Collector of sexual folklore Cataloger of erotica Tireless social critic Gershon Legman s singular disreputable resume made him a counter cultural touchstone during his forty year exile in France Despite his obscurity today Legman s prescient work and passion for the prurient laid the groundwork for our contemporary study of the forbidden Susan G Davis follows the life and times of the figure driven to share what he found in civilization s secret libraries Self taught and fiercely unaffiliated Legman collected the risqu on street corners and in theaters and dug it out of little known archives If the sexual humor he uncovered often used laughter to disguise hostility and fear he still believed it indispensable to the human experience Davis

reveals Legman in all his prickly provocative complexity as an outrageous nonconformist thundering at a wrong headed world while reveling in conflict violating laws and boundaries with equal abandon and pursuing love and improbable adventures Through it all he maintained a kaleidoscopic network of friends fellow intellectuals celebrity admirers and like minded obsessives

Joke by Esther Fuchs Halachic Issues as Satirical Elements in Nineteenth Century Hebrew Literature by Yehuda Friedlander Do Jews in Israel still laugh at themselves by O Nevo and Political Caricature as a Reflection of Israel s Development by Kariel Gardosh Each chapter in this volume paves the way for understanding the many facets of Jewish humor This book will be immensely enjoyable and informative for sociologists psychologists and scholars of Judaic studies **So Ole Says to Lena** James P. Leary,2001 In the land of beer cheese and muskies where the polka is danced and winter is unending and where Lutherans and Catholics predominate everybody is ethnic the politics are clean and the humor is plentiful This collection includes jokes humorous anecdotes and tall tales from ethnic groups Woodland Indians French Cornish Germans Irish Scandinavians Finns and Poles and working folk loggers miners farmers townsfolk hunters and fishers Dig into the rich cultural context supplied by the notes and photographs or just laugh at the hundreds of jokes gathered at small town cafes farm tables job sites and church suppers This second edition includes an afterword and indexes of motifs and tale types

Ethnic Humor Around the World Christie Davies,1990 Features a scholarly study of various societies hostile humor This book takes a serious look at humor drawing on the work of psychologists folklorists and philosophers but also is intended for those who are curious as to why we laugh at ethnic jokes Lowering the Bar Marc Galanter,2006-08-08 What do you call 600 lawyers at the bottom of the sea Marc Galanter calls it an opportunity to investigate the meanings of a rich and time honored genre of American humor lawyer jokes Lowering the Bar analyzes hundreds of jokes from Mark Twain classics to contemporary anecdotes about Dan Quayle Johnnie Cochran and Kenneth Starr Drawing on representations of law and lawyers in the mass media political discourse and public opinion surveys Galanter finds that the increasing reliance on law has coexisted uneasily with anxiety about the legalization of society Informative and always entertaining his book explores the tensions between Americans deep seated belief in the law and their ambivalence about lawyers **Secretly Inside** Hans Warren,2006 In the Dutch countryside the war seems far away For most people at least But not for Ed a Jew in Nazi occupied Holland trying to find some safe sanctuary Compelled to go into hiding in the rural province of Zeeland he is taken in by a seemingly benevolent family of farmers But as Ed comes to realize the Van t Westeindes are not what they seem Camiel the son of the house is still in mourning for his best friend a German soldier who committed suicide the year before And Camiel s fiery unstable sister Mariete begins to nurse a growing unrequited passion for their young guest just as Ed realizes his own attraction to Camiel As time goes by Ed is drawn into the domestic intrigues around him and the farmhouse that had begun as his refuge slowly becomes his prison **The Legend of Freud** Samuel Weber,2000 Psychoanalysis is dead Again and again this obituary is pronounced with ever increasing conviction in newspapers and scholarly journals alike But the ghost of Freud and his thought continues to haunt those who would seal the grave The Legend of Freud shows why psychoanalysis has remained uncanny not just for its enemies but for its advocates and practitioners as well and why it continues to fascinate us For psychoanalysis is not just a theory of psychic conflict it is a thought in conflict with itself Often violent the

conflicts of psychoanalysis are most productive where they remain unresolved thus producing a text that must be read deciphered interpreted rewritten Psychoanalysis legenda est Review The Legend of Freud is a fine example of what can be done with Freud's texts when philosophical and literary approaches converge and you leave the couch in the other room Like Lacan and Derrida Weber doesn't so much explain or interpret Freud as engage him performing what Freud would have called an Auseinandersetzung a discussion or argument that's also a taking apart a deconstruction Deconstruction has picked up a bad name especially in the minds of those who don't understand it but this wouldn't be the case if there were more books like Weber's The Legend of Freud is the best deconstructive work I've seen lately and the best response to Freud it merits close attention from anyone who wants a challenge not merely a guide to what's right and wrong Weber is brilliantly imaginative respectful of his subject and his readers and productive of new ideas Village Voice Literary Supplement *The Consolations of Humor and Other Folklore Essays* Elliott Oring, 2023-11-01 The Consolations of Humor and Other Folklore Essays unfolds as a series of questions commentaries and criticisms of the analysis interpretation and explanation of folklore Can we confidently regard jokes as the catharsis of sexual and aggressive impulses What is the basis for characterizing a joke as Jewish or Scottish or Japanese What do we really know about dirty jokes How is a text or behavior constructed so that it is perceived as humorous Can we get a computer to reliably recognize jokes What is the relevance of memetics and a Darwinian paradigm to understanding folklore change over time Can we identify laws operating in the realm of folklore How can the marginalization extinction or continuity of traditions be explained In the course of addressing these questions Elliott Oring identifies some fundamental problems brings new evidence and observations to the discussion and proffers some original and startling insights While recognizing the study of jokes and other forms of folklore as a humanistic endeavor Oring believes in the relevance of a scientific perspective to the enterprise He values clear definitions tests of hypotheses and theories empirical evidence experiment and the search for laws Written in a sophisticated yet accessible style The Consolations of Humor and Other Folklore Essays stimulates both scholars and students alike and contributes to the creation of a more robust folkloristics in the twenty-first century **The publishers weekly**, 1978 **Publishers Weekly**, 1978 The Game of Humor Charles R. Gruner, 1997 Humor wit and laughter surround each person From everyday quips to the carefully contrived comedy of literature newspapers and television we experience humor in many forms yet the impetus for our laughter is far from innocuous Misfortune stupidity and moral or cultural defects however faintly revealed in others and ourselves seem to make us laugh Although discomfiting such negative terms as superiority aggression hostility ridicule or degradation can be applied to instances of humor According to scholars Thomas Hobbes's superiority theory that humor arises from mischances infirmities and indecencies where there is no wit at all applies to most humor With the exception of good-natured play Charles R. Gruner claims that humor is rarely as innocent as it first appears Gruner's proposed superiority theory of humor is all encompassing In *The Game of Humor* he expands the scope of Hobbes's theory to include and explore

the contest aspect of good natured play As such the author believes all instances of humor can be examined as games in terms of competition and keeping score winners and losers Gruner draws on a broad spectrum of thought provoking examples Holocaust jokes sexual humor the racist dialogue of such comic characters as Stepin Fetchit and Archie Bunker simple puns and many of the author's own encounters with everyday humor Gruner challenges the reader to offer a single example of humor that cannot be de-humored by its agonistic nature The Game of Humor makes intriguing and enjoyable reading for people interested in humor and the aspects of human motivation This book will also be valuable to professionals in communication and information studies sociologists literary critics and linguists and psychologists concerned with the conflicts and tensions of everyday life American Humor ,1981 Catalog of Copyright Entries, Fourth Series Library of Congress.
