Kokko,Michelle Baybutt,2022-05-05 This book s central focus is to provide academics students policy makers and practitioners with a unique insight into a wide variety of perspectives on settings based health promotion It offers clarity amidst different interpretations and ideological understandings of what applying a settings based approach means Emphasis is given to a salutogenic focus exploring how the creation of wellbeing and fostering of potential in settings to best enable individuals and populations to flourish implies that the setting itself must be the entry point for health promotion Building on this the text explores how the settings approach to health promotion strives for changes in the structure and ethos of the setting detailing how changes and developments in people s health and health behavior are easier to achieve if health promoters focus on settings rather than solely on individuals The book comprises 15 chapters organized in three sections In Part I Evolution Foundations and Key Principles of the Settings Based Approach the first four chapters present the determinants theoretical basis and generic commonalities that are consistent over various settings initiatives and formulate the grounds for the settings based health promotion approach In Part II Applying the Settings Based Approach to Key Settings Chapters 5 13 introduce the key settings initiatives both traditional and non traditional new and contemporary with their developments and specific features In Part III Gaia The Ultimate Setting for Health Promotion the last two chapters consider the settings approach in the context of future challenges and explore possible directions for further development Handbook of Settings Based Health Promotion has novel information and perspectives on the topic that provide readers with up to date specialist knowledge and application of global developments to develop and enhance a common understanding and generate new thinking in relation to contemporary settings This timely tome will engage the academic community in the fields of health promotion and public health including students teaching staff and researchers Additionally it is a useful resource for policy makers and practitioners in these fields **Health Promotion** Jackie Green,Keith Tones,2010-03-03

Beginning with a critical appraisal of the concept itself the second edition of Health Promotion Planning and Strategies outlines models for defining health promotion and sets out the factors involved in planning health promotion programmes that work Locating the principles and strategies of health promotion within an emerging sphere of multidisciplinary health the authors show how these can be applied within a range of contexts and settings In an attempt to bridge the gap that persists between ideological perspectives and practical implementations they delve beyond the rhetoric of empowerment and show how it can be incorporated into practice Focusing particularly on the synergistic relationship between policy and education the book re appraises the notion of health education an idea which has become marginalised in recent years and shows the fundamental importance of education in creating individual choice and generating effective advocacy for social

change The question of evidence is central to the text and the book examines methods of evaluation and the role it plays in creating more effective health promotion programmes The new edition offers coverage of values and ethics working with communities the settings approach and social marketing It also provides students with a glossary of key terms Internationally relevant and multidisciplinary this is an essential text for students of health studies health promotion public health interprofessional social care courses and all healthcare professionals

