The Other Side Of The Asian American Success Story Jossey Bass Education Series:

The Other Side of the Asian American Success Story Wendy Walker-Moffat, 1995-08-15 Those who wish to avoid the costs of educational reform often point to Asian Americans as evidence that minorities can succeed without special program support But as Wendy Walker Moffat shows the story of Asian American success deflects attention from the very real problems faced by new Asian immigrant groups In this book Walker Moffat reveals the bitter contrast between the educational experiences of new Asian immigrant groups and the Asian American success myth Using the case of the Hmong a Southeast Asian refugee group that settled across the United States the author shows how ill prepared school systems are to educate newcomers [Resources in Education](#) ,1998 *Innovations in Educational Ethnography* George Spindler, Lorie Hammond, 2012-10-12 This volume focuses on and exemplifies how ethnography a research tool devoted to looking at human interaction as a cultural process rather than individual psychology can shed light on educational processes framed by the complex internationalized societies in which we live today Part I offers theoretical chapters about ethnography and examples of innovative ethnography from particular perspectives In Part II the emphasis is on the application of ethnographic approaches to educational settings Each contribution not only takes the reader on a thoughtful and enlightening journey but raises issues that are important to both educators and ethnographers including the relationship of researcher to subject the meaning of participant in participant observation and ways to give voice to disenfranchised players and on the complex ways in which all parties experience identities such as race in the modern world *Innovations in Educational Ethnography Theory Methods and Results* is a product of both continuity and change It presents current writings from mentors in the field of ethnography and education as well as the work of their students and of educators engaged in cultural studies of their work In many ways it provides fresh new vistas on the old questions that have always guided ethnographic research and can be used as a survey both of what ethnography has been and what it is becoming This book is the work of many hands and provides excellent examples of trends in both basic and applied ethnography of education These two kinds of work augment and reinforce each other and also represent important current research directions in depth reflection on the process of ethnography itself and an application of its insights to teaching and learning in schools universities and communities No one philosophy guides the contributions to this volume nor were they chosen as exemplary of a particular approach yet foundational understandings and principles of ethnography shine through the work in both predictable and unexpected ways

Beyond Silenced Voices Lois Weis, Michelle Fine, 2005-03-10 A thoroughly revised and updated edition of the classic text *Beyond Silenced Voices* Focuses on the roles of hope participation and change in reforming American schools **The Burden of Academic Success** Allison L. Hurst, 2010-03-01 *The Burden of Academic Success* Loyalists Renegades and Double Agents explores class identity reconstructions among working class students attending a public university Rather than focus on working class failure this book takes a critical look at the psychological and social costs of academic success Based on several hours of

interviews with a diverse group of working class students this book describes how successful students respond to react to and manage their academic success The book does for class what other theorists have done for race examining the dynamic interplay of class identity and educational success social mobility The distinguishing features of the book are rich narrative detail compelling stories of student success and struggle intersectional analysis exploring the ways class race and gender inform each other in students understandings and narratives with an interwoven theory throughout and a new typology for understanding working class student responses to the burden of academic success The Burden of Academic Success is ideal for courses on sociology education and American studies as well as for use by college educators and administrators

The Model Minority Stereotype Nicholas D. Hartlep, 2021-04-01 Researchers higher education administrators and high school and university students desire a sourcebook like The Model Minority Stereotype Demystifying Asian American Success This second edition has updated contents that will assist readers in locating research and literature on the model minority stereotype This sourcebook is composed of an annotated bibliography on the stereotype that Asian Americans are successful Each chapter in The Model Minority Stereotype is thematic and challenges the model minority stereotype Consisting of a twelfth and updated chapter this book continues to be the most comprehensive book written on the model minority myth to date

Writing from These Roots John M. Duffy, 2007-05-31 Outstanding Book Award Conference on College Composition and Communication We are only beginning to recognize the global forces that have long shaped literacy in the United States What we need now is a book that demonstrates how to theorize U S literacy with regard to globalization s complex legacy Writing from These Roots satisfies this need and then some Duffy s careful representation of Hmong literacy narratives is a remarkable accomplishment in its own right not least for the respect he shows the women and men whose stories enable him to delineate personal cultural and national pathways to literacy In also documenting Hmong people s transnational pathway to literacy in the United States Duffy expertly details the rhetorical means by which literacy can make legible the self fashioning of distinct identities against a historical backdrop bleached by generations of assimilationist public policy and racist discourse Duffy s insistence that we think rhetorically about literacy is a call that will resonate in literacy scholarship for years to come Peter Mortensen University of Illinois at Urbana Champaign Writing from These Roots is without doubt a major original and important work Fittingly for a book that conceptualizes its topics and themes globally and comparatively it will attract an international audience Harvey J Graff The Ohio State University This is a fascinating and important study that is rich in theoretical insight about literacy and has an informed and detailed account of the Hmong experience in Laos and the United States Franklin Ng California State University Fresno Writing from These Roots documents the historical development of literacy in a Midwestern American community of Laotian Hmong a people who came to the United States as refugees from the Vietnam War and whose language had no widely accepted written form until one

created by missionary linguists was adopted in the late twentieth century by Hmong in Laos and later the U S and other Western nations As such the Hmong have often been described as preliterate nonliterate or members of an oral culture Although such terms are problematic it is nevertheless true that the majority of Hmong did not read or write in any language when they arrived in the U S For this reason the Hmong provide a unique opportunity to study the forces that influence the development of reading and writing abilities in cultures in which writing is not widespread and to do so within the context of the political economic religious military and migratory upheavals classified broadly as globalization

Southeast Asian Refugees and Immigrants in the Mill City Tuyet-Lan Pho, Jeffrey N. Gerson, Sylvia R. Cowan, 2007 Original interdisciplinary essays highlight the pain struggles and victories of Southeast Asian refugees and immigrants in a mid sized New England city

