## **The Hermetica The Lost Wisdom Of The Pharohs:**

The Hermetica Timothy Freke, Peter Gandy, 1999 The Hermetica is the first easily accessible translation of the forgotten Egyptian classic that inspired some of the world's greatest artists, scientists and philosophers including Blake, Newton, Raleigh, Milton, Shelley, Shakespeare, Botticelli, Kepler, da Vinci and Jung. Influencing the Egyptians, Greeks and much of Western thought, this work is credited to Hermes, an ancient Egyptian sage who lived around 3000 B.C. and so revered that he was granted the title Trismegistus, meaning Thrice great. Providing a fascinating mystical introduction to the philosophy of ancient Egypt that has influenced and shaped our world for five millennia, The Hermetica is a book for anyone interested in this lasting civilization or in the knowledge of sacred traditions.

*The Hermetica* Hermes Trismegistus, 2021-09-30 The Hermetica, otherwise known as The Corpus Hermeticum, The Lost Wisdom of the Pharaohs or The Divine Pymander, is a collection of texts attributed to Hermes Trismegistus, Greek god Hermes and Egyptian god Thoth. Trismegistus, for the Thrice Greatest, which brought forth the principles of the Hermetics with eighteen treatises/tracts. The book is often divided into two main categories: The technical (astrology, medicine and pharmacology, alchemy and magic) and the religious/philosophical (anthropology, cosmology, theology). The Hermetica and Hermeticism from it claims that there is One true theology of the world and said theology is the Root and Source. It presents a tautology to God Itself that the Source is Source Itself. Source containeth every number but is contained by none, engendereth every number but is engendered by no other one. The Hermetica presents that past all our mullings over different gods, there is Source Itself behind all religions. While a lot of The Hermetica is presented as gospel, it is mainly a discourse on principles concerning a hermetic philosophy. It remains a source of continuous unfolding interpretations. The beauty of this work is not in its rigidity but its fluidness to be open to new interpretations which has solidified its staying power for centuries.

**Seven Years in Tibet** Heinrich Harrer, 2009-08-20 In this vivid memoir that has sold millions of copies worldwide, Heinrich Harrer recounts his adventures as one of the first Europeans ever to enter Tibet. Harrer was traveling in India when the Second World War erupted. He was subsequently seized and imprisoned by British authorities. After several attempts, he escaped and crossed the rugged, frozen Himalayas, surviving by duping government officials and depending on the generosity of villagers for food and shelter. Harrer finally reached his ultimate destination, the Forbidden City of Lhasa, without money or permission to be in Tibet. But Tibetan hospitality and his own curious appearance worked in Harrer's favor, allowing him unprecedented acceptance among the upper classes. His intelligence and European ways also intrigued the young Dalai Lama, and Harrer soon became His Holiness's tutor and trusted confidant. When the Chinese invaded Tibet in 1950, Harrer and the Dalai Lama fled the country together. This timeless story illuminates Eastern culture as well as the childhood of His Holiness and the current plight of Tibetans. It is a must-read for lovers of travel, adventure, history and culture. A motion picture under the direction of Jean Jacques Annaud will feature Brad Pitt in the lead role of Heinrich Harrer.

Darlow,2010-02-09 A non fictional account explaining why the author believes Moses was a prince of Thebes called Ramose  
Born c 1500 BC Prince Ramose was heir to Pharaoh Thutmose III being his Great Army Commander both roles ascribed to  
Moses by Hebrew tradition Moreover Ramose Moses both led victorious military campaigns against Ethiopia Cush then  
married the king s daughter becoming Egypt s Viceroy there A short time later Prince Ramose was mysteriously struck out of  
Egyptian records while the Bible hints Moses was cast into exile Exploring some of the more esoteric aspects of the prophet s  
life this book finds threads firmly connecting him to Egypt s 18th Dynasty 3500 years ago The book uncovers the Hermetic  
star knowledge Astrology which Moses gleaned from the White Brotherhood a secretive Egyptian mystery school who met in  
the halls of Karnak This knowledge was cryptically infused into the early Biblical scriptures revealing the Israelite ancestors  
were once devoted Astrologers      **Building Bridges of Time, Places, and People** J. Marc. Merrill,2012-06 From Chapter  
5 By a quirk of fate says Darcie Conner Johnston the eruption of Mt Vesuvius in 79 AD caught Pompeii at a time of great  
spiritual change As a gateway south and east to Greece and Egypt and the Eurasian landmass beyond the city was heir to a

