buff and provide fascinating insights for serious students of film Translation and Adaptation in Theatre and Film Katja Krebs,2013-08-15 This book provides a pioneering and provocative exploration of the rich synergies between adaptation studies and translation studies and is the first genuine attempt to discuss the rather loose usage of the concepts of translation and adaptation in terms of theatre and film At the heart of this collection is the proposition that translation studies and adaptation studies have much to offer each other in practical and theoretical terms and can no longer exist independently from one another As a result it generates productive ideas within the contact zone between these two fields of study both through new theoretical paradigms and detailed case studies Such closely intertwined areas as translation and adaptation need to encounter each other s methodologies and perspectives in order to develop ever more rigorous approaches to the study of adaptation and translation phenomena challenging current assumptions and prejudices in terms of both The book includes contributions as diverse yet interrelated as Bakhtin s notion of translation and adaptation Bollywood adaptations of Shakespeare s Othello and an analysis of performance practice itself arguably an adaptive practice which uses a variety of languages from English and Greek to British and International Sign Language As translation and adaptation practices are an integral part of global cultural and political activities and agendas it is ever more important to study such occurrences of rewriting and reshaping By exploring and investigating interdisciplinary and cross cultural perspectives and approaches this volume investigates the impact such occurrences of rewriting have on the constructions and experiences of cultures while at the same time developing a rigorous methodological framework which will form the basis of future scholarship on performance and film translation and adaptation **Visual Intelligence** Ann Marie Barry,1997-01-01 Cuts