ordinators wishing to attain the National Healthy Schools Standard will find this book essential reading Participation and Learning Alan Reid, Bjarne Bruun Jensen, Jutta Nikel, Venka Simovska, 2007-10-12 The Research in Participatory Education Network RIPEN was initiated by the Research Programme for Environmental and Health Education at the Danish School of Education University of Aarhus in 2003 It embraces a broad spectrum of researchers scholars students and practitioners of participatory education working in or from Europe North America Africa and Australasia Given the international scope of the network and the range of interests it now has as initiators and early participants in the network the editorial team invited RIPEN to discuss what a critical perspective on participatory approaches to education might mean for education and the environment health and sustainability and how network members might research and substantiate their claims and arguments Following the introductory chapter on the scope of this collection 19 chapters illustrate the contributors responses to that invitation Our focus on critical perspectives was prompted by earlier work by Majid Rahnema in Wolfgang Sachs s 1992 Development Dictionary Critiquing concepts of participation in a volume that set out to stimulate cultural historical and anthropological debate on the key concepts of development Rahnema p 126 wrote Participation which is also a form of intervention is too serious and ambivalent a matter to be taken lightly or reduced to an amoeba word lacking any precise meaning or a slogan or fetish or for that matter only an instrument or methodology Towards Innovative Ways of Managing Curriculum in Rural Secondary Schools in the Twenty-First Century, 2023-02-17 The majority of South African principals believe that subject heads and Heads of Departments should be in charge of curriculum and teaching monitoring Due to this impression curricular management by principals does not support teaching and learning According to the KZN department of education s study from 2015 on curriculum management and delivery plan principals now spend more time on administrative responsibilities and learner discipline than on topics related to instructional leadership This book emphasizes how major social and economic development in rural areas is necessary in order to achieve actual quality education Until then the educational options available in rural areas will restrict people s ability to live long productive lives and to learn and experience freedom dignity and self respect Contributors are Bongani Thulani Gamede Samantha Govender Nontobeko Prudence Khumalo Azwidohwi Kutame Mncedisi Christian Maphalala Rachel Gugu Mkhasibe Dumisani Wilfred Mncube Ramashego Shila Mphahlele Fikile Mthethwa Edmore Mutekwe Nokuthula Hierso Ndaba Thandiwe Nonkululeko Ngema Phiwokuhle Bongwiwe Ngubane Sindile Ngubane and Dumisani Nzima **Key Issues in Secondary Education** John Beck, Mary C. Earl, 2003-09-11 Praise for First Edition Key Issues in Secondary Education addresses crucial cross curricular issues which are central to secondary schooling in the new millennium We are confident that this book will make a major contribution to the understanding of new teachers as they grapple with issues that go beyond subject boundaries and as they explore the fundamental issues which affect schools and young people today Donald McIntyre and Mike Younger This eagerly awaited second edition has been fully up dated and revised with new chapters on the nature and measurement of intelligence

and issues of race and racism in school and society Other chapters addressing the rapidly changing world of educational policy and innovation have been substantially rewritten to take account of recent developments and current debates All contributors write clearly and accessibly without over simplifying the complexity of the issues or the value they pose

Disability in the Global Sport Arena Jill M. Le Clair, 2013-09-13 Sport is often at the centre of battles for rights to inclusion linked to class race and gender and this book explores struggles centred on disability in different cultural settings in Europe North America Africa Asia and Oceania It challenges oversights and assumptions about the normal body and describes how individual and organizational transformations can occur through sport The abilities of a person are recognised and placed centre stage instead of the individual being forgotten excluded or placed at the margins simply because they have a disability National regional and global change is part of the shift to the rights based approach reflected in the 2006 UN Convention on the Rights of Persons with Disabilities Making sport inclusive affects the accessibility of facilities funding the media policies programs organisations sponsors and spectators and at the same time changes the cultural values of the wider society It also raises issues about competition access and eligibility for different and technologically enhanced cyborg bodies and for those most socially disadvantaged Addressing these questions which ultimately touch on the real meaning of sport can lead to profound changes in people s attitudes and how sport is organized locally and globally Growth in the influential global organisations of the Paralympic Games Special Olympics and Deaflympics is examined as is the approach to disability in sport in both advantaged and resource poor countries The embodied lives of persons with disabilities are explored utilizing new theoretical models perspectives and approaches This book was previously published as a special issue of Sport in Society

Inclusion in the City Patricia Potts, 2013-10-18 Inclusion in the City explores inclusion and exclusion in the context of policy and practice in one English city Birmingham Here a commitment to redressing the inequalities experienced by many learners has been inhibited by difficulty in securing agreement to a definite policy for inclusion and consequently in sustaining initiatives for strengthening participation in community comprehensive education Grounded in an understanding of inclusion as a political and moral project the book presents a range of perspectives from policymakers and practitioners Detailed case studies based on research specially undertaken for this book relate inclusion to key issues in contemporary education such as the effects of selection by attainment faith schools and their communities single sex education and inclusive schools participation in further education and social mobility Insightful thought provoking and original Inclusion in the City detaches processes of inclusion and exclusion from the language of educational reform In so doing it highlights links between participation in education and poverty gender and cultural background as well as the absence of a link between urban and educational renewal
