The Dynamic Way of Meditation Dhiravamsa,1982 *The Dynamic Way of Meditation* Dhiravamsa,1989 **The Dynamic Power of the Inner Mind** Brian Brown,1924 Satipatṭhāna Anālayo,2003 This book helps to fill what has long been a glaring gap in the scholarship of early Buddhism offering us a detailed textual study of the Satipatṭha Sutta the foundational Buddhist discourse on meditation practice Back cover *The Ego and the Dynamic Ground* Michael Washburn,1988-01-31 This book presents a transpersonal theory of human development Using a broad range of both Western and Eastern sources Washburn answers the challenge of Carl Jung He shows how modern humans can integrate themselves and attain self realization rather than self destruction *International Meditation Bibliography, 1950-1982* Howard R. Jarrell,1985 See Reviews **The Dynamic Laws of Prosperity** Catherine Ponder,2016-05-27 There s Gold Dust in the Air for You This book is the result of several recent recessions and many years of lean living Nobody likes recessions and nobody likes lean living and indeed nobody should like them For fifteen years I tried to find such a book as this one During those years of searching the book shelves I found that there are many books which give various success ideas but in none of them did I find a set of compact simple laws for assuring success Years ago a salesman used the power of prosperous thinking although he may not consciously been aware of it When people asked him How s business he always gave this standard answer Business is wonderful because there s gold dust in the air For him it certainly seemed to be so every contact became a sale After a while whenever his name was mentioned people always said Yes everything he touches turns to gold These secrets are inside Get Your Copy Now The Far Shore Mitchell Ginsberg,1996 We have all had glimpses from the far shore where with openness we experience and are fully in touch with ourselves From the far shore we see with honesty clarity and true acceptance The Far Shore offers reflections on this experience in everyday life and is addressed to all who are drawn to the path of awareness and compassion Meditation from Buddhist, Hindu, and Taoist Perspectives Robert Altobello,2009 Engages readers with its original philosophical and pragmatic analysis of traditional Asian religions philosophy meditation practice and the supreme spiritual ideals associated with the Hindu Buddhist and Taoist traditions The text boldly bridges the theory practice distinction A central underpinning rests on the assumption that meditation practice without theory is groundless and that theory without practice is useless Identifies and analyzes common elements found across traditions in which the practice of meditation plays a central role in human development and readers will find a wealth of detailed reflection on the relationship between spiritual growth and meditation practice from the Hindu Buddhist and Taoist perspectives From publisher description **Minding the Body, Mending the Mind** Joan Borysenko,1988 Based on her ground breaking work at the Mind Body Clinic at Harvard Medical School Borysenko has created the first systematic medically tested program to unlock the mind s power to manipulate health Tells how to use the mind s power to dramatically improve physical and emotional health
