The Heart Of Reality Essays On Beauty Love And Ethics:

The Heart of Reality Vladimir Sergeyevich Soloviev, 2020-09-15 Vladimir S Soloviev 1853 1900 moral philosopher social and literary critic theologian and poet is considered one of Russia's greatest philosophers But Soloviev is relatively unknown in the West despite his close association with Fyodor Dostoevsky who modeled one of his most famous literary characters Alyosha Karamazov on Soloviev In *The Heart of Reality* Vladimir Wozniuk offers lucid translations a substantive introduction and careful annotations that make many of Soloviev's writings accessible for the first time to an English speaking audience Soloviev worked tirelessly in the name of the mystical body of the Universal Church The vast bulk of his writings can be construed as promoting in one way or another the cause of ecumenism His essays also display the influence of Platonic and German Idealism and strands of Thomistic thinking Wozniuk demonstrates the consistency of Soloviev's biblically based thought on the subjects of aesthetics love and ethics while at the same time clarifying Soloviev's concept of *vseedinstvo* the unity of spiritual and material especially as applied to literature Containing many previously untranslated essays *The Heart of Reality* situates Soloviev more clearly in the mainstream of Western religious philosophy and Christian thought [Thinking Orthodox in Modern Russia](#) Patrick Lally Michelson, Judith Deutsch Kornblatt, 2014-07-31 This collection of essays on Russian religious thought focuses on the extent to which Russian culture and ideology has been informed by the nation's roots in Orthodox Christianity **Freedom, Faith, and Dogma** V. S. Soloviev, 2009-07-01 A collection of works by nineteenth century Russian religious philosopher V S Soloviev critic of secularization anti-Semitism and the religious life of his time

Here Comes Everybody William C. Graham, 2009 Some of these essays were first delivered as lectures in the *Here Comes Everybody* series to inaugurate the establishment of the Braegelman Program of Catholic Studies at The College of St Scholastica in Duluth Minnesota The authors gathered here begin to suggest something of the depth and breadth of the living Catholic Intellectual Tradition They are leading the way in new and important discussions These programs are about more than Catholic institutions exploring and asserting their identity Surely those involved seek rigorous engagement with the Catholic Intellectual Tradition examining religious ideas and ideals and participating in the study of Catholic thought and culture They seek dialogue with Catholics of all mind sets with Christians from other denominations believers from other faith traditions and all who seek the truth Book Jacket *Beyond Modernity* Artur Mrowczynski-Van Allen, Teresa Obolevitch, Pawel Rojek, 2016-10-11 Post secularism is the fundamental evidence of the end of modernity Modernity as sleeping reason in Francisco Goya's painting realizes that although it thought that it was awake it was producing monsters We try to analyze post secular philosophy from the point of view of Russian religious thought We believe that such philosophers as Vladimir Soloviev Pavel Florensky Sergey Bulgakov Nikolai Berdyaev Georges Florovsky and Semen Frank may be helpful for understanding and overcoming post secular order Their unique views on the relations between religion and philosophy science and social life are apparently missing in the current Western debates It seems to us that Russian

religious philosophy becomes surprisingly up to date and attractive in the contemporary world We hope that the present volume will be a significant step forward in the inclusion of the heritage of Russian religious philosophy in contemporary debates

Siblings in Tolstoy and Dostoevsky Anna A. Berman,2015-09-30 Anna A Berman's book brings to light the significance of sibling relationships in the writings of Tolstoy and Dostoevsky Relationships in their works have typically been studied through the lens of erotic love in the former and intergenerational conflict in the latter In close readings of their major novels Berman shows how both writers portray sibling relationships as a stabilizing force that counters the unpredictable often destructive elements of romantic entanglements and the hierarchical structure of generations Power and interconnectedness are cast in a new light Berman persuasively argues that both authors gradually come to consider siblinghood a model of all human relations discerning a career arc in each that moves from the dynamics within families to a much broader vision of universal brotherhood