panoply of faiths A host of foreign gods had begun to usurp the positions of the venerable Olympian deities and the imperial Roman pantheon Christians were likely to have been here as well though the evidence of their presence is sketchy Page 71 of Pompeii The Vanished City Besides the evidence that has already been presented more remains to demonstrate that once again the accepted historical point of view is incorrect For example This second volume of Building Bridges of Time Places and People presents the overwhelming evidence that some of the most prominent leaders of the New Testament Church left the lands of Judea and Galilee when war between Rome and the Jews seemed certain and they settled in Pompeii and Herculaneum These leaders included Simon Peter Paul Luke and John Mark the author of The Gospel of Mark They were accompanied by converts such as Cornelius the centurion who was the first Gentile to be baptized and by the mother of Christ This volume also investigates the town of Sepphoris in Galilee and makes a compelling case for the claim that the Messiah of the New Testament grew up there rather than in Nazareth his identity hidden until he began his ministry at the age of 30

**Ancient Egypt and Modern Psychotherapy** Todd Hayen, 2016-12-19 In Ancient Egypt and Modern Psychotherapy Todd Hayen explores what the spiritual concepts of the enigmatic ancient Egyptians can teach us about our own modern psyches and the pursuit of a meaningful life Hayen examines the ancient Egyptians possession of a concept contemporary academics have labeled consciousness of the heart an innate knowledge of the entirety of the universe While all human beings possess this consciousness of the heart our modern culture has largely lost the ability to tap into this inborn knowledge By examining the material accomplishments of ancient Egypt and how their seemingly deeper awareness of their inner world created a harmonious outer world we can begin to understand how modern psychotherapy through a Jungian perspective could be instrumental in achieving a more profound and meaningful personal experience of life Ancient Egypt and Modern Psychotherapy will be insightful reading for analytical psychologists in practice and in training Jungian psychotherapists and psychologists and academics and students of Jungian and post Jungian studies and ancient spirituality

*The Whole Elephant Revealed* Marja de Vries, 2012-05-25 The Whole Elephant Revealed offers clear insights into the existence and operation of universal laws and the golden ratio It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand These principles are called universal because they work on all levels of existence apply to everything that exist and create order and harmony in the universe Insights into the operation of the universal laws reveals a whole new worldview It helps us to understand how everything works in the universe who we really are and how we can make conscious choices that are more in line with these universal laws Above all it helps us to understand what works and what doesn't work in the long term Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole It makes us realize that while everything in the universe works in harmony with these principles many aspects of our personal life and our Western culture are not in line with the operation of

these underlying principles If we choose to act in line with the operation of the universal laws it will go easier will be more in tune with who we really are and more in harmony with the greater whole This choice is hard to make though if we do not know those principles For that reason the rediscovery of the working of these principles seems to be of extreme importance In this time of great changes and global unbalance a growing number of people begin to feel the need for a clear and well founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide Because the nature of these principles is universal they apply to all aspects of our individual and social life Therefore they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole

**The Power of Awareness** Neville, 2012-12-27 A beautiful edition of one of the twentieth century's most powerful and intriguing works on how to use the manifesting powers of your mind Features the bonus book Awakened Imagination Here is a signature volume of one of the most quietly impactful and radical works ever written on the creative potentialities of human thought The Power of Awareness In this book author Neville presents a concise unforgettable statement of his core philosophy that the world around you is a picture in your mind's eye created by your thinking and susceptible to change by altering your thoughts and feelings Originally published in 1952 The Power of Awareness not only prefigured the revolution in mind power metaphysics but surpassed it Before the public had heard about quantum physics experiments popularized in our own time through movies such as The Secret and What the Bleep Do We Know Neville was conveying the unheard of message that reality is directly impacted by the perspective and consciousness of the observer himself Moreover he wrote each of us is ultimately responsible for and capable of reshaping the outer circumstances we perceive Neville's authorial genius is his ability to deliver these ideas in an immensely readable and enjoyable way Like few other metaphysical figures of his era Neville captured complexities in simple stories memorable examples and practical advice His books are unfailingly brief and easy to read because his command of his material is so masterly and complete The Power of Awareness also includes a special bonus work Awakened Imagination originally published in 1954 This two in one volume forms a brilliant introduction and user's guide to the practical philosophy of a great spiritual thinker
