The Of Isaiah Volume 3 Chapters 40 46:

Exploring the New Exodus in John Paul S. Coxon, 2015-03-09 The theme of the New Exodus NE in John's Gospel has been largely unexplored in recent scholarship Now however by careful intertextual exegesis of John 5 10 Paul Coxon has compellingly argued that not only is the NE key to interpreting the Fourth Gospel but also to unlocking the mysteries of the Johannine puzzle itself Anyone who is interested in searching the riches of this marvelous Gospel will want to explore the NE in John in these pages Oh, That You Would Rend the Heavens and Come Down! Abraham Sung-Ho Oh, 2015-02-26

Historical critical scholars have often thought that writing a coherent theology of Isaiah 56 66 is impossible because it contains such historically and ideologically diverse materials A canonical approach to the chapters is however open to considering Third Isaiah as a complex but coherent theological unity Leaning on this approach Abraham Oh constructs a theology of Isaiah 56 66 Arguing that the theology of Third Isaiah has eschatology both prophetic and apocalyptic at its core he identifies four major themes and explores their significance through four key texts 56 1 8 59 15b 21 60 1 22 65 13 25 The covenant concept 56 1 8 forms a framework for the eschatology in these chapters People are invited to walk in the covenant which is worked out as eschatological salvation The coming of YHWH as the Divine Warrior initiates the eschatological era 59 15b 21 and bringing judgment restores the covenant As the Temple city paradise 60 1 22 into which the nations flow the glorified Zion is the eschatological fulfilment of the covenant Zion and Servant traditions The New Heavens and Earth 65 13 25 is a return to the primordial paradise where the natural world is restored as the problem of sin is resolved **?????**

Text in Context Andrew David Hastings Mayes, 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns In the last two decades an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community while the reconstruction of the history of the people from whom it derived has been transformed by new methods This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments and has a particular concentration on literary and historical study Thus it not only clearly recognizes the diversity now inherent in Old Testament study but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation The study of the biblical text and how

it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former So essays on the text and its reception discuss primary issues which arise in Old Testament study while those on background and authorship reflect the continued vitality of and the fresh perspective possible in more traditional scholarly concerns

THE FUNDAMENTALS OF THE CHRISTIAN FAITH Edward D. Andrews, Reuben Archer Torrey, 2022-01-23 Biblical criticism originally known as Higher criticism of the Bible got started throughout the 18th and 19th centuries At that time Protestant scholars attacked the Bible an intellectual academic attack They devised a method of studying the Bible that became known as higher criticism and now biblical criticism These Bible critics taught that most of the Bible contained legend and myth Some even claimed that

Jesus never existed For the liberal moderate Bible scholar then and now the Word of God the Bible has become the word of man and a very chaotic distorted word at that The modern day liberal moderate Bible scholar says that much of the Bible is just wrong This thinking is the result of biblical criticism Biblical higher criticism is conjectural and uncertain doubtful in the extreme Today these Bible scholars who make up most of our seminaries explain the Bible accounts of miracles as myths legends or folk tales They do not even entertain the idea that there is the possibility that they actually occurred This viewpoint is subjective and gives no reliable reason to reject the Bible as inspired fully inerrant authentic and trustworthy Biblical criticism is highly defective and its centuries long assault on the Bible has not proven that the Bible is not the Word of God Many conservative Christians have been doing their best to defend God s Word Herein THE FUNDAMENTALS OF THE CHRISTIAN FAITH puts Biblical Criticism on trial judging their claims as subjective based on or influenced by personal feelings or opinions not objective factual actual real empirical verifiable in biblical studies
