been used to refer to various secret groups or organizations that are involved in various forms of organized crimes and are spread across the world in various countries They are usually recognized by the name of the country in which they have originated Most of the group members of the mafia belong to a particular nationality and operate in the particular country itself The main goal of such mafia groups is to have full control over the various kinds of activities They can even have a monopoly over certain criminal activities But one should not be mistaken Though several films documentaries and plays have been enacted in the life of the mafias and the wrong deeds done by them people might still get the impression that the mafias are good people The people might be allured by the money earning capacity of the mafias in no matter of time The lavish lifestyle led by them and the kind of richness they possess it might appear quite overwhelming on the exterior front But the truth is that on the inner side it is all black The mafias have their hands spoiled with the color of blood Mafia members are constantly living under the

violence from the other mafia groups and often end up getting killed or killing others There is no room for peace in their lives The world in the due course of the mafias and their menace has witnessed several major wars The Mafia Wars as it is called have been the root cause due to the disturbances created in one group or the other and in taking revenge on the other As we live in the present era there are still major mafia groups out there in several parts of the world **The Two Mafias**

Salvatore Lupo,2015-08-05 A realistic understanding of the mafia must avoid depictions both of a monolithic organization and of localized isolated groups Here renowned historian Salvatore Lupo analyzes the mafia as a network of varied relationships and institutions the result of a complex cultural and social encounter that was shaped by multiple diverse environments

*Mafia-type Organisations and Extortion in Italy* Giacomo Di Gennaro,Antonio La Spina,2018-09-05 Mafia type organizations generate several distorting effects on the economy In Italy their presence is endemic and not only in Southern regions such as Sicily Campania or Calabria Such organizations endure the fierce and continuous pressure exerted by Italian anti mafia policy maybe the most articulate and effective such policy in the world Nevertheless they have survived by submerging transforming and relocating their operations The analysis of the different Mafias of today benefits from a huge amount of empirical data produced by investigators This allows us to outline more reliable indexes of the penetration of Mafiosi in given territories as well as to estimate the size of their activities in a transparent and empirically testable way The contributions gathered in this book stem from the application of an innovative methodology originally introduced by the Fondazione Rocco Chinnici and they enlarge our understanding of such a complex and dynamic phenomenon After the presentation of the approach the chapters are devoted to the Camorra s present situation to an estimate of the size of extortion to a comparison between Cosa Nostra and Camorra to the analysis of wiretapped conversations and finally to the delocalization of Mafias and the perspectives of a European anti mafia policy This book was originally published as a special issue of Global Crime **The Mafia Encyclopedia** Carl Sifakis,2006 More than 500 alphabetical entries provide information on the people places and events associated with the Mafia
