

A person wearing a dark jacket, dark pants, and an orange beanie is walking across a narrow, horizontal rock bridge. The bridge is made of large, reddish-brown rocks and extends from a steep, rocky cliff on the left towards the right. Below the bridge is a body of water. The background shows a hazy, overcast sky and distant hills. The overall tone is motivational and adventurous.

merited promotion Their comrades often did not discover the deception until the young boy in their company was wounded killed or gave birth In addition to examining the details of everyday military life and the harsh challenges of warfare for these women which included injury capture and imprisonment Blanton and Cook discuss the female warrior as an icon in nineteenth century popular culture and why twentieth century historians and society ignored women soldiers contributions Shattering the negative assumptions long held about Civil War distaff soldiers this sophisticated and dynamic work sheds much needed light on an unusual and overlooked facet of the Civil War experience **Historic Rhode Island Farms**
