The Hebrew And Other Creations Fundamentally Explained:

The Hebrew and other creations fundamentally explained Gerald Massey, 1887 The Secret Doctrine H.P. Blavatsky, Michael Gomes, 2009-07-23 Madame Blavatsky's Victorian era masterpiece is now scaled down to its essentials providing the most readable accessible experience ever of one of history's seminal occult works The Secret Doctrine Helena Petrovna Blavatsky's masterwork on the origin and evolution of the universe and humanity itself is arguably the most famous and perhaps the most influential occult book ever written Published since 1888 only in expensive two volume editions of some 1 400 pages it has long eluded the grasp of modern readers until now This single volume edition abridged and annotated by historian and Theosophical scholar Michael Gomes places the ideas of The Secret Doctrine within reach of all who are curious In particular Gomes provides a critical sounding of the book's famous stanzas on the genesis of life and the cosmos mysterious passages that Blavatsky said originated from a primeval source and which form the heart of The Secret Doctrine Gomes scrupulously scales down the book's key writings on symbolism to their essentials and offers notes and a glossary to illuminate arcane references His historical and literary introduction casts new light on some of the book's sources and on the career of its brilliant and elusive author one of the most intriguing personages of the nineteenth century At once compact and representative of the work as a whole this new edition of The Secret Doctrine brings unprecedented accessibility to the key esoteric classic of the modern era **The Hebrew and Other Creations Fundamentally**

Explained Gerald Massey, 1888 **The Secret Doctrine** Helena Petrovna Blavatsky, 1993-01-01 A fountain of esoteric knowledge for deep truth seekers this classic work examines the birth and structure of the universe and how everything has the Divine as its source It also traces the development of humanity drawing from sacred scriptures mythology and legends to give a spiritual view of human beings Volume III is an index to help readers find any topic easily Illustrations

Hylo-Idealism is a fig leaf for Crass Materialism Helena Petrovna Blavatsky, 2020-11-13 Privileged man Evolution forsaken baboon Hylo Idealism asserts that the origin of man has to be sought in the vesiculo neurine of his hemispherical ganglia and that even ingratitude is a phenomenon of atavism Psychical Research is a misnomer for Pseusmatical Research Modern Idealism is the great ally of Materialism Their conclusions are so far stretched that they both converge in their atheism and pessimism The scientific union of Materialism and Idealism takes place in grey matter affirms Dr Lewins New philosophies are the spawn of overworked intellect They keep sprouting like mushrooms from their mycelium after a rainy morning interminable outlandish multisyllabled and multicipital While we tearfully beg Dr Lewins in the interests of humanity to have pity on his poor readers we shall fight the usurper Solipsism in favour of the legitimate King of the Universe Egoism Hylo Idealism is at odds with Hylo Ideaism Since Dr Lewins regards consciousness as a function of the nerve tissue he is an uncompromising materialist If apart from brain there is no Ego no external world what then is the brain itself this solitary object in a void universe On the one hand matter is asserted on the other matter is denied The Vedantins

symbolise Cosmic Duality by Logos and Mulaprakriti i e Universal Spirit and Noumenon of Matter The latter is the metaphysical basis of the intelligent operations in Nature The orthodox concept of God is not as Dr Lewins contends a myth or phantasm of the brain it is an individualised ray of the all pervading Logos the inner light of which is blurred by the fog of lower minds Modern Idealism is based upon gigantic paradoxes and even contradictions in terms Venus the morning star was created before the sun and the moon metaphorically not astronomically Venus Aphrodite is one with the Astarte Astoreth the moon goddess of generation presiding at human birth just as Jehovah is the god of generation foremost of all Astoreth as a planet is one with Lucifer the Morning Star Like modern Spiritualism Hylo Idealism is transcendental Materialism No man can be at once a Materialist and an Idealist and remain consistent The new school teaches that brain is the Creator of the Universe and originator of consciousness that in it alone all our ideas are born and that apart from it nothing has real existence everything being illusion By denying the Vedantic idea of non separateness the Hylo Idealists vitiate every one of their arguments The real I which thinks feels and acts is a ray of Absolute Consciousness which is no consciousness

Lucifer is Christos, Inner Light Helena Petrovna Blavatsky, 2017-07-13 There is more in a name than the profane is prepared to understand or the learned mystic to explain Lucifer is the first radiant beam that destroys the lethal darkness of night Stars teach as well as shine When named Venus the bright planet star becomes the symbol of dawn the chaste Aurora Lucifer Venus the sister planet of our Earth was sacrificed to the ambition of our little globe to show the latter as the chosen planet of the Lord Lucifer and Venus are the Twin Stars of the First Day Aphrodite Venus is dual The dawn Aphrodite is daughter of Ouranos or Heaven Her dusk counterpart who presides over earthly unions is the daughter of Zeus and Dione The morning planet is also dual Lucifer Venus was dedicated to the Great Mother and symbolized by the Golden Calf a heifer of either sex that was male at rising and female at sunset the Twin Stars of the First Day Lucifer our London periodical has proved itself consistent to its originally declared policy Lucifer began waving its torch before the windows of Lambeth Palace not because of any personal feeling against His Grace of Canterbury as an individual but against the officialism he represents which is at once selfish and un Christian to the last degree Theosophical charity demands that time and space should be given to the weaker members of the Society so that they discover their ignorance and cleanse themselves of the ferocious selfishness narrow mindedness and conceit which have made their playing at the higher life an almost comical travesty Unrelenting charity toward the shortcomings of one s neighbour and untiring charity with regard to the needs of one poorer than oneself is the focus and scope of all theosophical teachings the synthesis of all and every virtue The foreordaining and predestining fiend God and Satan his subordinate agent are human inventions they are two of the most morally repulsive and horrible theological dogmas that the nightmares of light hating monks have ever evolved out of their unclean fancies Stars teach as well as shine When named Venus the bright planet star becomes the symbol of dawn the chaste Aurora Lucifer Venus the sister planet of our Earth was sacrificed to the ambition of our little globe to show the latter as the chosen planet

of the Lord Aphrodite Venus is dual the dawn Aphrodite is daughter of Ouranos or Heaven her dusk counterpart who presides over earthly unions is the daughter of Zeus and Dione Similarly the morning planet is dual Lucifer Venus was dedicated to the Great Mother and symbolized by the Golden Calf a heifer of either sex that was male at rising and female at sunset the Twin Stars of the First Day *Man, God, and Civilization* John G.
