The Dream Of X:

The Dream of Reality Lynn Segal, 2001-05 What if there were no objective facts no objective truth only our belief in them What if our consciousness itself is an unconscious invention constructed out of logic and language In this thought provoking volume Lynn Segal describes how the ideas of Heinz von Foerster compel us to explore the question Do we discover the world or do we invent it He suggests that we must first know how we think before we can claim knowledge of the world While Constructivism may seem relevant only to those in the cognitive sciences it is in fact highly relevant to everyone Paradoxically grasping the limits of our own understanding can free us to live more creative and meaningful personal and professional lives

A Critical Discourse Study of the "Chinese Dream" Junchen Zhang, 2024-11-29 Zhang's book focuses on the analysis of the sociohistorical context linguistic patterns of discursive construction and media representations of the Chinese Dream in Mainland China Hong Kong and the United States Analyzing data from the Chinese leader's speeches and articles from China Daily the South China Morning Post and the New York Times the author provides insights into the understanding of contemporary Chinese society through a critical discourse analysis of the Chinese Dream and its mediatized construction Focusing on the discursive construction the book examines the Chinese leader Xi Jinping's narratives on the Chinese Dream from multidimensional perspectives such as thematic representations discursive strategies and narrative frames which emphasize the overall structure of the Chinese Dream as a political discourse Methodologically Zhang combines a discourse historical approach corpus linguistics and framing analysis into a complementary framework which draws merits from the three approaches This innovative research volume will be of interest to academics researchers and students in the fields of discourse analysis political research Chinese politics and East Asian studies

Dream, Death, and the Self J. J. Valberg, 2018-06-26 Might this be a dream In this book distinguished philosopher J J Valberg approaches the familiar question about dream and reality by seeking to identify its subject matter what is it that would be the dream if this were a dream It turns out to be a subject matter that contains the whole of the world space and time but which like consciousness for Sartre is nothing in itself This subject matter the personal horizon lies at the heart of the main topics the first person the self and the self in time explored at length in the book The personal horizon is Valberg contends the subject matter whose center each of us occupies and which for each of us ceases with death This ceasing to be presents itself solipsistically not just as the end of everything for me but as the end of everything absolutely Yet since it is the same for everyone this cannot be Death thus confronts us with an impossible fact something that cannot be but will be The puzzle about death is one of several extraphilosophical puzzles about the self that Valberg discusses puzzles that can trouble everyday consciousness without any contribution from philosophy Nor can philosophy resolve the puzzles Its task is to get to the bottom of them and in this respect to understand ourselves a task philosophy has always set itself

The Dream in Native American and Other Primitive Cultures Jackson Steward Lincoln, 2003-04-14 This analysis opens with a historical

review of dream interpretation exploring the structure theory and function of dreams in primitive cultures and examining their predominant symbols types and forms Focusing on Native American dreams the study defines their significance to the individual and their relationship to the culture pattern Origins of the Dream W. Jason Miller,2015-02-03 Since Martin Luther King Jr s I Have a Dream speech some scholars have privately suspected that King s dream was connected to Langston Hughes s poetry Drawing on archival materials including notes correspondence and marginalia W Jason Miller provides a completely original and compelling argument that Hughes s influence on King s rhetoric was in fact evident in more than just the one famous speech King s staff had been wiretapped by J Edgar Hoover and suffered accusations of communist influence so quoting or naming the leader of the Harlem Renaissance who had his own reputation as a communist would only have intensified the threats against the civil rights activist Thus the link was purposefully veiled through careful allusions in King s orations In Origins of the Dream Miller lifts that veil and shows how Hughes s revolutionary poetry became a measurable inflection in King s voice He contends that by employing Hughes s metaphors in his speeches King negotiated a political climate that sought to silence the poet s subversive voice By separating Hughes s identity from his poems King helped the nation unconsciously embrace the incendiary ideas behind his poetry Arafat and the Dream of Palestine Bassam Abu Sharif,2025-10-16 Abu Sharif was one of the world s most notorious and dangerous terrorists in the 60 s and 70 s acting as minister of propaganda for the Popular Front for the Liberation of Palestine PFLP and as a recruiter for terrorists like Carlos the Jackal In 1972 a bomb was placed in a book and sent to him leaving him half blind deaf in one ear and almost fingerless Finally abandoning the use of violence as a means to achieve his Palestinian nationalist aspirations he aligned himself with Yasser Arafat eventually becoming one of his closest advisors In this book Abu Sharif often alongside Arafat takes us behind the scenes of all the major events in the Middle East during the last 30 years from the secret caves in the West Bank where Arafat hid on his way to Jerusalem in 1967 to the peace negotiations in Oslo in 1993 Arafat and the Dream of Palestine combines a deeply personal account informed by Abu Sharif s close relationship with Arafat with a gripping profoundly human history of Palestine **Elric In the Dream Realms** Michael Moorcock,2009-10-27 Kinslayer Soul reaver Sorcerer Thief And last emperor of a cruel decadent race Elric of Melnibon is all of these and more His life is sustained by drugs and magic and energy sucked from the victims of his vampiric black sword Stormbringer a weapon feared by men and gods alike Denied the oblivion he seeks poised between a tragic past he cannot escape and a terrifying future he is doomed to bring about Elric is a hero like no other Del Rey is proud to present the fifth installment in its definitive collection featuring the immortal creation of Michael Moorcock named Grand Master by the Science Fiction and Fantasy Writers of America Highlights include an epic novel of Elric s early years The Fortress of the Pearl the script of the graphic novel Elric The Making of a Sorcerer a previously unpublished proposal for a new series and Hugo Award winning author Neil Gaiman s moving fictional tribute to Elric the short story One Life Furnished in Early Moorcock Gorgeously illustrated
