The Temple of Avinasi The Legend of the Kalki Ayush Pathak, 10-01-14 A heroic tale timed in modern age, a battle of existence between evil and the good bred on the ashes of the four thousand year old legendary Epic Wars. The Immortal Protectors of the Temple are finding it hard to maintain control over a new rising evil power far greater in magnitude than the previous war. The Shield that protects Earth from external attacks had stopped the invading Dark Seekers also called Nishachars, a fled group from some distant dying planet for long. Until four thousand years ago when the shield was ruptured and the entire mortal world turned on the edge of demolition. It was then the immortal protectors, the Light Seekers more commonly known as Devs along with the remaining army of mortals fought and drove back the combined army of Nishachars and Asurs and restored the shield but at a great price. The Nishachars retreated and since then they have grown and redoubled their army several times waiting for their prophesized Dark Lord to rise. The Devs on the other hand, knowing that they won't be able to stop the Great Dark Lord if risen, formed a secret brotherhood named The Temple of Avinasi and scattered themselves throughout the world. Their only feeble hope lies in an ancient legend named Kalki, the last prophesized Avatar of Vishnu. And unaware of all this, two fourteen year old boys are presently spending their time merrily together in the mortal world, innocently oblivious to the fact that how much changed their destinies are from what it seems and how much the world's fate is dependent on them.

Angels of the Workplace Mercedes Steedman, 1997-12-15 In this renowned 1997 study of the clothing industry in Canada, Mercedes Steedman examines how the intricate weaving together of the meanings of class, gender, ethnicity, family and the workplace created a job ghetto for women. Although women comprised a significant majority of garment workers, their roles were limited both in the workplace and in the trade union bureaucracy. Detailing the disparities between men and women in terms of wages and representation, *Angels of the Workplace* is the definitive history of discrimination against women in Canada's clothing industry. Steedman shows the crucial role that women played at the front of the picket lines during labour strikes and reveals how they gained sympathy and favourable media coverage for the workers' cause. Tracing both the new hopes for more equitable work brought about by left wing unionism and the disappointments caused by the cooperation of labour and management in the new unionism of the 1930s, *Angels of the Workplace* reveals how formalized workplace gender discrimination was formalized for the rest of the century.