Phantasms of Matter in Gogol (and Gombrowicz) Michal Oklot,2009 An investigation into the problem of writing about matter in Nikolai Gogol's work and indirectly into the entire Neoplatonic tradition in Russian literature this book is not intended to be an exhaustive historical survey of the concept of matter but rather an effort to enumerate the images of matter in Gogol's texts and to specify the rules of their construction The trajectory of the book is directed by movement from Gogol to Gogol Its major assumption is that Gogol successfully develops a language for grasping the Neoplatonic concept of matter and subsequently rejects it abandoning literature Since then the Gogolian form sic of the image of a sheer negation of form has recurred frequently in Russian literature Yet the direction of the movement is always towards Gogol Somewhere at the margin of this circular trajectory one can inscribe a Polish writer Witold Gombrowicz who established one hundred years later a similar rhythm governing Polish literature from Gombrowicz to Gombrowicz

Anthropomorphism in Christian Theology William C. Hackett,2023-12-28 William C Hackett provides a renewed reading of Christian theology by evaluating the role of anthropomorphism in shaping negative theology Through this theological history he addresses the fear of anthropomorphism that prompted early philosophers and theologians to adopt abstract understandings of God Hackett charts the wide ranging importance of anthropomorphism to theology through figures including Balthasar Bultmann Dionysius the Areopagite and Cyril of Alexandria He argues that anthropomorphism highlights the unique conceptual problem between divine presence and absence By exploring the turn away from practical and embodied views of God in Scripture this book focuses on anthropomorphic views of God in symbols images and narratives Emphasising these forms promotes an intellectual vision of Christianity that challenges theoretical and conceptual abstraction Anthropomorphism in Christian Theology further traces the nuances between human and angelic intellect modern philosophy and theology negative theology and the concept of transcendence

Rich, 2023-05-16 Within contemporary orthodoxy debates over sex and gender have become increasingly polemical over the past generation Beginning with questions around women's ordination arguments have expanded to include feminism sexual orientation the sacrament of marriage definitions of family adoption of children and care of transgender individuals Preliminary responses to each of these topics are shaped by gender essentialism the idea that male and female are ontologically fixed and incommensurate categories with different sets of characteristics and gifts for each sex These categories in turn delineate gender roles in the family the church and society Gender Essentialism and Orthodoxy offers an immanent critique of gender essentialism in the stream of the contemporary Orthodox Church influenced by the Paris School

of Russian migr theologians and their heirs It uses an interdisciplinary approach to bring into conversation patristic reflections on sex and gender personalist theological anthropology insights from gender and queer theory and modern biological understandings of human sexual differentiation Though these are seemingly unrelated discourses Gender Essentialism and Orthodoxy reveals unexpected points of convergence as each line of thought eschews a strict gender binary in favor of more open ended possibilities The study concludes by drawing out some theological implications of the preceding findings as they relate to the ordination of women to the priesthood same sex unions and sacramental understandings of marriage definitions of family and pastoral care for intersex transgender and nonbinary parishioners **The Later Solov'ev**

Wozniuk,2015-05-12 The AnnotatedWe represents the first fully annotated translation of Evgeny Zamiatin s classic novel in English Generally recognized as the first modern anti utopian novel Zamiatin s We has puzzled scholars and critics alike for it is both serious and playful full of games Long considered to be enigmatic it stands out as unique among his works and its importance is beyond doubt for it not only holds the distinction of being the first work of its kind but is also widely believed to have provided thematic elements for the two most famous dystopian works of the twentieth century Aldous Huxley s Brave New World and George Orwell s Nineteen Eighty Four This new English translation employs language and syntax that mirror the precision and economy of Zamiatin s Russian in his poem in prose The commentary that accompanies the text sheds light on Zamiatin s use of language as well as on the broad array of allusions that mark it while at the same time suggesting many previously unacknowledged sources for the novel s playfulness *Enemies from the East?* Vladimir Sergeyevich