Culturally Diverse Parent-Child and Family Relationships Nancy Boyd Webb, 2001-07-10 In an increasingly diverse social environment misunderstandings often arise between practitioners in the helping professions and clients from different racial and ethnic backgrounds This book investigates the culturally specific beliefs and child rearing practices of five major racial ethnic groups African Americans Latinos Native Americans Asian Americans and European Americans Analyses of case vignettes illustrate the book's dual focus on the practitioners own views in addition to those of their culturally diverse clients Guidelines offer suggestions for effective engagement and work with culturally diverse families

Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II James Flood, Shirley Brice Heath, Diane Lapp, 2015-04-22 The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts Volume II brings together state of the art research and practice on the evolving view of literacy as encompassing not only reading writing speaking and listening but also the multiple ways through which learners gain access to knowledge and skills It forefronts as central to literacy education the visual communicative and performative arts and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young A project of the International Reading Association published and distributed by Routledge Taylor Francis Visit <http://www.reading.org> for more information about International Reading Association books membership and other services

The Role of Culture and Cultural Context in Evaluation Stafford Hood, Henry Frierson, Rodney Hopson, 2005-11-01 This volume seeks to address select questions drawn from the matrix of the complex issues related to culturally responsive evaluation We ask should evaluation be culturally responsive Is the field heading in the right direction in its attempt to become more culturally responsive We ask what is culturally responsive evaluation today and what might it become tomorrow This edited volume does not promise to deliver answers to all most or even many of the complex answers facing the evaluation community regarding the role of culture and cultural context in evaluative theory and practice This is not a scientific undertaking We are not ready for concerns with prediction explanation or control We are ready for serious

explorations however Even if the evaluation community cannot articulate the necessary and sufficient conditions for a culturally relevant evaluation it does know several of the desiderata Our concern and the direction of this volume has been reflections of evaluation theory history and practice within the context of culture with illustrative examples

Glass Ceilings and Asian Americans Deborah Woo, 2000 Throughout the history of the United States fluctuations in cultural diversity immigration and ethnic group status have been closely linked to shifts in the economy and labor market Over three decades after the beginning of the civil rights movement and in the midst of significant socioeconomic change at the end of this century scholars search for new ways to describe the persistent roadblocks to upward mobility that women and people of color still encounter in the workforce In *Glass Ceilings and Asian Americans* Deborah Woo analyzes current scholarship and controversies on the glass ceiling and labor market discrimination in conjunction with the specific labor histories of Asian American ethnic groups She then presents unique in depth studies of two current sites a high tech firm and higher education to argue that a glass ceiling does in fact exist for Asian Americans both according to quantifiable data and to Asian American workers own perceptions of their workplace experiences Woo s studies make an important contribution to understanding the increasingly complex and subtle interactions between ethnicity and organizational cultures in today s economic institutions and labor markets

American Dreams, Global Visions Donald F. Hones, 2014-04-04 This book presents the struggle for dialogue and understanding between teachers and refugee and immigrant families in their own words Forging a stronger connection between teachers newcomers and their families is one of the greatest challenges facing schools in the United States Teachers need to become familiar with the political economic and sociocultural contexts of these newcomers lives and the role of the U S in influencing these contexts in positive and negative ways The important contribution of *American Dreams Global Visions* is to bring together global issues of international politics and economics and their effects on migration and refugee situations national issues of language and social policy and local issues of education and finding ways to live together in an increasingly diverse society Narratives of four immigrant families in the United States Hmong Mexican Assyrian Kurdish Kosovar and the teacher researchers who are coming to know them form the heart of this work The narratives are interwoven with data from the research and critical analysis of how the narratives reflect and embody local national and global contexts of power The themes that are developed set the stage for critical dialogues about culture language history and power Central to the book is a rationale and methodology for teachers to conduct dialogic research with refugees and immigrants research encompassing methods as once ethnographic participatory and narrative which seeks to engage researchers and participants in dialogues that shed light on economic political social and cultural relationships to represent these relationships in texts and to extend these dialogues to promote broader understanding and social justice in schools and communities *American Dreams Global Visions* will interest teachers social workers and others who work with immigrants and refugees researchers

professionals and students across the fields of education language and culture ethnic studies American studies and anthropology and members of the general public interested in learning more about America s most recent newcomers It is particularly appropriate for courses in foundations of education multicultural education comparative education language and culture and qualitative research *Presence Of Mind* Pepi Leistyna,2019-05-20 Taking up the ever shifting cultural and political landscape in the United States Presence of Mind addresses how power manifests itself within and across different social and educational terrain covering a number of contemporary topics and polemics that are central to teaching educational theory and practice Pepi Leistyna argues that it is imper Culturally Contested Literacies Guofang Li,2010-04-02 Culturally Contested Literacies examines the home and school literacy experiences of children from a uniquely socio cultural perspective including vivid detailed case studies describing the lives and literacy practices of six families Urban Girls Bonnie J. Leadbeater,Niobe Way,1996-06 Contributors present a portrait of low income urban American adolescent girls based on fact rather than stereotype aiming to fill the gap in research about adolescent girls They explore girls attitudes and alternatives in areas such as identity family and peer relationships sexuality health and career development often allowing the girls to speak for themselves For undergraduate and graduate students in psychology sociology economics and women s studies as well as policymakers Annotation copyright by Book News Inc Portland OR *Urban Girls Revisited* Bonnie J. Leadbeater,Niobe Way,2007-02-12 Urban girls are marginalised by poverty ethnic discrimination and stereotypes suggesting that they have deficits compared to their peers This book explores the diversity of urban adolescent girls development and the sources of support and resilience that help them to build the foundations of strength that they need as they enter adulthood
