The rise of the oligarchs has had devastating consequences for Russian society The gap between the super rich and the rest of the population has widened dramatically leading to rampant inequality and social unrest Public services have been neglected infrastructure has crumbled and the rule of law has been subverted The oligarchs influence has also reached far beyond Russia's borders as they have sought to expand their empires and exert their power on the global stage They have acquired foreign assets lobbied governments and infiltrated international organizations seeking to shape global governance in their favor Despite the formidable challenges posed by oligarchic rule there are signs of hope for a better future Anti corruption movements have emerged calling for transparency accountability and the rule of law Citizens and civil society groups have taken to the streets to demand change and international cooperation is slowly but surely gaining momentum This book is a clarion call for action a wake up call to expose the hidden machinations of oligarchy and to demand a more just and equitable society It is a must read for anyone
